TURKISH TRANSPORT SINKS

Paris, Aug. 25, 2:40 p. m.—A French official report on fighting in the Dardanelles between August 20 and the morning of August 25, re-

lates that the British left wing had made progress against the Turks, occupying 800 yards of Turkish trenches in the northern zone of the fighting, and that a French aviator on August 20 was successful in sending to the bottom a large Turkish transport.

Does Your Baby Get Hungry Between Regular Feedings?

The baby should sleep peacefully between feedings—if you feed him regularly. If the baby wakes up and cries fretfully and gnaws his little hands, you are probably not giving him enough to eat. Your breast milk is best, of course, but it may be too thin. Add a feeding each day of

the Republican nomination for director of the poor. Mr. Loudermilch's reputation as a business man and as a public official stands high and his record should entitle him to further service for the people. He was born in Jackson township, June 3, 1865, and worked on his father's farm until he was about 24 years of age, after which he embarked in the undertaking and coach business in Fishersville, which occupation he continued for about twelve years. He is now engaged in the manufacturing of men's shirts. His fellow-citizens of Jackson township discovered his value as a public servant and elected and re-elected him school director and constable. In all his undertakings, public and private, Mr. Loudermilch has made good. Mr. Loudermilch is married, has a family and lives in Halifax. He is one of the best known men in the district and has a host of friends. Mr. Loudermilch has been a life-long Republican, always working zealously for his party. He is essentially a man of the common people. All the success which he has attained has been by his own unaided efforts. He advocates introducing the same methods of prudence and economy in county affairs which has made his own business successful. He says that his guide in all his votes will be the wishes of the people whose servant he is.

JUDGES COMMENCE TO AWARD PRIZES

Middletown Fair Exhibits Larger and Their Work Will Be Hard; Fast Races

Judges began their task of awarding the thousands of dollars in prizes for the best exhibits at the Middletown Fair to-day. Their work will not be completed until sometime tomorrow.

This year's exhibits are considerably larger than ever before and the competition is so brisk that the judges have some hard work cut out for them. The first races were run this afternoon. In the 2 and 3-year-old trot, 2.30 pace and 2.30 trots some fast heats were run and the final results were not decided until late in the afternoon. Throughout the day thousands thronged the new and enlarged midway or packed the grandstand for the races. The Harrisburg Railways Company maintained a ten-minute trolley schedule during the afternoon. A fire works exhibition this evening completes the day's merrymaking.

Dr. Muhlenberg Dies at His Reading Home

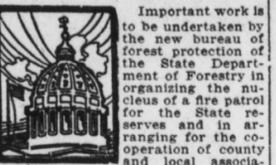

Reading, Pa., Aug. 25.—Dr. William F. Muhlenberg, this city 62 years of age, one of the most distinguished physicians in Pennsylvania, died here to-day. He was a lineal descendant of the Rev. Dr. Henry M. Muhlenberg, founder of the Lutheran Church in America and actively identified with many medical societies, local social activities and the city's charitable institutions. He was born in Gettysburg, and at the age of 11 heard President Abraham Lincoln deliver his famous address at that place. He was a physician of rare attainments and for forty years was medical adviser of the Reading railway. The members of his family have been prominent in this State for 175 years.

TO ORGANIZE FIRE PROTECTION PLAN

Forest Authorities Will Co-operate With Local Associations in the State Now

Important work is to be undertaken by the new bureau of forest protection of the State Department of Forestry in organizing the nucleus of a fire patrol for the State reserves and in arranging for the co-operation of county and local associations in fighting fires. Under the provisions of the new bureau men are to be employed and organized for fighting fires on State reserves and practical means of working with forestry organizations is provided. In a number of counties associations have been formed for the protection of forest lands and some of the lumber companies have also organized their forces. Governor Martin G. Brumbaugh is greatly interested in the new bureau and believes that in the course of time an effective system for checking fires can be devised.

No Secretary Soon.—It is regarded as doubtful on Capitol Hill whether anything will be done in the development of the State Department of Agriculture for several weeks. No selection of a secretary will be announced until the Governor returns from his western trip and he may take some tours about the agricultural regions of the State before announcing his policy to the Governor. It is believed that the Governor will not be known that the secretary would be a personal appointment and he is considering several men.

State Benefits.—The State Treasury is getting a good many extra five-dollar bills as a result of the special \$5 tax which was placed on all settlements of the tax accounts of manufacturing corporations this year. The tax is held to cover \$1,000 worth of property which is considered taxable. On the "Hill" the tax is called "a bookkeeping tax" because it covers the cost of keeping records of corporations which pay no taxes.

New Bank.—The Citizens Bank of Wind Gap was chartered with \$50,000 capital yesterday. It is the first bank to be chartered for some time.

After Grade Crossings.—The Public Service Commissioners will get after the grade crossings on trolley lines near Philadelphia and a conference on the subject will be held in a short time. Chairman Ainey and Commissioner Smith attended the Norristown inquest yesterday with Assistant Counsel Evans and Investigator Dohoney.

Clearing Up Pollution.—The Department of Fisheries has had two of its wardens in Clearfield county the past few days and they report that the plants visited have agreed to install the gravity filter which the Department is recommending. The Emil F. Puffer Company of Brooklynn, N. Y., with a large glass factory in Clearfield has agreed to install a filter as soon as the Department is able to furnish the blue prints, which will be in the very near future. Warden of time and now working on them. The Rev. Pulley Bergtresser, pastor of St. Peter's Lutheran church, officiated and burial was made in the Middletown cemetery.

Await Federal Inquiry Before Acting Further in Alleged Seduction Case

No action was taken to-day by the Dauphin county poor board relative to the proposed inquiry into the efforts of a couple of Middletown painters to seduce two women inmates of the almshouse a few months ago, as the county authorities are awaiting action by the Federal officials. Letters which fell into the poor board's hands indicate that the painters tried to induce the women to give the almshouse French leave and establish a house of questionable character in the city. The Federal authorities investigated the matter because it was believed the men used the mails. Inquiry has developed the fact that the men slipped notes between the bars of the windows in the women's ward.

GERMANS BREAK THROUGH LINE

Berlin, Aug. 25, via London, 3:58 p. m.—The Russian advanced positions to the southwest of the fortress of Brest-Litovsk were broken through yesterday by the Germans according to an official announcement given out to-day by the army headquarters staff.

EASING OF TENSION BENEFICIAL

New York, Aug. 25.—The easing of the diplomatic tension between Washington and Berlin resulted in a series of spectacular advances among stocks during to-day's early trading. Studebaker rose 1 3/4 to 117 1/2, Willys-Overland 1 1/2 to 158, New York Airbrake and General Motors gained 5 to 150 1/4 and 218, respectively, and Crucible Steel made similar improvement at 78 1/4.

Eye Trouble

Marvelous Relief In Five Minutes

(In Cases Mentioned Below.)

Astonishing Remedy Acts Almost Like Magic—Physician Tells Readers How To Use It

Did you ever notice a mainspring of a watch; how it bends and the great strain it will stand, but if you put too much strain on it, the spring finally snaps like a dry straw and your watch stops?

When your eyes get tired, sore or inflamed; when your vision becomes blurred, or you have a stinging smarting, practically immediately rests, refreshes and tones up tired or weak eyes. It makes them feel just like a long cold drink of pure water makes you feel after you have walked for hours in the boiling hot sun.

It quickly restores impaired vision due to simple inflamed conditions of the eye. The discovery of one of the ingredients contained in Lutexone has almost revolutionized the treatment of eye troubles mentioned above. It is now widely used by eminent eye specialists everywhere. Lutexone is such a wonderful eye remedy that it should be kept in every home to use after automobile or when you use your eyes too much or late at night, or when your eyes become inflamed, or congested from any cause. It is an absolutely safe and most pleasant preparation to employ. I always prescribe it in all ordinary cases of eye trouble that come to me. If you are nervous or run-down you should also take two five-grain tablets of Lutexone iron three times a day after meals, as this will greatly improve your eyes by quickly increasing your physical and mental power.—E. Sauer, M. D.

NOTE: The publication of the above is authorized by the Public Health Laboratories. It is desired to instruct people how to care for their eyes and prevent in-so-far as possible the alarming large number of cases of loss of eyesight that occur every year through carelessness or ignorance. The Lutexone referred to above is carried in stock by Croll Keller and other leading druggists of our city. Advertisement
