

What We Say It Is, It Is

Like Having a Diamond Given to You

That's practically what it amounts to when you buy a stone by the "Diener Save a Watch or Diamond Plan." You never miss the money you deposit—part of your loose change every week, or at other times when convenient.

The method is an easy one—but it accumulates money rapidly.

You Get 6 Per Cent. Interest on Your Savings

One of the great features of this remarkable plan is that Diener pays you 6 per cent. interest on your money. As soon as your savings amount to \$5.00 you can have a 6 per cent. interest-bearing certificate. For each \$5.00 you save such a certificate will be issued to you.

What You Can Do With Your Loose Change

You can buy a Hallmark Wrist Watch, a 15-jewel movement in a beautiful gold case, with convertible bracelet, each link detachable—price \$15.00—for 16 payments plus 4 cents in cash under Plan No. 2.

Nine of these payments will be less than a dollar, and the largest one only \$1.78. You can make them one at a time, or as many as you want to at once, choosing your own time for paying.

You can soon accumulate a fund big enough to buy a fine half karat or larger Diamond. You can begin now laying up your Christmas money and give the best presents you ever gave next Christmas without missing the money. You can use your savings to secure Dinnerware, Silverware, Chime Clocks, or any other goods Diener deals in.

Find Out To-day About This Remarkable Plan

Step into Diener's to-day and ask to have the marvelous plan explained in detail to you. It is wonderfully simple, absolutely free from red tape and no investigation concerning your credit is made. You'll see then why "Diener's Save a Watch or Diamond Plan" is better than credit and twice as cheap as paying installment house prices.

AFTER YOU ARE FORTY

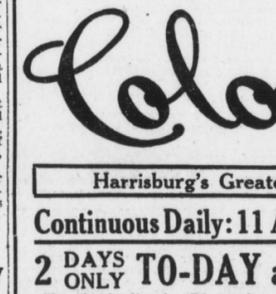

Forty is the age of greatest effort with most people. Vitality is used up at the most rapid pace. The struggle to secure a competence for old age produces nerve strain, the failure to succeed causes worry, nervous breakdown, neurasthenia. Middle-aged people find that they cannot run as fast, nor are they as agile as in youth. The internal organs also feel the effect of age. The digestion resents things that it accepted before, the heart palpitates on slight exertion, the muscles of the back ache after a day's work. Your blood is thinner and not so bright a red as formerly. When these things occur, whether you are fourteen or forty, you need a tonic. Dr. Williams' Pink Pills suit most people's need because they are non-alcoholic and they really build up the blood and strengthen the nerves. Dr. Williams' Pink Pills are useful for growing children and for men and women whose nervous energy has been overdrawn. They are certainly worthy of a trial in every case of weak nerves and thin blood. Your druggist sells Dr. Williams' Pink Pills or they will be sent by mail, postpaid, on receipt of price, 50 cents per box, six boxes \$2.50 by the Dr. Williams Medicine Co., Schenectady, N. Y.
