It Ruins Hair to Wash It With Soap

Soap should be used very sparingly, if at all, if you want to keep your hair looking its best. Most soaps and prepared shampoos contain too much alkali. This dries the scalp, makes the hair brittle, and ruins it. The best thing for steady use is just ordinary musifed coconut oil (which is pure and greaseless), and is better than soap or anything else you can use. One or two teaspoonfuls will cleanse the hair and scalp thoroughly. Simply moisten the hair with water and rub it in. It makes an abundance of rich, creamy lather, which rinses out easily, removing every particle of dust, dirt, dandruff and excessive oil. The hair dries quickly and evenly, and it leaves the scalp soft, and the hair fine and silky, bright, lustrous, fluffy and easy to manage. You can get musifed coconut oil at any pharmacy, it's very cheap, and a few ounces will supply every member of the family for months.—Advertisement.

DELEGATES ARRIVING FOR BIG CONFERENCE

(Continued From First Page.) mittees appointed before the close of the conference last year. Sessions were held to-day to complete reports to be presented at the sessions, which will be held all this week. Bishop W. W. Weekley, of Parkersburg, W. Va., will make the opening address to-morrow. Routine business will follow, ending with the appointment of committees. In the afternoon the chief item of business will be the report of the Rev. Dr. D. D. Lowery, this city, the conference superintendent. T. G. Spangler will also give a report on the work of the conference missions and church extension society. The day will close with a sermon in the evening by the Rev. B. F. Daugherty. Expect Local Changes Much interest is being shown by United Brethren Church members in the conference sessions, as some big changes are expected locally. The reports on Sunday school and church work during the last year are expected to show big increases in the number of new members added and the amount of work done by the congregations. At least 100 delegates are expected to be present and will be the guests of the Rev. P. H. Balsbaugh and members of the Sixth Street church. Sunday morning at 10 o'clock the report of the stationing committee will be given. Statistics given last year during the conference sessions showed there were 143 churches, with a membership of 21,765, a net gain of almost 1,000 over the number for 1913. One hundred and six young people's societies, with more than 3,000 members, 143 Sunday schools and almost 3,000 teachers and officers, together with an enrollment of 28,748 members, were included in the report. The church property of 142 churches, valued at \$1,250,000, and 55 parsonages with a valuation of \$177,700 were additional proofs of the strength of the East Pennsylvania Conference district. The delegates as they arrived in the city were sent to the following homes: Those Entertaining Ministers A list of homes where ministers and delegates may be found is announced in the conference directory is as follows: Allentown—Linden Street, The Rev. HOW HE QUIT TOBACCO

This veteran, S. E. Lamphere, was addicted to the excessive use of tobacco for many years. He wanted to quit but needed something to help him. He learned of a free book that tells about tobacco habits and how to conquer it quickly, easily and safely. In a recent letter he writes: "I have no desire for tobacco any more. I feel like a new man." Any one desiring a copy of this book on tobacco habits and how to conquer it can get it free, postpaid, by writing to Edward J. Woods, 32 G. Station, 254 North Sixth street, Harrisburg, Pa. He will be surprised and pleased. Look for quieter nerves, stronger heart, better digestion, improved weight, increased vigor, longer life and other advantages if you quit poisoning yourself.

INDOOR LIFE MAKES FAT

TAKE OIL OF KOREAN TO KEEP WEIGHT DOWN, OR TO REDUCE SUPERFLUOUS FAT People who are confined within doors and who are deprived of fresh, invigorating air and exercise must take precaution to guard against over-stoutness, as fat acquired by indoor life is unhealthy and a danger to the vital organs of the body. Lack of exercise in the fresh air weakens the oxygen-carrying power of the blood, so that it is unable to produce strong muscles and vitality and the formation of unsightly and unhealthy fat is the result. If you are 15 or 20 pounds above normal weight, or are drawing on your reserve strength and are constantly lowering your vitality by carrying this excess burden, so that they are not stout should go to a good druggist and get a box of oil of korean capsules, and take one after each meal, and one just before retiring at night. Even a few days' treatment should show noticeable reduction in weight, digestion should improve, energy return, feet become warmer and the skin less flabby in appearance. Oil of korean is inexpensive, cannot injure, helps in digestion and is designed to increase the oxygen-carrying power of the blood. Any person who wants to reduce their weight 15 or 20 pounds should give this treatment a trial. There is nothing better.—Advertisement.

YOUR PRINTING NEEDS

will be best supplied where the facilities for such work are the best. When you consider that the printed material you use represents a capital investment which you calculate should bring to you many times its cost—THE PRICE OF QUALITY SHOULD BE THE CONSIDERATION If clients are to see the printed material they use, your thought should be the quality, rather than the price. Which doesn't mean that the price need, or should be, exorbitant. The Telegraph Printing Co. produces the highest grades of work in its respective lines. All of it is based upon quality at prices which are most fair for the work. We are printing specialists, as well as being leaders in the associate lines; binding, designing and photo-engraving. AN EASY WAY TO END CATARRH FOREVER

Simple Home Treatment Destroys Germs of This Dangerous Disease The reason why so many people who suffer from Catarrh never seem able to get cured is that they are continually seeking the momentary relief of sprays, douching, greasy creams, ointments, etc. Such things do open up the swollen nostrils and clear the head temporarily, besides stopping for a while the disgusting blowing, sneezing, spitting and choking, but they never cure. To drive out Catarrh for good you have got to get down to its real cause. Catarrh is a germ disease. The air is always full of catarrh germs thrown off by one person or another and when the system does fail to throw off such germs they find permanent lodgment in the nose, throat and head and multiply rapidly. The germs of catarrh can be best destroyed by the pure medicated air of Hyomel (pronounced High-ome). This splendid and powerful combination of oil of Eucalyptus and other healing agents has a wonderful germicidal action. You breathe its air into your nose, throat and chest by means of a small hard rubber inhaler which supplies with every treatment. This medicated air is certain death to the germs of Catarrh and drives them completely out of your system and when the germs are destroyed the catarrh with all its disagreeable symptoms will stop. Even two or three minutes' use will give refreshing relief, while, if you will use it two or three times a day for a few weeks it will completely banish catarrh and every symptom of catarrh. As Hyomel is pleasant to breathe and is always sold by druggists everywhere with a positive guarantee of successful results or money back, surely no Catarrhal sufferer should go long before trying this simple home remedy.—Advertisement.
