POLITICAL ADVERTISING

FOR CITY CONTROLLER

DeWitt A. Fry

I THANK YOU FOR YOUR VOTE AND INFLUENCE

Primaries, September 21, 1915.

Dear Sir:

No one realizes more than you as a citizen of Harrisburg, the importance of the office of Alderman. An upright, conscientious man in that position becomes a power for good in his community, while an improper person elected as Alderman can embroil the whole community in which he lives.

I am a candidate for Alderman in the Tenth Ward at the coming primary on September 21 next. I have been a resident of Harrisburg all my life, being born here in October 1890. I have lived in the Tenth Ward for 10 years, and refer you to my neighbors as to my fitness for the office I seek.

If nominated and elected, I pledge myself to a just, honorable and conscientious performance of the duties of the office. After due consideration of my fitness I hereby ask your vote and support both at the primary and general election for the office of Alderman of the Tenth Ward.

Very sincerely,

Geo. L. Klinepeter

TAYLOR, BOWMAN AND LYNCH GAIN

Closing Day of Primary Campaign Finds Voters Lining Up Behind Them

With the primary contests on the verge of being decided at the polls tomorrow candidates of all parties and those running for the city nonpartisan places were very active to-day. Interest in Harrisburg lies largely in the selection of nominees for council, eight to be selected. Some of the candidates and their friends found a widespread misunderstanding of the law. Voters thought they had the privilege of voting for eight commissioners and two candidates for mayor. This is not correct. The law permits the elector to vote for only four councilmen and one mayorality aspirant.

The day brought out the fact that citizens everywhere and of all walks of life and political belief are lining up behind Councilman Lynch, Taylor and Bowman. The uncalculated and unjust attacks that have been directed against these three officials have drawn the attention of the voters to them as could have been done in no other way, with the result that after looking into their records in office hundreds of people have been led to the belief that it would be folly to defeat them for re-election and put into office three new councilmen who would have to begin all over and learn the business of running the city as Messrs. Lynch, Taylor and Bowman had to do two years ago.

Commissioner Taylor has been the subject of particularly vicious attacks for the reason that he refused to be the tool of a certain aspiring politician in the appointment of playground instructors, preferring to let merit rule in the selections. He is receiving as well hearty commendation for his work in extending the river park and for giving the people of the West End and the lower highway department. Mr. Lynch has been equally fortunate in making a good impression on those who have carefully investigated his records. He is a leader at street cleaning and the system he has been operating has changed things wonderfully for the better, and since he has had the new asphalt repair plant he has been doing much in the way of putting the asphalt highways into repair.

The most significant feature of the closing day of the campaign was the manner in which Lynch, Taylor and Bowman are coming to the front and they give promise of running well up on the ticket.

Brakeman Shaub Dies in Coatesville Hospital

Kurwin J. Shaub, aged 36 years, 1720 Penn street, died yesterday morning at the Coatesville hospital from injuries received in a rear-end freight collision near that place. Mr. Shaub was a brakeman on the Philadelphia division of the Pennsylvania railroad.

He was enroute east on a preference freight, leaving Enola at 5 a. m. When the train reached the Philadelphia and Thorndale branch the brakeman went to the cabin to eat. Another freight train pulling over from the main line to the Thorndale branch crashed into the cabin in which he was riding. The cabin was smashed and Shaub was thrown down an embankment.
