

EVERY DEPARTMENT OF BIG PIPE WORKS AT FULL CAPACITY

Fifty Per Cent. Increase in Number of Employees; Every Inch of Space in Use

HAVE TO TURN DOWN ORDERS Large Contracts With Foreign Countries; Work to Continue Full Blast

Every department running at full capacity, an increase of fifty per cent. in the number of employees, and the addition of four new buildings within the past few months is the record the Harrisburg Pipe and Pipe Bending Works, according to W. T. Hildrup, Jr., secretary-treasurer and general manager of the plant.

The addition of the new buildings together with a large amount of new machinery is due to the big increase in orders received this year by the company. Hildrup in speaking this morning of conditions at the plant said that the shops had been expanded to the full extent and that additional building on the 22 acres of ground owned by the company would be impossible as all available space has been used.

One Department Doubled One of the new buildings erected is 350 by 200 feet with a floor space of more than one acre. More than one-half mile of private railroad tracks has been added to connect the shops, while new machinery has been installed for making seamless gas cylinders. This department has been doubled in the capacity of its output.

As fast as new machinery arrives additional men will be employed by the company. Owing to lack of space for necessary equipment according to Mr. Hildrup, large orders for cylinders and billets have been declined. Recently a large United States Government order for three-inch shrapnel cases was completed and shipped. At present no shrapnel is being sent out from the local plant. The machinery used in manufacturing the cases is also used for turning out large air cylinders.

When the American order was being handled 1,000 cases were made in one week, but it is believed that with new machinery installed this amount could be increased if necessary.

Big Danish Orders Many of the orders being handled are American ones, although the Pipe Bending Works has just landed a large contract with the Danish Government for pipe coils. This is a duplicate of a contract filled just six months ago and shipped to Denmark via Liverpool, England.

At present officials are figuring on a bid for a Government order for air cylinders to equip a number of submarines. The contract will not be let, it is believed for some time, but it is understood that many of the manufacturing concerns in the country are after the order.

100 Per Cent. Capacity Mr. Hildrup said that from present indications the work at the plant would continue at 100 per cent capacity indefinitely, depending largely upon domestic orders.

In speaking of activities supposed to be employed at the plant, Mr. Hildrup said that six men are paid by the company to guard the property and keep trespassers away from the shops. The men are also commissioned as officers by the Governor.

Uncle Sam's man will stop every day with news from Home, if you will call the Circulation Department of the phone. Never mind letters, they're time takers. You can't afford to spend any of your precious waking time "getting used" to strange newspapers. That's why—right now—you'll order the Harrisburg Telegraph sent to your vacation address.

THE WEATHER

For Harrisburg and vicinity: Fair to-night and Wednesday; not much change in temperature. For Eastern Pennsylvania: Probably fair to-night and Wednesday; not much change in temperature; light, variable winds.

River The North and West branches and the main river will continue to fall. A stage of about 6.4 feet is indicated for Harrisburg Wednesday morning.

General Conditions The entire country except in the Gulf States and Florida and in Oregon, where it is about normal. Local showers, mostly light, have fallen in the Great Central Valley and in New Jersey, Central Pennsylvania, East Tennessee and extreme Southern Florida, and in a few places in the Far West. Temperature continues high and has risen 2 to 14 degrees at a majority of the stations, the most decided positive changes occurring in New England and Eastern New York.

Temperature: 8 a. m., 77; Sun. High, 84; 4 p. m., sets, 73; p. m. Moon: First quarter, July 19, 4:00 p. m. River Stage: 7.2 feet above low water yesterday.

Yesterday's Weather Highest temperature, 88. Lowest temperature, 66. Mean temperature, 76. Normal temperature, 74.

BROMBAUGH HEARS FIRST BUGLE CALLS

Governor, in Camp at Mt. Gretna, Was Among Early Risers This Morning

GUARD INSPECTION BEGINS

Eighth Regiment Will Be Inspected Tomorrow by Adjutant General Stewart

By Associated Press Mount Gretna, Pa., July 13.—The troops comprising the First, Third and Fourth Brigades were down to hard work to-day. This is the fourth day of the instruction camp. The first of the field inspections began at 7 a. m., when the inspector-general of the guard, Colonel K. J. W. Sweeney, with Adjutant General Stewart and others, inspected the division headquarters. Later the officers inspected the various headquarters of the brigades. Everything was found in fine condition.

The troops of the Fourth, Sixth and Eighth Infantry will be inspected tomorrow. All the Philadelphia troops will be inspected Thursday morning.

One of the instructive features of this year's camp was the arrival from Washington, D. C. of the wireless message squad of six men.

The squad came overland from the national capital in a big radio tractor, the third of its kind built by the United States War Department for the use of the army.

Governor Brombaugh was up early to enjoy the first bugle calls of the day. He seemed greatly pleased with his first tour in camp as the chief executive. He mingled with the officers and the rank and file everywhere and the "glad hand" was accorded him.

Harrisburg Guardsmen Entertain Many Visitors Harrisburg companies of the Eighth regiment, National Guard of Pennsylvania, in camp at Mt. Gretna, have entertained hundreds of visitors. Company D had more than 150 on Sunday, Company I had 100 on Monday.

Among those who visited the Harrisburg boys in camp were: Mrs. James T. Long, Jr., Miss Nora Warren, Mrs. A. S. McManus, Mrs. Laura French, Mrs. H. H. Fretz, Mrs. H. H. Fretz, Mrs. P. S. Sprout, Guy Shepley, Chas. Sprout, William Brehm, George Shickley, Robert Thompson, James Wood, Fred Koppenhaver, Guy Sprout, Miss Maud Albert, Mrs. H. H. Fretz, Mrs. Mrs. Ellen Zelders, Mrs. Gartrude Zelders, Mrs. Minnie Yngst, Mrs. Stella Dolson, Miss Blanch Horst, Fred Swartz, Miss Irene Little, Mrs. James H. Blair, Mrs. Howard Shickley, Miss Grace Shickley, Mrs. John Diener, Mrs. S. J. Myers, Miss Anna Myers, S. Powell, Jr., Ed. T. Ulrich, C. M. Shive, Ed. H. Fretz, Charles H. Bretz, Miss Martha Kepner, J. W. Russell, Charles Arnold, Miss Elsie Arnold, John B. Stauffer, Miss Emma Davis, Mrs. Maggie Jacobs, W. E. Deane, Frank H. Hart, Walter Myers, Maurice Esworthy, Mrs. Charles W. Smith, Lydia McCord, Mrs. Ralph Colburn, Miss Annie Schell, Miss Catherine Warner, Miss Mary Straub, Gus Krieger, A. G. Myers, former Majors of the Eighth Regiment Owens and Garver, Mrs. Lillian Stepp, Lewis Stepp, Raymond Stepp, Earl Stepp, Frank Harder, Mr. and Mrs. J. A. Harder, Mr. and Mrs. Charles Bretz, Mr. and Mrs. Harvey Stevens, Mrs. J. B. Hutchison, Miss Quigley, Miss Duncann, of Harrisburg, and Miss Jewel Rausch, of New York city.

The Harrisburg boys are having a great time in camp. According to one of the guardsmen: "Private Carney has a constant companion. Private Carney is fast gaining a reputation for knowing it all; he is a regular bureau of information. Sergeant Heagy has a new peak hat and never loses an opportunity of letting the visitors know it. He has some bright bathrobe, too."

Old Men Charged With Having Committed Murder Forty-Seven Years Ago Bedford, Iowa, July 13.—Crowds gathered here to-day from half a dozen counties for the preliminary hearing of Bates Huntsman, Samuel Scribner, John and Henry Damedow, charged with the murder of a Missouri settler and his son near Siam, Iowa, forty-seven years ago.

Among the witnesses here was Samuel Anderson, whose plans for a civil suit against the defendants for a division of \$20,000 treasure said to have been buried on a farm near Siam, Iowa, led to an investigation by the state attorney general's office and the arrest of the four men. The money was said to have been taken from the settler by a gang of counterfeiters who murdered him. Mrs. Maria Collins Porter, of Quman, Mo., who as a girl witnessed scenes following the alleged murders, also was here to testify.

YORK OFFICIALS HERE A party of York city officials visited Harrisburg to-day to inspect the new section of Roca road laid by the State Highway Department near Paxtonia. In the party were F. Z. Stouffer, W. H. Lindsay, Felix F. Zenzler, city commissioners, and C. A. Boyer, head of the highway department, and C. F. W. Waller, city engineer. Representatives of Hartley & Zeigler, contractors, accompanied the inspection party, which came here by automobile. A trip over the city park and through Bellevue was made after the inspection. The York commissioners were much pleased with Harrisburg's park development.

CHEAPER NITROGEN PREDICTED - Hot Springs, Va., July 13.—W. H. Boyden, of Boston, addressing the National Fertilizer Association convention here to-day, declared one of the beneficial effects of the European war would be cheaper nitrogen and predicted it probably would be disclosed that the German chemists had found new processes for making that element, probably extracting it from the air.

HARRISBURG SOLDIERS DO CIRCUS "STUNTS" AT MT. GRETTA CAMP

Harrisburg's citizen soldiers are spending their leisure moments in various ways and not a few of them are seen doing acrobatic "stunts." The Telegraph photographer happened to be in the camp of Company D when a number of the men were building a pyramid and the above etching is the result of the visit.

205 OF 229 PASS MEDICAL "EXAMS"

Unusually High Averages Made; Announce Names of Successful Candidates

The State Bureau of Medical Education and Licensure to-day announced that 205 of the 229 persons who took the State examination for licenses last month had been successful. The percentage of failures was smaller than usual.

The Bureau finished its work here to-day and the certificates to the successful candidates will be issued in a short time. The names of the successful ones are as follows: James R. Allison, Philadelphia; George L. Armitage, Chester; Jacob B. Burt, Lawrence, Md.; James A. Bauer, Pottsville; Lydia R. Bauer, Philadelphia; Edward L. Bauer, German-

[Continued on Page 7.]

Lid Down on Street Fakirs and Walkers Who Beg For Money

The lid was clamped on two street privileges to-day. Captain of Police Joseph P. Thompson did the clamping. First, beginning to-day, street fakirs are barred. Second, walkers from coast to coast must be visitors only. They may not try to sell any article to raise money for the trip.

Policewomen to Censor Magazines in Pittsburgh

Pittsburgh, Pa., July 13.—Magazines transgressing the bounds of morality and propriety will fare badly in Pittsburgh hereafter. Officers which establish four Pittsburgh policewomen as, in effect, a bureau of censorship to pass upon all magazines which are sold in the city, and which require the bureau of police to be on the watch for obscene or improper material in those publications, were issued to-day by Charles S. Hubbard, director of the department of public safety.

The penalty for transgression, Director Hubbard says, will be the prohibition of sale of the offending issues in Pittsburgh. Newsdealers who fail to observe such prohibition will be subject to arrest, according to the director, upon a serious charge.

Silk Mill Now Running at It's Full Capacity

The Harrisburg Silk Mill, which has been in operation for over twenty-six years has had a most successful year, officials announced to-day. Notwithstanding the fact that an addition was built to the mill last year, the plant is now taxed to its fullest capacity. About 400 workers are employed in the mill ordinarily, but now more than 500 are employed.

FOUR MORE ASPIRANTS Quartet of Prospective Candidates File Nomination Petitions With Commissioners

Four more aspirants for nomination filed their petitions to-day with the county commissioners. They are Theodore Fehleisen, a policeman, who wants the Republican and Democratic nominations for constable for the Third ward; Lane Harman, second precinct Wiconisco township, who wants the Republican inspectorship, and Samuel A. Foster of the same district who filed a nomination petition for the Democratic judge of elections.

CHARITIES SECRETARY TO QUIT

It is understood that at a meeting of the board of directors of the Associated Charities late this afternoon Miss Hazel Clark will tender her resignation from the secretaryship. Miss Clark has been secretary for the Charities for two years.

3 COMMISSIONERS TOO BUSY TO TAKE SUMMER VACATION

Mayor Wanted One Bad, but Finally Withdrew "Loafing" Resolution

City Commissioners Bowman, Lynch and Taylor will be too busy this summer working out the city's public improvement problems and transacting other business of Harrisburg to take a vacation.

That's the sentiment when Mayor John K. Royal's resolution amending the rules so as to provide but one meeting a month came up. The members of the committee withdrew his resolution.

Commissioner Bowman mentioned that he had some water pipe contracts and numerous other jobs to occupy his time, and he would not be able to take a vacation. Commissioner Taylor spoke of the park problems that will require his attention throughout the summer. All three have said ever since Mr. Royal offered his measure that they will be busy and desired to give the taxpayers the benefit of their time. To take a vacation would necessitate special meetings.

In withdrawing his measure Mayor Royal said he couldn't see the necessity for more or more along each when, in his opinion, there wasn't much to be done. Commissioner Gorgas didn't say a word.

Tiff Over Arbitrators' Award Council had another little tiff over the arbitrators' award in the W. H. Opperman interceptor controversy when Commissioner Gorgas offered a resolution directing council to settle with the contractor for the full verdict of \$22,787.09. And when Commissioner Lynch asked that the measure go over for a week in accordance with councilman Mr. Gorgas said that there was enough money in the interceptor fund to pay the award—\$23,156.18.

"What's charged against that?" inquired Mr. Lynch. "Nothing but know of so far as the books show," said Mr. Gorgas. "Don't you know that by the terms of the contract with Stucker Brothers about \$5,000 more of what is withheld for the fifteen per cent. estimate pending the completion of the job?" "That might possibly be true," said Mr. Gorgas. "That is true," promptly returned [Continued on Page 9.]

Explorers to Camp at Pine Grove Furnace 10 Days Beginning July 26

The Explorers' Association, the oldest camping organization in Pennsylvania, will pitch their tents at Pine Grove Furnace, in the South Mountains, July 26. They will remain in camp ten days. This will be the forty-fourth outing of this organization. The party this year will number twenty-five.

Efforts to Find "Pearce" in South Unsuccessful

New Orleans, La., July 13.—Efforts of the police to locate "Pearce" the mysterious letter writer, who says he placed bombs aboard the British steamships Baron Napier and Howth Head, which left here July 8, so far have been unsuccessful. Captain Goudy, of the Baron Napier has reported a search of the vessel failed to disclose any bombs. The Howth Head which is not equipped for radio communication was expected to put into Norfolk to-day for coal.

CONCERT AT RESERVOIR

To-night's concert at Reservoir by the Commonwealth band will include the program postponed from a date arranged for last week. Conductor W. Fred Weber has his band in excellent shape for this evening's treat which will begin at 8 and last until 10.

GAME PRESERVE FOR THIS COUNTY LIKELY

Wild Life League of Pennsylvania Now Considering the Project

A game preserve in Dauphin county is a near future probability. At a meeting of the Dauphin County Branch of the Wild Life League of Pennsylvania, held last evening, in the Calder building, the executive committee was instructed to select a suitable site and report at the next meeting.

Announcement was also made that Joseph E. Phillips, representative from Clearfield county, recently appointed Assistant Field Secretary, will visit Dauphin county shortly. The members of the committee to select a game preserve are: Robert Irons, chairman; R. G. Cunningham, W. O. Hickok, III, R. C. Haldeman, all of Harrisburg, and W. D. Matheson, Middletown.

B. P. O. Elks Reported to Be in Good Condition

Los Angeles, July 13.—The Benevolent and Protective Order of Elks is in a flourishing condition both as to finances and membership, according to reports submitted to-day at the annual session of the Grand Lodge of the order.

Frederic C. Robinson, grand secretary; Charles A. White, grand treasurer, the board of grand trustees and the committee on auditing made their reports. During the year ending April 1, 1915, 43,085 new members were admitted to the order, bringing the total membership to 442,658. There were 16,228 members dropped from the rolls; 232 expelled; 7,843 demitted and there were 4,701 deaths. Thus the net increase in membership was 14,081. Ten new lodges were added, bringing the total to 1,326. There is a surplus of \$594,547 in the treasury of the grand lodge, while subordinate lodges have net assets of \$26,515,739.

W. F. Schrad, of Milwaukee, was elected grand lecturer; William L. Low, Saginaw, Mich., grand loyal knight; E. R. Ingersoll, Seattle, grand lecturer; Thomas E. Donahue, New London, Conn., grand tyler and Charles Black, Oklahoma City, grand tanner. Fred C. Robinson, Duquesne, and Charles A. White were re-elected secretary and treasurer, respectively.

STRIKERS GET ADVANCE

New York, July 13.—The first change in the strike of 10,000 pants makers which, according to the labor leaders, may involve thousands of other garment workers in affiliated organization, came to-day when one of the large firms acceded to the strikers' demands and reinstated 300 strikers at an advance of \$2 a week.

PURCHASE TORPEDO NETS

Washington, D. C., July 13.—For experimental purposes the Navy Department has purchased several torpedo nets to hang around battleships and protect them from torpedo attack. Secretary Daniels said that these were of the same type as those employed by European navies. Experiments are now going on with the nets aboard one of the ships on the Atlantic fleet.

BOY SCOUTS TO PLANT TREES

Albany, N. Y., July 13.—Steps have been taken by the New York State Forestry Association to enlist New York Boy Scouts in a statewide movement to reforest denuded land. The association will give 500 bronze medals which scoutmasters will award to scouts for reforestation and tree planting along State highways and municipal watersheds.

MILAN PAPERS COMMENT

Milan, via Luzano to Paris, July 13.—The Milan newspapers give a great prominence to the German reply to the American note. In commenting on the reply the Corriere Della Sera expresses the opinion that President Wilson will take an energetic attitude.

ALLIES ADVANCING ON GALLIOLI PENINSULA

Entire Force Pushes Forward 200 Yards, According to Dispatches

RENEWED ACTIVITY IN EAST

Attitude of Rumania Toward Two Groups of Belligerents Under Discussion

There are signs of renewed activity by the Teutonic forces along the eastern fighting front. Petrograd officially reports lively engagements along the East Prussian front, in the Bobr and Narew regions and further to the southwest between the Pissa and Rosoga rivers. There also has been fighting in the Przasnysz region along the line north of Warsaw.

In eastern Galicia, where quiet has prevailed for some time, Teutonic attacks along the Ziota Lipa and the Dulster are reported. The Upper Bug river, near Busk, also has been the scene of renewed fighting.

Coincident with this news, come reports through Petrograd that Field Marshal Von Mackensen's army has been strongly reinforced and that it soon will resume active operations. Resumption of heavy assaults by the Germans in the Woerze region in France is interpreted by Paris military observers to mean that the failure of recent attempts to break through to Verdun by way of the Argonne is being followed by a similar effort in this new direction.

Through Mytilene and Athens, Paris has received a report that as the result of another battle on the Gallipoli peninsula the forces of the entente allies have advanced 200 yards.

According to a Athens dispatch to a London newspaper the Kings of Greece, Rumania and Bulgaria are soon to meet in conference at Athens. The attitude of Rumania toward the two groups of belligerents is again widely under discussion. According to statements made by correspondents on the side of the entente allies she has applied the munitions war act to the Austria's offer of territorial compensation for active military assistance of friendly neutrality.

London, July 13, 3:15 P. M.—The British government has decided to apply the munitions war act to the South Wales coal strike on the ground that the strike is prejudicial to the [Continued on Page 7.]

PETITION READING TO ABOLISH DEATH TRAPS AT HUMMELSTOWN

Burgess and Delegation of Councilmen Call on Division Superintendent Stackhouse

SEND LETTER TO SERVICE BODY

Position of Borough's People Will Be Expressed in No Uncertain Terms

Headed by Burgess Murray a delegation of Hummelstown councilmen called on R. J. Stackhouse, division superintendent of the Philadelphia and Reading Railway Company late this afternoon to discuss with him the possibility of eliminating grade crossings through the borough, especially the trap in which six members of the Casel family were killed last week.

The decision to call on the Reading official was made last evening at a lengthy session of council during which it was brought out that at least thirty-two letters requesting the placing of a night watchman at the fatal crossing had been sent to the railway and that one letter was addressed to the Public Service Commission asking that body to help the people obtain safety devices.

Two petitions that will strongly express the position of Hummelstown people in the matter of grade crossings are now being prepared. "One will be sent to the Public Service Commission, so that body cannot escape the responsibility of ordering the Reading Railway Company to remove the death traps or at least have them properly guarded," said Burgess [Continued on Page 9.]

Men Who Attempted to Take Life of Bulgarian King Get Death Sentence

London, July 13.—The death sentence has been passed on two men who were charged with attempting to assassinate King Ferdinand of Bulgaria, says the Daily Mail's Sofia correspondent. This is the first news received in London that any attempt had been made on the life of the Bulgarian king.

PROMINENT MEN MENTIONED

Washington, July 13.—Among the names mentioned for places on the new Bureau of Invention in the Navy Department were Alexander Graham Bell, Simon Lake, Orville Wright, Professor R. A. Fessenden, John Hays Hammond, Jr., Hudson Maxim and Henry Ford.

Washington, July 13.—On the theory that the safety of the country may rest upon the adequate development of its commercial gun and ammunition factories, Secretary Garrison announced to-day he had decided to accept the resignations of Lieutenant Colonel Odus C. Horney, and Major William A. Phillips, of the Army Ordnance Bureau.

Mary Wein, 16 years old, who boards with Mr. and Mrs. Henry Weigand, Good and Williams streets, Steelton, was assaulted by an unknown man who entered her bedroom last night. She was found in bed unconscious with a deep gash back of her left ear. This is the third assault of the kind within two months. No arrests have been made.

Late this afternoon the thermometer on the top of the Post Office Building reached ninety degrees.

London, July 13, 3:25 P. M.—It was officially announced to-day that the subscriptions to the Great British war loan reached a total of almost £600,000,000 (\$3,000,000,000).

New Orleans, July 13.—Two more letters signed "Pearce" in which the writer threatens disaster to British merchant and mule ships, were delivered here to-day.

Kansas City, Mo., July 13.—Unusually heavy rain which did considerable damage, threatened lives and flooded rivers and creeks were reported to-day in Western Missouri and Eastern Kansas.

Penns Grove, N. J., July 13.—One workman was killed and three others were seriously injured to-day in an explosion that wrecked two small buildings of plant No. 2 of the Du Pont Powder Company at Carney's Point, near here.

Boston, July 13.—A fire in the forward handling room, within ten feet of 9,000 pounds of powder, on the Battleship New Jersey, in dry dock at the Charlestown navy yard, was extinguished by quick work of seventy-five of the crew to-day.

MARRIAGE LICENSES

Harper S. Miller and Elizabeth Kenney, city. LeRoy L. Schreiner and Nellie E. Houshbell, city. Robert Sitze and Maude Bennett, Carlisle.
