SEVEN HURT WHEN BIG AUTO GOES OVER BANK

Marysville Young Folks Seriously Injured on Perry County Road

Special to The Telegraph
Marysville, Pa., June 28.—Seven young people, comprising a Marysville automobile party, were injured in an accident between New Buffalo and Liverpool yesterday afternoon when their automobile went over a fifteen-foot embankment and turned over twice in its descent. The car was owned by A. J. Ellenberger, of Marysville, and was driven by his daughter, Miss Virginia Ellenberger. In the party were Miss Margaret Ellenberger, Miss Mabel Ellenberger, Miss Margaret Ellenberger, a niece of the other Misses Ellenberger, Cassius Kennedy and Miss Maude Long, of Marysville, and Benjamin Swartz, of New Bloomfield.

When near New Buffalo, in attempting to go around a car standing in the middle of the road, the Ellenberger car was run too close to the edge of the embankment and the earth gave way under the heavy machine. The top being up, kept all of the occupants pinned in, but it also protected them to a certain extent in the fall. Those most seriously injured are: Miss Virginia Ellenberger, several ribs broken; Miss Margaret Ellenberger, head and body bruised; Miss Margaret Ellenberger, niece, head bruised and may be hurt internally; Cassius Kennedy, head cut, body bruised and ribs broken; Maude Long, body bruised; Mabel Ellenberger and Benjamin Swartz escaped serious injury, but were severely bruised and cut.

The injured people were brought to their Marysville homes last evening and it is thought all will recover. The machine was taken to Duncannon and is badly wrecked.

A WAR ON ILLITERACY

[Toledo Blade.]
The Southern mountains have been famous in more senses than one. They have been hard for the stranger to reach, hard for the native to journey out of. Their cliffs have been walls which have stayed the road-maker, discouraged the mail carrier, barred the path of education. In their hidden coves and isolated valleys is a higher percentage of illiteracy than in any other section of the country of equal size.

A few months ago, people in Kentucky entered upon a campaign to wipe away entirely the taint of illiteracy. They have been remarkably successful. They have brought to their schools not only children, but also hundreds and hundreds of adults. Gray-haired women and gray-bearded men have trudged over the mountain paths by night in order that they might themselves learn to read the words of the Bible which hitherto had come to them through the lips of their mountain preachers. It has been a great campaign, and so encouraging that the effort is now made to extend it over the border into West Virginia.

So Crisp

—and Delicious, too!

There are definite reasons why the New Post Toasties are vastly superior in crispness and flavour to any other corn flakes.

In the new process of baking, intense heat raises tiny air "puffs" on each flake, bringing out a decidedly new and delicious flavour—the true flavour of the corn—unknown to the corn flakes of the past.

Owing to this new process the New Toasties maintain their crispness until eaten and do not grow soft and mushy in the bowl like other corn flakes.

The flavour is so delightfully pleasant that the New Post Toasties may be eaten and relished dry, though of course they are generally served with cream, rich milk, or fruit with a sprinkling of sugar.

Suppose you try the
