TO PLAN RESERVOIR TENNIS TOURNAMENT

House Committee of Reservoir Club to Meet Soon to Plan Annual City Matches

Within a week or ten days the house committee of the Reservoir Tennis Club will meet to consider plans for the annual city championship tournament to be played this summer on the park courts.

Heretofore the tournament has always been arranged by a special committee appointed for the purpose, but in announcing the house committee to take charge of the new clubhouse and the courts this year Commissioner M. Harvey Taylor, superintendent of parks, suggested that the house committee arrange the tournament.

That the tournament for 1915 promises to exceed all previous matches in so far as numbers of entries at least are concerned is indicated by the unusually large crowds of players that daily frequent the courts.

While the city tournament will likely not be started before the middle of July, several of the minor tennis matches have been finished, including the triangular meet between the Technical and Central high schools and the Academy.

Until the players who usually figure prominently in the city matches return from college for their summer vacations, the championship possibilities can't be figured on very definitely yet, but within another week or two the courts will be crowded with prospective tournament honor seekers.

MONARCHS WANT GAME The Monarch Athletics, one of the crack colored baseball teams in this section, is without games on its schedule for either Saturday, July 3, or Monday, July 5. Robert Crawford, manager, can be communicated with at the Courthouse.

The Cortland has as much grace and style as it is possible to crowd into a collar. Good to look at, comfortable to wear. Ide Silver Collars SIDES & SIDES

Crack Pitcher Has Won Seven of Eight Games

JOHN WINTERS John Winters, who pitched the West End team to championship last year, is on a fair road to repeat the performance this year, having already won seven or eight games.

The West Enders have gathered a strong aggregation together and sustained their only defeat at the hands of Conway Hall by a close score. Lemoyne and other strong teams have been defeated.

Winters is a young pitcher and has played with the West End team for the last three years. He is generally conceded to be one of the most dependable amateur moundsmen in the city.

Ty Cobb Not Worried by Johnson's Threats Philadelphia, June 15.—The latest threat by Sam Johnson, autocrat of the American League, that he will drive Tyrus Raymond Cobb from baseball if he learns definitely that Ty is the author of a story appearing over his signature to the effect that the White Sox have a signal-stealing device at Comiskey Park, in Chicago, is not alarming the Georgia Peach so you could notice it.

The great outfielder said yesterday he was surprised to hear that Johnson had made any such threats before being sure of his ground. "I never said or wrote that the White Sox are stealing signals," said Tyrus Raymond. "Lots of players have told me that such is the case, but I would not make such charges unless I saw for myself that this is being done, and I have not seen it. It seems to me that Johnson ought to make sure he is in the right before he threatens to drive me out of baseball."

Johnson has threatened before to expel Cobb from the great national pastime, but Cobb is still there batting them out at a .400 clip and causing pitchers and catchers many anxious moments by his activities on the base paths.

Pigeons Fly 400 Miles in 12 Hours Through Storms Columbia, Pa., June 15.—The fourth race of the Columbia branch of the American Racing Pigeon Union was held from Concord, N. C., the 400-mile station, with over sixty birds.

The pigeons were released at 6 o'clock in the morning and the first bird arrived in Columbia at 6:22 in the evening. W. R. Broom won the first diploma, as one of his birds outdistanced all others. The average speed was 13.15 yards per minute and the pigeon in its flight passed through two severe storms.

WHY WOMEN SHOULD LEARN HOW TO SHOOT

West Fairview Shot Tells of Benefits From Trap and Field Gunning

Mrs. Ray Boyer, of West Fairview, is organizing a woman's shooting association and has more than ten women on her list already. In speaking of why women should learn to shoot Mrs. Boyer said to-day: "There are many reasons why ladies should go in for both trap and field shooting. After thirty-one years of nearly continuous shooting I can truthfully say I know of no other recreation that will do so much toward keeping a woman in good health and perfect figure than a few hours spent occasionally at trap shooting, and as I am learning new stunts nearly every week I am quite sure that, providing a woman has fairly good health and eyesight she is never too old to learn."

"Either shooting clay targets or game in the field, there is just enough exercise to do good, not to say anything about the fresh air you breathe. "Many ladies are afraid to start shooting on account of the gun kicking. If the gun is heavy enough, not overloaded and fits you properly, you will find little if any recoil. I would, however, suggest using a rubber recoil pad, fitted to the end of the stock. I heard a gentleman say a short time since that he was going to buy his wife a twenty-bore and start her at the traps. He wouldn't think of using such a light gun himself and he couldn't have given her a worse hand-out to begin with, for while a twenty-bore is a pleasure to use on game in the field, a twelve-gauge, full choke (not less than 7/8 pounds) is what is needed for trap shooting.

"As to dress, something loose so that your every movement will be free; your shoes should have a low, flat heel, so as not to throw you forward. The hat should be wide enough to shade the eyes and fit snugly, but comfortably, on the head. All your clothing while at the trap should feel part of yourself.

"When you are going after a target, concentration means everything."

Many Stars Are Absent in Tennis Tournament

Philadelphia, June 15.—Although there could be no complaint with regard to the number of entries in the twenty-second annual open lawn tennis tournament for the championship of Pennsylvania at the Merion Cricket Club, Haverford, yesterday it must be confessed that there was a great falling off in quality. The usual number of out-of-town entries was lacking.

Notable was the absence of R. Norris Williams, 3d, Philadelphia Athletic Club, the title holder, who will not be seen in the East until the return of the intercollegiate team from the Pacific Coast.

The seven best players in the tournament are J. J. Armstrong, J. R. Carpenter, Jr., Craig Biddle, A. D. Thayer, W. T. Hilden, Jr., Wallace F. Johnson and F. M. B. Fisher, a former New Zealand champion.

Penn Crew Is Almost Certain of Coast Trip

Special to The Telegraph Poughkeepsie, N. Y., June 15.—Pennsylvania's varsity crew is almost certain to obtain the necessary permission to take the Seattle trip to compete with other eastern and western eights in a three-mile race on July 17, and the Quakers are now boosting the matter to such an extent that Cornell and Columbia are likely to go with them on the same train to keep down freight expenses, as all three eights could use the same baggage car for their rowing outfits.

LOUIS DISBROW WINNER OF FREE-FOR-ALL SWEEPSTAKES
