BLUE RIDGE LEAGUE PLANS FOR OPENING

Season Starts Thursday, May 27; President Boyer Names His Umpires; Glatts on List

Special to The Telegraph Hagerstown, Md., May 22.—President C. W. Boyer, of the Blue Ridge League, has appointed Walter E. McAtee, of Baltimore; Arthur Eugene Hanks, of Chambersburg; and L. B. Glatts, of Upland, Pa., official umpires for the season. McAtee, who was an umpire in the Tri-City League here last season, will be the chief arbiter. Glatts was recommended by George M. Graham, president of the Tri-State League.

President Boyer also appointed the following officials: Hanover, Charles Weinberg; Gettysburg, Daniel S. Keller; Chambersburg, Charles Nicholas; Hagerstown, John T. Myerly; Martinsburg, John L. Bateman. A scorer for Frederick will be named later.

The schedule of games for the season was arranged here yesterday. Hagerstown will play the opening game with Chambersburg at Chambersburg on May 27 and Chambersburg will play here on the following day. Gettysburg will open in Hanover and Martinsburg at Frederick on the first day.

Eighteen men are now lined up for the Hagerstown team, two new players, H. S. Williams, a pitcher, and J. F. Kohn, catcher and outfielder, both of Hooversville, Pa., and late with the Johnstown, Pa., team, being signed up by Player-Manager Joe Laughlin.

Rowland's Rules For Running a Winning Team

Clarence Rowland, who first leaped into fame by being promoted from the minor leagues to manage the White Sox, and who has put the Chicagoans in the "penant-possibilities" class, gave these as his rules for a successful baseball manager: "A player is as important as a manager. Treat him so. "Never fine a ballplayer; show him he is wrong." "See that your men are in bed by 11.30 p. m." "Be a friend of the newspaper boys—they can help you." "Pull your boys together—don't spread them apart." "Give the kids a chance; don't rely too much on old stars." "Encourage the fighting and aggressive spirit—but don't tolerate rowdianism." "Managing a major and minor league team is only a difference of degree, that's all. The problems are the same."

Reading from left to right are: Shive, coach; Berrier, third base; Anderson, center field; Boyles, first base; Spero, right field; Temple, pitcher; Klugh, second base; Embich, substitute; Andrews, utility; Gibson, left field; Mader, shortstop, and Quenler, catcher. NEWCOMB IS AGAIN STATE CHAMPION

Philadelphia Shooter Makes Clean Sweep at Milton; Scores of Yesterday

Special to The Telegraph Milton, May 22.—Honors again went to Philadelphia in the final events of the Pennsylvania State Sportsmen's Association shoot. Charles H. Newcomb, of the Quaker City, recognized as one of America's premier target shots, carried off the lion's share, annexing the coveted State Amateur championship title yesterday and today leading the field a merry clip in the Milton Hotel Men's trophy events, winning the \$150 prize by breaking 99 out of his century of "rocks." The general high averages also fell to Newcomb's credit. The Philadelphiaian broke 437 out of his quota of 450 targets in the regular program events for the three days. Dorton and German, both trade representatives, tied on 435 breaks each for second honors.

Behm Is Second Walter S. Behm, of Esterly, the 1914 Pennsylvania champion, was second high of the amateurs with 428 targets broken. William W. Miller, of Shillington, was third with 426 breaks. Frank L. Sidebotham, of Philadelphia, was fourth, scoring a total of 425 targets, making the final day's regular events a total of one hundred targets.

The South End Gun Club's team, of Reading, who have finished runner up in all the Pennsylvania team championship events at this year's State shoot, tied with the Harrisburg Sportsmen's Association team for the runner-up honors with 153 targets scored.

Businessmen's Trophy, 100 targets were thrown during the four days of the shoot, which without a doubt was the greatest in the history of the Pennsylvania State Sportsmen's Association. Phenomenal scores were recorded. The Harrisburg scores yesterday were: Merchandise event, 100 targets—Hoffman, 63; Hoover, 58; Miller, 94; Casner, 77; Martin, 86; Worden, 90; Wilson, 72. Harrisburg Shooting Association—J. G. Martin, 38; Worden, 38; Wise, 37; Shoop, 30. Total, 153.

Several cats of the neighborhood were also killed from the same dose. The owners of the dogs, upon investigation, found a hat full of meat near the dogs, which had been saturated with poison.

TECH COACH QUILTS; WILL PRACTICE LAW

D. Forrest Dunkle Becomes Associate of Judge W. I. Metcalf; Football Prospects

D. FORREST DUNKLE Who Gives Up Football to Practice Law in the South

D. Forrest Dunkle, the only coach who piloted a Tech football team to victory over the Central team, will not return to Harrisburg next fall. Dunkle is associated with Judge W. I. Metcalf, at West Palm Beach, Florida, and will become a partner at the end of the first year. His loss will be keenly felt at Tech, as he was very popular with the players and was a close student of the game. He was a graduate of Bucknell and learned the game under George Cockill. He Tech advisory board has several coaches in view, but has not as yet reached a decision.

Tech Has Hard Schedule The Maroon and Gray has one of the hardest schedules of games ever arranged for a Harrisburg eleven, ten high schools appearing on the list. A successor will also have to be elected to succeed Jack Stetler, the manager of the team, who has left school. As the schedule and other plans are in good shape for the opening of the season, it is likely that no manager will be selected until next fall.

While Tech had the best team in its history last fall, plenty of good material remains as a nucleus for next season. Among the "TV" men who remain are: Captain Miller, McKay, Philippelli, Weir, Britsch and Harris. The line will be strong with the exception of the ends, where two new men will have to be developed. Among the reserves who did admirable work last season and who will be eligible for the team are McFarland, C. Snyder, Cocklin, Challenger, Moll, Phillips and Killinger.

SUBMARINE F-4 LIFTED Special to The Telegraph Washington, D. C., May 22.—The submarine F-4, lost in Honolulu harbor with nineteen lives nearly two months ago, has at last been lifted clear of the ocean's bottom, but naval officers have no assurances that the first gale will not part the cables again. Whether the cause of her loss can be determined after such a long period of submersion is doubtful.

Birmingham Quits as Indians' Leader

Special to The Telegraph Cleveland, Ohio, May 22.—Chas. W. Somers, owner and president of the Cleveland Indians, yesterday asked Joe Birmingham to resign as manager of the club, and "Brimmy" acted immediately and stepped down and out. Birmingham has been pilot of the Cleveland club since late in 1912, when he succeeded Harry Davis, who suddenly resigned.

Davis at that time claimed that he was the victim of a clique of players on the team, who were sore at him because he had taken the place of George Stovall, who had done good work with the Naps during 1911. Stovall, however, had been appointed manager of the team after arrangements had been made with Davis in midseason of 1911 to take charge at the close of the season.

Davis was captain of the world's champion Athletics when he accepted the offer to lead the Naps.

CHRISTIE MACDONALD IN "SWEETHEARTS"

"Sweethearts," with Christie MacDonald in the role of the lost princess, will be at the Majestic to delight Harrisburg theatergoers next Thursday evening, May 27. Going back to the happy days of a pretty story entangling a lost princess who has been adopted, an orphan heiress who has been adopted too, an incognito prince, some captains and soldiers and a conspirator, it is all able to sing and to act in a way that is truly delightful. Victor Herbert, the composer of the operetta, as usual has a tune for everything that is done and you are blithely entertained and delighted by the final finale of happiness.

Wholesome as a basket of June roses, Christie MacDonald is perfectly at home in the Netherlands atmosphere — the story being laid in the ancient Belgian town of Bruges, now figuring in dispatches of Belgian horrors. Her speaking and singing voice and her twinkling self command your delighted attention at all times. A comedy piece, indeed, is Thomas Conkey, companion to the long lost princess.—Advertisement.

"COLLEGE GIRLS" ARE A COLONIAL HIT

"The College Girls," who are appearing at the Colonial Theater, have evidently taken a post-graduate course in the art of entertaining. They are seven in number, with two valuable assistants in the male line to lend the operatic aspect to the act. Another novelty is announced for the first three days next week. The Electrical Venus will present a distinct novelty in spectacular arts. The Colonial has presented several first-class acts of this character, including "The Girls in the Moon," and "La Graciosa," who afterwards was headlined at Hampton and the Electrical Venus is another of these things that are pretty to look at.—Advertisement.

PAXTANG PARK OPENS TODAY

Paxtang Park, Harrisburg's popular summer resort, will have its grand opening this evening. All the park's numerous amusement devices, with the exception of the theater, will be open today.

The people who delight in thrilling sensations will find the new coaster equipped to satisfy the maddest of their desires. As a producer of amateur theatricals, Mr. Beck has no equal in or around Harrisburg. His productions have been carefully staged with the valuable assistance of Earl Burnett, the Leo Feltman and the park theater. Mr. Burnett will act as musical director of the company during the three days of engagement at the park theater.

AT THE PHOTOPLAY

Geraldine Farrar has visited Leo M. Frank, condemned for the murder of Mary Phagan, in his cell, and is convinced that he is innocent. She was accompanied by Mrs. Frank. Five reels of motion pictures depicting the important events in the "Frank Case" will be shown at the Photo-play Theater to-day. The Frank case opens in college, and shows when on April 28, 1913, it begins to wobble. It was around Frank ending by showing him awaiting the end when Supreme Court of the United States will pass on his right under "due process of law." —Advertisement.

PUZZLE FOR JERSEY CORONER

Unable to Decide Who Died First in Murder and Suicide Special to The Telegraph Mount Holly, N. J., May 22.—What disposition to make of the estate of Charles Edward Applegate, who killed himself and his wife at Jacobstown on Sunday, is puzzling Coroner Worrell and he will demand an order of the court before he parts with \$24 of Applegate's money in his possession. The foundation for the attitude taken by the coroner is based on the absence of any official determination as to which one of the Applegates died first. The supposition was that Mrs. Applegate was the first to die, but Dr. William Bichler, of New Egypt, states that when he entered the room Mrs. Applegate's left arm across her husband's body. Doctor Bichler says it was possible for Mrs. Applegate to live between the time that she was shot and Applegate killed himself.

"Right Word" Often Hard to Choose

Study of Dictionary Is a Profitable Habit For Business Men

Inability to choose the right word often places a speaker in an embarrassing position. Many businessmen lose much valuable time because they find it difficult to express what they want to say when they dictate their correspondence. Greater freedom and accuracy in speaking and writing can be acquired by studying a dictionary. A few minutes devoted to the study of words and their meaning each day will in a short time result in great benefit to anyone who will put that practice to a test.

About midnight somebody put a lighted match to the joint and flames jumped high in the air. It was burning fiercely when several employees of the Valley Railways who were going to their homes in Lemoyne discovered it. They secured a fire extinguisher and soon quenched the flames.
