THE GLOBE, "The Big Friendly Store"

From the Home of the OVERCOAT

Here's an Announcement of the Greatest Importance

Just, out of their wrappings and onto the racks of our crystal-glass wardrobe cases have gone the richest display of Overcoats that Harrisburg has ever seen.

These marvelous over-garments are scheduled to set all tongues a wagging before snow flies, and in showing these Fall weights at this time we're not only letting you take a peek behind the scenes, but also offering you a chance to get right down in the orchestra circle where there's going to be standing room only when the curtain goes up for the big act.

You will find Overcoats at any price you want to pay---

\$15, \$20, \$25 and more

These top Coats are medium weight fabrics in the most beautiful autumnal colorings imaginable. Some have velvet collars in harmonious shades, while others have self collars. Many styles to choose from, single and double breasted models.

DIES OF MINERS' ASTHMA

Special to The Telegraph. Lykens, Pa., Oct. 12.—John Gittings, one of Lykens' oldest residents, died yesterday after a long illness of miners' asthma.

CHAS. J. WATSON MOE L. COOPER

WHEN we first went out into the market to buy Worthy Clothes, and intimated to manufacturers what we were going to sell them for, they said:

"You can't do it—your margin of profit is too small—you're a new concern and you won't be able to do the volume of business to offset the small profits."

But we had been doing business with Harrisburg men for years—we knew them and their wants—and we had confidence in their judgment.

And we sized up the situation correctly.

Men—hundreds of them—young, middle-aged and elderly—men in every walk of life—came here last season—purchased—and are now coming back again for their Fall and Winter garments.

If you are not one of them, now is a good time to get on the road to "clothes-satisfaction."

Worthy Suits and Overcoats \$15 \$20 \$25

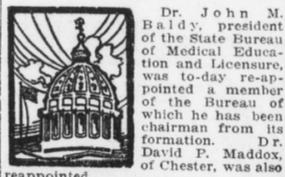

point the way—our guarantee insures a smooth journey to your destination.

14 N. Third Street—next door to Gorgas' Drug Store—is the home of Worthy Clothes.

DR. BALDY NAMED TO MEDICAL BOARD

Philadelphian Appointed For Full Term—Insurance Board Will Meet Tomorrow

Dr. John M. Baldy, president of the State Bureau of Medical Education and Licensure, was to-day re-appointed a member of the Bureau of which he has been chairman from its formation. Dr. Baldy, David P. Maddox, of Chester, was also

reappointed. Both doctors were members of the original board. Dr. Baldy was instrumental in the enactment of the legislation for consolidation of the boards and in other matters connected with the establishment of the bureau and development of its work. He is a resident of Philadelphia.

Board to Meet—The State Insurance Board will meet to-morrow when some of the details of its organization will be worked out. Some selections of officials may be made and the schedule taken up.

Legislative Visitors—Visitors to the Capitol included: Senator Joseph H. Thompson, Beaver Falls; Representative James F. Woodward, McKeesport, and Representative Joseph Evans, Jr., Nanticoke.

Maurer Raises Question.—The question whether traction companies operating interurban lines must provide employees and the public with toilet facilities under the public service company law of 1913 was raised to-day before the Public Service Commission in a complaint filed against the Oley Valley Railway Company by James H. Maurer, of Reading, president of the State Federation of Labor and a member of the Legislature. The Oley Valley line operates between Reading and Boyertown, a distance of seventeen miles and it is charged that

TODAY'S BEAUTY SUGGESTIONS

Face powder simply covers up an unattractive complexion and leaves no lasting benefits. Those who have tried a simple sprumax face lotion find it much better, as it removes skin discolorations, such as freckles and tan, and makes the skin smooth, white and velvety. This lotion is made by dissolving four ounces of sprumax in one-half pint of water, then adding two teaspoonfuls glycerin. This complexion beautifier does not rub off or show like powder, and gives a more refined appearance. It removes both shininess and sallowness, rapidly giving the skin a permanent healthy, youthful appearance. An especially fine shampoo for this weather can be had at trifling expense by dissolving a teaspoonful of canthox in a cup of hot water. Pour slowly on scalp and massage briskly. This creates a soothing, cooling lather that dissolves and removes all dandruff, excess oil and dirt. Rinsing leaves the scalp spotlessly clean, soft and pliant, while the hair takes on a glossy richness of natural color, also a fluffiness which makes it seem very much heavier than it is. After a canthox shampoo arranging the hair is a pleasure.—Advertisement.

It has not provided facilities described. No Appointment Soon.—Judge Joseph W. Bouton, of Smethport, McKean county, was among the governor's callers to-day. The judge was accompanied by several friends and it was reported that they had launched a boom for the judge to succeed the late Justice John P. Elkin, of the supreme court. The Governor gave no encouragement and it is reported about the Capitol that friends of men who aspire have seen to it that the matter of an appointment will not be considered for some time to come.

Mr. Trinkle Resigns.—The attorney general is expected to act during the day on the resignation of William N. Trinkle, of Philadelphia, as counsel of the Public Service Commission. Mr. Trinkle resigned some time ago to go into private practice. Officers Appointed.—The adjutant general's department to-day announced that the governor had appointed Captain George Blair, company K, Third infantry, Philadelphia, to be major, and Second Lieutenant James Miller Boyd, company F, First infantry, Philadelphia, to be first lieutenant, Captain Thomas R. Hughes, company A, Ninth infantry, Dorrance, Pa., has resigned and been placed on the supernumerary list.

How to Pick Apples.—Dr. H. A. Surface, the State Zoologist, has written a series of hints to persons interested in apple culture telling them how to select apples for showing. Dr. Surface has won quite a number of blue ribbons and prizes in the display of apples and peaches raised in his orchards and his pointers are valuable to those interested in such displays.

Board May Meet To-morrow.—The State Livestock Sanitary Board will have a meeting to-morrow at which modification of the quarantine against Illinois cattle will be considered. Officials here have received no official notice of the raising of the federal quarantine against the State because of foot and mouth disease.

Captain Bierer Dead.—Captain Daniel M. Bierer, of Uniontown, well known among national guardsmen of the state and known to a number at the Capitol, died at his home in that city yesterday. The captain commanded the Uniontown company of the Tenth Regiment in the Philippines.

May Reach \$1,500,000.—It is probable that in a short time the payments of school money will reach the \$1,500,000 mark. Over \$1,250,000 has been paid out.

Typhoid at Bloomsburg.—Four well-developed cases of typhoid fever have appeared at Bloomsburg, according to information reaching here. State officials are making an effort to end the infection.

More Arrests.—Dairy and Food Commissioner James Foust to-day ordered the arrest of twenty persons in Allegheny, Westmoreland, Somerset and Lehigh counties for the sale of milk and cream not up to State standards.

Gave \$1,000.—Colonel J. H. Cummings, of the Governor's staff, who was a member of the Governor's party on the tour, has donated \$1,000 to Juniata College, which he visited on the trip.

Buckman Gets Agent.—Senator C. J. Buckman, of Bucks county, has arranged for the establishment of a farm bureau agent in Bucks county.

MISS ANNA PRICE DIES

Special to The Telegraph. Hummelstown, Pa., Oct. 12.—Miss Anna Price died at her home yesterday afternoon from a stroke of paralysis ten days ago. She was aged 54 years and is survived by her twin sister, Miss Elizabeth Price, instructor in the borough schools, and her father. Funeral services will be held on Thursday afternoon by the Rev. Robert A. Bausch. Miss Price formerly lived at Harrisburg.

THINKS SUFFRAGE WILL GO THROUGH

Husband of State Leader Who Drove Truck Believes in Amendment

One of the most interesting analyses of the probable effect of the tour of the Woman's Liberty Bell on the voters of this State was made here to-day by Frank M. Roessing of Pittsburgh.

For the past ten days Mr. Roessing has acted as a volunteer chauffeur and mechanic for the bell party and driven the huge truck bearing the bell through half a dozen counties. As a result of his observations along the route and his study of the crowds that came out to see the bell and participate in the receptions accorded it, Mr. Roessing believes that there is enough real suffrage sentiment in the State to assure the passage of the suffrage amendment on Election Day.

Victory in Sight "I have always believed that the game fight which the women have been putting up for the past three years would bring them victory," he said. "But I have always refused to be quoted to that effect because I have felt that there might be people who would misunderstand and say, 'Oh, he's got to predict victory. Look who his wife is.'"

For the benefit of the uninitiated it should be casually mentioned that Mr. Roessing is the husband of the President of the Pennsylvania Woman Suffrage Association. But that fact really has nothing to do with my present predictions," he continued, with a smile, "for I'm talking about my own personal observations on the situation and not those of Mrs. Roessing. Naturally, I want to see her win, just the same as the thousands of other husbands whose wives have worked so hard in this campaign. We know the ideals they are fighting for and we're with them to a man, and if good wishes and encouragement amount to anything

they'll win by the biggest majority ever rolled up in this State.

"I started with the bell from Harrisburg on October 1 and drove it through Cumberland, Franklin, Fulton, Adams, York and Lancaster counties. And as I look back on the big friendly crowds and the cheering incidents all along the route, I can't help but feel that the women are going to win.

"They have got the rural vote cinched. Every meeting we held in the farming sections brought out big crowds. I reckon it's because the farmers have perhaps a better appreciation of the real abilities of their wives than the average city man, that they are all so strong for suffrage. But the city men are warming up, too."

How to Destroy Catarrh Germs and End Catarrh Forever

Catarrh is a germ disease and the only way to cure it so it will stay cured and never come back is to kill and drive out of your system the catarrhal germs which have found lodgement there. When the germs go the catarrh will stop. The trouble with most treatments, like sprays, salves, creams, greasy balms, lotions, etc., is that they give only temporary relief by opening up for a while the clogged head, throat and nostrils. In a little time the Catarrh comes back as bad as ever.

People who suffer continually from catarrh should drop such temporary makeshifts and get something that really gets at the root of the disease and stamps it out. There is nothing better for such cases than breathing into your nose and lungs the pleasant, soothing, healing, germ destroying air of Hyomei (pronounced High-oh-mey) made from purest oil of Eucalyptus and combined with other powerful healing, antiseptic and germ-destroying ingredients. Hyomei penetrates and cleans the inflamed, swollen membranes of your nose and throat, stops discharges, clears the passages and completely overcomes the disease by destroying its cause. For catarrh germs cannot live in your body after Hyomei reaches them. H. C. Kennedy and many other druggists in Harrisburg and vicinity have long sold Hyomei on a positive guarantee of successful results or money back and find this generous policy pays. Most druggists are now giving a pocket inhaler made from hard rubber with every complete treatment. This makes a very simple, easy and convenient as well as a thoroughly reliable means of treating by the best known method this dangerous and often disgusting disease.—Advertisement.

THE MONEY-BACK JEWELRY STORE

THINK OF BUYING Diamonds

at One-Fifth Off

Why, it's almost like buying gold dollars at eighty cents—for diamonds have a standard value—a value which is always in the ascendancy. But when we hold a clearance sale — as we are doing now — nothing is held out of the event—not even diamonds.

So until Saturday night next—when our sale closes—you may choose a mounted or unmounted stone from the largest stock of diamonds in the city, ranging in values from \$5.00 to \$600.00, for

\$4.00 to \$480.

And bear this in mind—every stone will be represented to be just what it is—and with it will go our Unrestricted Money-Back Guarantee.

Jewelry—Watches—Clocks—Table Silver—Silver Hollowware—Leather Goods—Cut Glass—Fountain Pens—in fact, any article in the store may be bought at one-fifth less than the price on the original price ticket which still remains on each article—provided it is purchased before the
