

The Greatest Value

Ever Offered to Those Who Have Use For a Sweeper.

500 HIGH GRADE METAL CARPET SWEEPERS

Worth regularly \$3.00 each; will be placed on

SPECIAL SALE ON Saturday Morning, August 21. Each \$1.19

SEE BIG WINDOW DISPLAY.

You will be sure to admit that this is a wonderful bargain. You'll wonder how it is possible to secure such splendid sweepers to sell at such a low price. It is merely another demonstration of our determination to give our patrons the advantage of every special purchase we make, having secured 500 of these sweepers from one of the largest manufacturers in the country at an exceptionally low price as a big special sale feature offering.

\$3.00 won't buy a better sweeper. Made of steel; light in weight, but very strong — a sanitary sweeper which harbors no germs. Far superior in every way to the old-fashioned wooden sweeper with its germ collecting attributes.

These HYGENO sweepers are handsome, having beautiful mahogany inlaid enamel finish and nickel trimmings. Don't fail to see them on display in our window. Judging from the intense interest being manifested in the display and the comments on the very low price of only \$1.19 there will be a big crowd here sure. Remember, only 500 of these sweepers in this sale and if you appreciate a big bargain and want to obtain YOUR sweeper, it is essential that you be here promptly Saturday morning. Positively none sold before this time.

Grandmother Used a Broom. Mother Used a Wooden Sweeper. Give me an All-Steel HYGENO.

ELEVEN COUNTIES FOR CLOSED GAME

Some Applications to Be Acted Upon by the State Commissioners

Applications are pending before the State Game Commission for the closing to hunting of deer and various kinds of small game in eleven counties and decisions will probably be made in the next three weeks. Protests against closing of a couple of the counties have been made and inquiries are under way. The proposals are to close for from four to five years on deer and for shorter periods on small game.

The counties for which applications have been filed are Armstrong, Beaver, Blair, McKean, Venango, Butler, Indiana, Lancaster, Lawrence and Montgomery.

Under previous applications Cambridge, Fayette, Scott and Westmoreland are closed to deer hunting until December 1, 1916, and Chester, Clarion, Forest, Jefferson and Warren to deer until November 1, 1915.

The new preserve in the Pine Creek region and the two in Carbon and Bradford counties are now being surrounded with wires and the Game Commission is negotiating with the Central Pennsylvania lumber company for the acquisition of land for a new game preserve in the upper end of Columbia county extending into the Davidson township region of Sullivan county.

Agitation is being raised for establishment of game preserves in portions of the Juniata valley and in some of the southwestern counties as well as in Dauphin, McKean, Erie and Lackawanna counties.

Yachtsmen Oppose New Pier at Eddystone Plant

Philadelphia, Pa., Aug. 19.—Despite the fact that Samuel Vaucian, vice president of the Baldwin Locomotive Works, stated that 30,000 men would soon be employed at the company's Eddystone plant and that the weekly payroll would reach \$500,000. Eddystone residents and yachtsmen yesterday opposed the granting of a license to the Baldwin company to build a pier on its property at Eddystone. The opposition to the pier was made at a hearing before the Committee on Wharves and Docks of the Commissioners of Navigation, held in the Bourse.

The contention of adjoining property owners was that the pier would extend so far out into the river that it would deprive their properties of the tides which carry off some of the shoal material, also that, with the pier extending 300 feet into the river from the bulkhead line, there would be too little space between the pier and Tinicum Island. They asked for a postponement until the army engineers could make a survey of the bulkhead and pierhead lines or until they could obtain the opinion of a harbor expert as to whether their property would be damaged by the building of the pier.

After a lengthy argument it was decided to postpone the hearing until September 7, which will not hold up the application as it could not be acted upon until then, when there is to be a regular meeting of the Commissioners of Navigation.

Catholic Societies Will Meet in New York City

Toledo, O., Aug. 19.—The 1916 convention of the American Federation of Catholic Societies will be held in New York city. This was determined at the closing session of the convention here this afternoon.

Woman's Suffrage Torch Stolen in New Jersey

New York, N. Y., Aug. 19.—An announcement to-day of the offer of a reward of \$50 for the return of the suffrage torch which has been carried through New York and New Jersey in the campaign conducted for votes by the Women's Political Union disclosed the fact that the torch had been stolen after a suffrage meeting at Atlantic Highlands, N. J., last night.

The emblem of the suffragists was recently transferred from New York to New Jersey with much ceremony, women for the two States meeting on board tugboats in the middle of the Hudson River to convey the torch from one State to the other. When stolen it was in the custody of suffragists who left it in an automobile to enter a store. When they returned the torch was gone.

GIRL INHERITS \$100,000

Must Give it up, However, if She Ever Becomes Bride

New Castle, Pa., Aug. 19.—The will of Mrs. Martha E. Allen, a wealthy business woman of Wampum, was probated to-day. It bequeathed her entire estate, valued at more than \$100,000, to her daughter Blanche.

Mrs. Allen had always been opposed to her daughter marrying, and a clause in the will directs that the estate be divided among the two sons if the young woman shall wed.

FOUR KILLED AT CROSSING

Norristown, Pa., Aug. 19.—Four were killed and another seriously injured on DeKalb pike and York road, four miles north of Norristown at 7.25 o'clock last evening, when an Allentown "double-header" limited express on the Lehigh Valley Transit Company line crashed into a touring car of Frank Murphy, and occupied by himself, his wife, two sisters and a cousin.

LONDON, Aug. 19.—Under government instructions the police to-day made raids in London and Southford of the offices and headquarters of the independence League Party, the labor leader and the socialist review.

CARRYING THE WAR INTO JAPAN
Some of the German and Austrian prisoners interned in the Keifuku temple, Himeji, Japan, created a serious disturbance on the evening of the 22d ultimo, when they badly assaulted a number of their fellow-prisoners. The victims were two Austrian soldiers and six sailors of Italian birth. Since Italy joined the allied powers, the Germans and Austrians had treated the eight ex-Italians very harshly. At 8.30 on Tuesday evening the ex-Italians who all kept together, were singing in chorus "Non e Ver", an Italian, or rather a Neapolitan, love song. Over 140 German and Austrian prisoners, who took the song for the Italian national anthem, pounced on the singers, and kicked and beat them. The unlucky eight made for the depot office and sought the protection of their custodians, but not before one had been severely handled. Medical aid was administered. The authorities are now holding an inquiry into the affair. It shows a ticklish state of tension when hostilities depend upon a German trooper's inability to tell a love ditty from a national anthem.

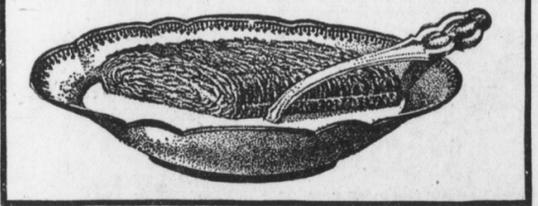

LOGIC IN SPEEDWAY DESIGN SHOWN BY CHICAGO RACES
Five world's records were established without a death or accident occurring when Chicago's new speedway, a two-mile board oval, was opened with a 500-mile derby on June 26. In spite of the unprecedented speed, averaging 97.6 miles an hour, which was attained by the winning motor car, at no time was there an excuse for a sense of danger to obsess the minds of the spectators. The August Popular Mechanics Magazine says: "The track is built for speed and safety, and the results of this race prove that the design is logical and to indicate that sane motor racing is mechanically possible. On this course a race instead of being a battle between tires, is a contest between finely tuned motors. This was responsible for the establishment of a new racing record won by an English car which completed the distance without making a stop and finished fourth after averaging 95.06 miles an hour. The machine entered with its gas and water tanks full and coasted across the finish mark with them dry. Its pilot did not once take his hands from the wheel throughout the entire race and experienced no tire trouble whatsoever."
