NEW GAME WARDENS APPOINTED TODAY

Commissioners Will Have New Preserves Established This Year

Eight appointments of game wardens were made by the State Game commission to-day subject to the approval of the Governor. The commission held its summer meeting here to-day and outlined its work, authorizing the secretary, Dr. Joseph Kalfbus, to select the game sanctuaries, as the new preserves for game will be styled. Plans for purchase of game for stocking lands were also outlined. The new wardens were named as follows: Warren Fretz, Bedminster, for Bucks; Jeremiah G. Reinert, Lansdale, for Montgomery; Norman Wood, Rome, for Bradford; Charles Batcheler, Phillipsburg, for Centre; D. C. Shaffer, DuBois, for Clinton and Cameron; C. H. Osmer, Johnstown, for Cambria and Somerset; Henry Armstrong, Jr., Greensburg, for Westmoreland, and James Sutton, Jr., Pittsburgh, for Allegheny. Members of the State Game Commission have arranged with the attorney general's department for a conference next Tuesday to determine whether game wardens, who are paid out of the proceeds of hunters' licenses, can be specially detailed to act as fish or forest wardens under the act of 1915. The point was raised by some sportsmen that as the game work is not provided for by the hunters' license and that the revenue from that constitutes a special fund other departments cannot have men act for them except incidentally. The game commission has been asked to detail men to act on special cases involving violation of fish laws, but declines to do so until it is satisfied the money from hunters can be legally expended for the purpose. It is the first time of the kind that has arisen under a specific appropriation act.

Paxton Mill Property Will Be Placed on Sale

The old Paxton Mill property, last of the holdings of the Eastern Milling syndicate, at one time one of the largest producers of flour in the country will be sold by the S. W. Fitzgerald Real Estate Company on July 19. The mill was built by John Hoffer and was later absorbed by the Milling syndicate. After the death of his father, John Hoffer, Jr., leased the building and manufactured barrels. It was one of the largest of the 52 controlled by the syndicate. The property, located south of Dock street, is 122 feet in length and 10 feet wide, and contains more than two acres.

COLONIAL THEATER

The cream of the new show that appears at the Colonial for the last half of the week is a stirring western motion picture feature that makes a timely local showing after a long run at the gigantic New York Hippodrome. This is the film called "Where Cowboy Is King," said to set a new standard in the way of exhibiting true antics of the great western plains, and at the New York Hippodrome recently it occupied the choice spot of a marvelous picture program. The appearance of this unusual film will in no way interfere with the usual excellence of the supporting vaudeville attractions. The features will include "The Musketeers," a variety entertainment; Stanley and LaBrack, clever couple in neat songs and patter; Schreck and Percival, the immitable comedy tumblers, and Valle, the artist of the accordion.—Advertisement.

JAIL WITNESS MUST BE PAID HIS FEES

Judge Kunkel Decides Famous Krampert Case Involving Asylum Murder

In an interesting opinion handed down this morning, President Judge Kunkel, of the Dauphin county courts, decided that the claim of Ernest Krampert, former State asylum attendant, for \$153 witness fees due him for the 102 days he was detained in the Dauphin county jail pending the trial, was valid and the county is directed to pay over the sum with the additional interest to date from August 25, 1914. Krampert was held by the Commonwealth as a witness in the manslaughter case in which Albert Jaeger was convicted for so seriously injuring an asylum inmate that the latter died. The case was watched with peculiar interest by the whole Dauphin county bar in that it was the first test of the act of 1913 which allows the collection of fees by any witness detained in jail because it is feared he may leave the district if he be held under bail. Attorney William L. Loeser, counsel for Krampert, fought the case from start to finish and the opinion of the courts to-day is considered a notable victory by Mr. Loeser's fellow barristers. City Treasurer Pays Out Much.—City Treasurer O. M. Copell to-day paid out more than \$10,000 in redeeming sewer and grading improvement bonds and at least \$20,000 in interest coupons. About \$4,300 was paid out to the employees of the streets' bureau.

HEALTH BOARD BANS MILK FROM 2 FARMS

Order Follows Inspection in Cumberland County and Tests in a Local Court

Following the inspection yesterday in a local milk plant, two farmers in Cumberland county were ordered to stop shipping their milk into this city because of its impurity. This morning members of the "Pure Milk Campaign Party" toured part of Cumberland county and this afternoon investigated conditions on the certified milk farm at Rheems. To-morrow another trip will be made to sections of the cross-river counties. Preliminary reports of the work already done on these trips were made at the meeting of the bureau of health yesterday afternoon. Must Obey Quarantine Seven cases of quarantine violations were heard and held under advisement. The excuse of necessity in breaking the quarantine is being carefully investigated by the health officers. "Quarantine restrictions in this city must be obeyed," Dr. J. M. J. Raunkick, city health officer said this morning. "Necessity is no excuse for breaking the law and endangering other people's lives."

Evelyn Nesbit Thaw Refuses to Honor Subpena; Body Warrant to Be Issued

Malone, N. Y., July 1.—Evelyn Nesbit Thaw has refused to honor the subpoena served on her yesterday summoning her to New York to testify at the jury proceedings to determine the sanity of her husband, Harry K. Thaw.

New York, July 1.—If Evelyn Nesbit Thaw refuses to obey the subpoena summoning her to testify as a State witness at the trial to test her husband's sanity, the attorney general's office will apply to the court for a body warrant of attachment to compel her attendance. Transcripts of the testimony given in Harry K. Thaw's two trials for killing Stanford White, to prove that he was insane were in the possession of State's attorneys to-day and preparations had been made to read liberal extracts in his sanity trial now in progress. Reading the evidence given by Mrs. Mary Copley Thaw, his mother, in the second trial had not been concluded when the court adjourned yesterday and was continued to-day.

Since Women Help in Choosing 80 Per Cent of All Motor Cars
THEN WOMEN ARE ENTITLED to all the information regarding the Case 30's. They will realize the unusual importance of facts such as these:
1. The name "Case" guarantees mechanical excellence backed by 72 years of experience.
2. The Case Car is so easy to drive—so simple to handle.
3. Its long cantilever springs, cushions and body balance furnish supreme comfort.
4. It is a car whose appearance you will always be proud of.
5. This car is most thrifty in maintenance and operation costs.
WOMEN OUGHT TO HAVE the opportunity to see the Case Car and ride in it. They are just as much interested in its appearance and comfort as men are in its power and speed. When it comes to choosing a car women are often more anxious than men that the family should make a judicious investment. For this reason the Case 30 as a Case product makes a strong appeal.
THEN WOMEN OUGHT TO KNOW that only a few families in this territory can get Case 30's at once. For only a few remain allotted to this territory. And some of them may be demanded elsewhere.
The Name Behind the Car
CASE 30 MODEL R
HERE IS ANOTHER FEATURE, too, that will appeal to women: included in the first cost of the Case Car are all the necessities one ordinarily has to buy as "extras." Such as extra tire and tube on rim with tire cover, Weed non-skid tire chains and 8-day clock. All these are included in the purchase price.
We do not want to disappoint any of the many people who have contemplated buying Case Cars. Hence we advise immediate action.
May we not expect a visit from you today?
