Here's a Dyspepsia Remedy That is Really Guaranteed by Your Own Druggist

One of the greatest successes in the sale of medicine has been achieved by M-I-O-na, the standard dyspepsia remedy, and its sale is increasing so rapidly that many druggists have hard work to keep a stock on hand. It is very popular with bankers, business men, lawyers and others whose business or profession keeps them closely confined. Those who have brought on indigestion through irregular eating, worry, or other causes, have found relief in M-I-O-na.

M-I-O-na comes in tablet form and is sold in a metal box especially designed for convenience in carrying. It is pleasant in the pocket or purse. It is pleasant to take, gives quick relief and should be used at the first sign of indigestion. This remedy has been so uniformly successful that all druggists guarantee to refund the money if it should not prove entirely satisfactory. Do not doubt any other dyspepsia medicine ever had a large enough percentage of cures so that it could be sold in this manner. A guarantee like this speaks volumes for the merit of the remedy.

There is no time like the present to do a thing that ought to be done. If any one has dyspepsia, to-day is the best time to begin curing it by going to H. C. Kennedy or any leading druggist in this vicinity and buying a box of M-I-O-na on this money-back guarantee.—Advertisement.
