

MISSION GETS JOBS FOR DOWNTOWNERS

Not So Many Wayfarers as in Winter, but Still Many Need Aid

The work of the City Rescue Mission located on South Second street, below Chestnut, is continuing its activity during the summer months, and while there are not so many wayfarers to take care of as during the cold weather, there are sufficient to warrant the continuous operation of the mission.

REAL "RED BLOOD" YOUNGSTER WHO WILL ENTER THE MINISTRY

Tom Lyter, Former Central High and Lebanon Valley Baseball Star, Will Answer the Call That Many a Man of His Family Has Heard Before Him

TOM LYTER

"One of the live, 'red blood' young fellows of this city who is preparing to enter the Christian ministry is Thomas B. Lyter, more widely known as Tom Lyter, the son of the Rev. J. A. Lyter, 1508 Derry street, pastor of Derry Street United Brethren Church, Fifteenth and Derry streets.

Tom Lyter is not yet ordained to preach to-morrow as a supply in his father's pulpit. That he is not altogether without oratorical skill will be remembered by his high school chums, for when in the old school in Forster street, he won third prize in the Kunkel junior oratorical contest, and maybe he didn't give the first and second prize winners a run for the money.

Your Greatest Privilege

Your first consideration in this life should be regularity of church attendance. From two view-points, both of them important, is this true.

Of the utmost importance is the view that it is a glorious, unequalled privilege to be able to attend church services and worship your Maker, and His Son, through whom the world finds redemption and salvation.

That man was created in the likeness of the Divine is our one inestimable heritage, for we are therefore capable of communication with the Infinite.

The other view-point makes church attendance a duty. For in every instance the churches both singly and collectively are the leaders in the social progress of the world.

You, as a man who realizes the importance of the world's advancement, need to give your support to the institution leading that progress.

It is from these two view-points that the churches of Harrisburg unitedly send out a weekly invitation to everyone to be in attendance of church services on Sunday.

NEWSPAPER STATISTICS

The 1915 edition of McKims newspaper directory shows a total of 1,538 Canadian publications, classified as follows: Dailies, 150; triweeklies, 7; weeklies, 1,365; semi-weeklies, 45; monthlies, 250; biweeklies, 3; and quarterlies, 18. The census shows approximately 1 daily for every 10,000 families and 1 weekly for every 1,500 families in the Dominion.

The figures given in the directory show that the war has not seriously affected the newspapers of Canada. While the increase in new publications was less than in the year previous to the beginning of hostilities and the rate of suspension of the weak ones instead, most of the leading papers, particularly the dailies, show a healthy increase in circulation. The total metropolitan dailies having reached or passed the hundred thousand mark.

Vancouver maintains four daily newspapers, all published in well-equipped plants and provided with a telegraph service which places them in the first class. In addition to these are a number of weekly and monthly publications, including several trade papers, are well patronized, and have large circulations.

The 18,000 regularly established libraries in the United States contain more than 75,000,000 volumes, or an increase of 25,000,000 since 1903.
