TO THE BUYING PUBLIC

There is a striking contrast in the Doutrich way of doing things, to have our advertisements as well as our methods—ring true with a rich silver tone has been our greatest endeavor.

From day to day we speak to Harrisburg through the columns of this newspaper....Reviewing in these messages those things for which this store has always stood, Quality, Economy, Service and Satisfaction, Doutrich Merchandise and Doutrich methods welcome comparison. Put them beneath the microscope; measure them by every standard concentrated against them, the full force of criticism, and if they don't stand the test discard them.

Read our advertisements--consider them as personal messages from Doutrichs to you....they talk about your clothing or clothing that ought to be yours....They will carry many a money saving story to your pocketbooks....They will show you how GREAT A STORE Harrisburg has made of Doutrichs because we played square to Harrisburg.
