Entente Powers May Send "Collective Ultimatum" to Balkan Country

RUMANIA STILL NEUTRAL Hour Has Not Arrived For Her Participation in Great War

London, Oct. 5, 1.40 p. m.—"It is Russia which has precipitated the trouble in the Balkans by insisting that a handful of German officers in civilian dress be expelled from Bulgaria."

Up to noon to-day in Petrograd no answer had been received to the ultimatum sent by Russia to Bulgaria.

According to a new agency dispatch from Nish the entente powers were to have supplemented Russia's action by sending yesterday a collective ultimatum to Bulgaria.

The dispatches to a Milan newspaper from Sofia says that a military convention was signed some time ago between Bulgaria, Germany and Austria.

Rumänien, according to quoted remarks of her premier printed in Italy, will maintain her neutrality for the time at least, the responsible head of the government declaring the hour had not arrived for Rumania's participation in the war.

PRAISES ROADS, ALSO School Children, Guardsmen and Officials Extend Warm Welcome

Ligonier, Pa., Oct. 5.—Governor Martin G. Brumbaugh arrived here at 11 o'clock this morning from Bedford on his tour of the State by automobile. The State Executive and his party of eighty persons, including many women, in twenty automobiles, were accorded a hearty welcome and a public meeting was held in the Public Square at which 4,000 persons, including members of Company I, of the Tenth Infantry, National Guard of Pennsylvania, Captain Wade T. Kline, commanding, and many school children were in attendance.

Governor Brumbaugh expressed himself as being satisfied with the reception he has received everywhere on the trip. He left Bedford at 9 o'clock this morning for Ligonier and enroute here short stops were made at Grandview and Stoyestown. At both these towns the school children were dressed in their best and assembled in the streets in the business sections of the two towns.

Arriving here, the Governor was met by Burgess E. R. Griffith, members of City Council, and a large committee of business and professional men. A committee numbering between forty and fifty members of the Greensburg Board of Trade came here by automobile to escort the State Executive to Greensburg. Judge A. D. McConnell, Cyrus E. Woods, Secretary of the Commonwealth, and former Congressman E. E. Robbins were among the Greensburgers to meet the Governor here.

At the meeting in the Public Square, Governor Brumbaugh was introduced to the crowd by former Congressman Robbins. The address was brief and the Governor told of the good roads in the territory which he had traversed and of the beautiful scenery in Pennsylvania. He said that the grandest scenery in the world is found in Western Pennsylvania and asked his hearers to advertise their beautiful towns and bring tourists there.

Bloodstained Clothing Found in Satchel at Schoolhouse

Marietta, Pa., Oct. 5.—Finding a grip and satchel at the Adamstown schoolhouse has caused considerable excitement in the community as it is believed a murder has been committed. The satchel contained blood-stained clothing, consisting of a woman's shirtwaist, petticoat, half dozen handkerchiefs, a stickpin and a man's newly-laundered shirt. Authorities have begun an investigation.

Whether or not the find has anything to do with the sudden disappearance of seven-year-old Fannie Loy of Adamstown, from her home last week, remains a puzzle. School children made the find in the toilet of the room and it has since been learned that a light was seen in the building on several occasions at night, but no attention was paid as it was presumed the teacher was there.

Patterson, State chairman of the Pennsylvania Woman Suffrage party. The forecast was made in response to queries that have been coming from all parts of the State during the past month.

The first question put up to Miss Patterson was: "What are the Pennsylvania suffragists going to do if they win their campaign?"

If They Win "That is a question which every woman should answer for herself," she replied. "As a member of the State Association, however, I may say that the opinion of the majority of the suffragists is that our State-wide organization should be continued, but as an educational organization rather than as a political one. In other words, there is no intention upon the part of the women to segregate themselves into a political party. Each woman will choose her own political affiliation."
