Speaking of the concrete construction of the Blenheim, Thomas A. Edison said, "It is the coming construction of all great buildings. It won't bend, it won't break, and you couldn't burn it if you tried."

Marlborough-Blenheim.
ATLANTIC CITY, N. J.
THE LEADING RESORT HOUSE OF THE WORLD
Capacity 1100

The great essential of a resort hotel, as distinguished from a city hotel, is ample public space devoted to the use of its guests, in the form of bright and airy exchanges, lobbies, parlors, galleries and solariums, affording pleasing views and beautiful promenades, the whole combining into a harmonious vision of grandeur and beauty, while replete with the cozy group seclusions of home, and yet affording full view of the pleasing panorama of the resort life. In this essential the Marlborough-Blenheim stands without an equal in Atlantic City or elsewhere.

Its "Ownership Management," while accounting for its unique reputation, is a guaranty of the high character of its patronage and the unexcelled quality of its service and cuisine. It employs only white service in both its American and a la carte dining rooms.

It makes a specialty of its high-class music every evening throughout the year, with special Sunday night solo features. Roman, the world's highest Tenor, of Venice, is engaged to sing at frequent intervals during July, August and September. Atlantic City, with its only real conservatory (Europe) in its rear, is offering unusual attractions and entertainments. Two flying boats are daily sources of interest. Two golf courses, the Yacht Club, the fishing fleet and the wonderful bathing beach attract their respective devotees, while the pier amusements, the Boardwalk, the fire motor roads and the splendid hotels and restaurants, afford enjoyment to all. There is only one Atlantic City and this summer it is particularly attractive. Write for illustrated booklet and rates.

NEWS OF THE RAILROADS

USE SPECIAL CARS TO HAUL BRIDGE STEEL

Handle Hell Gate Material in Enola Yards; New Equipment Attracts Attention

Cars of unusual length are being handled at intervals at Enola yards. These cars are being used in hauling steel for the Hell Gate bridge, New York, from Ambridge to tidewater. They were built at Altoona shops especially for these shipments.

These cars are only 40 feet in length and have a hauling capacity of 150,000 pounds. Cars of ordinary height above the rails would not permit of the passage of the steel bridge sections through the tunnels on the main line of the Pennsylvania railroad. With shorter cars, two cars are necessary to carry one of the large steel chords, and permit safe passage around the curves. The material for the bridge is being built at the American Steel and Iron Company's plant at Ambridge.

Advertising System Is Plan For New Steel Cars

All-steel coaches numbered from 1501 to 1530 on the Pennsylvania railroad and used mostly between Philadelphia and New York City, to be equipped to carry advertising in the manner now common in trolley cars. Nine of these cars have been already equipped and are in service.

These cars are ordered to be sent back to Philadelphia when they reach Pittsburgh, but it is said that all cars on local runs will in time be so equipped, and probably all cars used anywhere on the system. One reason assigned is that it is found necessary to utilize every possible source of income, and that in this way a handsome income becomes possible.

June Efficiency Tests on Middle Division

During June the Middle division efficiency tests showed a percentage of 99.9. There were 21,885 tests made and only four failures were noted. One engineman was reprimanded for failing to recognize two torpedoes, twenty-five others making the test properly. Another engineman was reprimanded for exceeding a 12.5-mile speed limit, for failing to comply with the 14.8-mile limit another engineman was reprimanded, while 1,257 conformed with this order successfully. During the observation in service tests a cut watchman was reprimanded for sleeping on duty while working on or about tracks. There were 1,921 other trackmen who made the observation tests without failing.

Date For Big Reunion Is Saturday, August 28

The date of the annual reunion of the Philadelphia Division Veteran Employment Association in Harrisburg will be Saturday, August 28. This is two days later than the date announced previously. The secretary, H. J. Babb, stated last night that Saturday is always the best day for the reunion because of many employees having a half-holiday.

The general committee in charge of arrangements will meet next week. Chairman Harry Baum is much pleased with the efforts of the committeemen to date. Charles T. Jones, chairman of the committee on entertainment, has arranged for eighty-seven automobiles to take the vets over the city during the afternoon.

RAILROAD NOTES

N. T. Heisey, night dispatcher at Enola, and Mrs. Heisey have gone to Atlantic City for a two weeks' sojourn at Breyer Point and Atlantic City.

Rutherford, an employee of the Reading expect to have an after-midnight jitney service to and from Harrisburg, beginning Monday next.

The board of directors of the P. R. R. Y. M. C. A. will meet Tuesday night, July 13, at 8 o'clock, at the home of Warren S. Tippett, a car inspector foreman, has been promoted to the position of fireman in the local yards.

EIGHTH REGIMENT RETURNS FROM CAMP

Camp of Instruction to Take Place of National Guard at Gettina

By Associated Press

Mt. Gettina, Pa., July 15.—To-day witnesses the beginning of the end of Camp Schall, the annual instruction camp of the National Guard of Pennsylvania.

Shortly before 10 o'clock the strains of "Auld Lang Syne" swept across the main parade as the band of the Thirtieth Infantry led the regiment to the railroad siding where its train of Lackawanna cars awaited the soldiers. The train pulled out for Scranton a few minutes after ten o'clock, the Ninth Infantry following for Wilkes-Barre an hour later.

The Fourth was scheduled to leave for Allentown at noon, the Eighth for Harrisburg at 1 o'clock and the Sixth for Philadelphia and towns nearby at 2 o'clock. After that there was left of the great camp only the First Brigade, comprising three regiments from Philadelphia.

Mt. Gettina will not be deserted by soldiers, however, for yesterday a detail of men from the Fifth United States cavalry at Fort Myer, Va., arrived to make preparations for the regular cavalry men who will participate in the joint camp of instruction for militia and regular army cavalry week after next. Troops detailed from Fort Myer are making the trip overland on their mounts. The big camp will include the entire First Regiment cavalry, National Guard of Pennsylvania, and militia cavalry from New Jersey, Maryland, the District of Columbia and possibly other States.

PROMOTION FOR HARRISBURG BOYS IN BELL PHONE EMPLOY

H. W. Taylor, son of Samuel M. Taylor, 903 North Second street, who has been local manager of the Bell Telephone Company, Lewistown, Pa., has been appointed chief clerk to the district manager, Scranton. Mr. Taylor entered the employ of the telephone company as salesman at Altoona May 8, 1912. He was appointed local manager at Lewistown on December 1, 1913. He will enter his new duties as chief clerk within a few weeks.

Howard B. Whitmore, another Harrisburg boy, who has been in the employ of the Bell Telephone Company, Altoona, as salesman, since February 8, 1915, succeeds H. W. Taylor as local manager at Lewistown.

TREAT FOREIGNERS AS REBELS

Mexico City, July 16.—General Pablo Gonzalez, commander of the Carranza forces in this city, has issued a proclamation asserting that foreigners, no matter what their nationality, "will be treated as rebels" if they aid in any way the work of the reactionary party.

GERMAN SUBMARINE SUNK

London, July 16.—The German submarine U-51 has been sunk in the Black Sea by Russian warships, according to information received from Varna, a Bulgarian port on the Black Sea by the Athens correspondent of the Exchange Telegraph Company.

DAUPHIN MAN HAS TYPHOID

Joseph Meadowcroft, of Dauphin, is in the Harrisburg Hospital suffering from typhoid fever, physicians believe. He was admitted yesterday.

HURT WHILE SWINGING

Kramer Johnson, 1138 Derry street, while swinging at Stoverdale yesterday, fracturing his left arm.

GIRL HURT IN FALL

While playing in the yard of her home this morning little Arline Hoffman, of Enterline, fell, receiving a fractured left arm.

June Revenue Receipts Increase \$12,000 Over '14

Collector William A. Bricker is still at work on his annual report. He completed his figures for June yesterday.

The total collections for last month were \$56,071.64. This is \$12,000 increase over the collections for June, 1914.

SYLVESTER IN CHARGE OF DUPONT POLICE

By Associated Press

Wilmington, Del., July 16.—Major Richard Sylvester, who for years was chief of the Washington, D. C., city police, has been engaged by the E. I. DuPont De Nemours Powder Company to organize and supervise the police forces employed at the company's plants where munitions of war are being made, which comprise practically all of the plants, from Hopewell, Va., to Canada.

TROOPS BOMBARD BRIDGES

By Associated Press

Rome, July 16, via Paris, July 16.—The official statement issued to-day at the headquarters of the Italian General staff was as follows:

"In the upper Cadore region our troops continued to bombard the bridges of the Platzwiese and Ledro which were partly demolished while an enemy battery installed on the plateau of Rauchkofel was partly dismounted."

BARZILAI CIVIL GOVERNOR

By Associated Press

Paris, July 16.—Senator Barzilai, known as a bitter enemy of Austria, has been appointed Civil Governor of the Austrian territory occupied by the Italian army according to a Rome dispatch to the Petit Parisien. Senator Barzilai is a member of the Chamber of Deputies.
