

AUTO STUDENTS' CAR SKIDS AND SNAPS OFF POLE

Machine Plays Mean Trick While Men Are on Way to Another Smashup

THREE ARE INJURED Bus Crashes Through Fence and Overturns in Field Along Road

While on the way to Hummelstown this morning to remove an automobile which was wrecked in a smash-up in that town Saturday morning one man was badly injured and three others hurt when the machine in which they were riding skidded at Derry street and Poorhouse lane, smashed into a telegraph pole and broke it off, then crashed through a fence and turned over in the field beside the road.

The men in the auto were: Arthur Shimmel, 1032 Herr street, fractured right leg, bruises about the body, taken to Harrisburg Hospital.

L. E. Miller, Shtremanstown, driver, bruised and cut.

Jacob Bentzel, New Cumberland, and William Johnson, Port Royal, slightly injured.

Taking Auto Course The men, who are taking a course in auto repair work at the Auto Transportation machine shop, 3 North Cameron street, left this morning for Hummelstown to get the machine which was in the smash-up Saturday when Mr. and Mrs. John H. Gay, Philadelphia; Mr. and Harry G. Barnes, Philadelphia; Miss Mary Fox and Robert T. Fox, of Hummelstown, narrowly escaped death.

William M. Felton, owner of the machine, who conducts the course in auto work, preceded the men in another car and did not know that the accident had happened until he reached Hummelstown.

The four men were speeding out of Derry street, they said, and were just going off the paved street when the car skidded on the wheels and followed one of the wheels over a fence and hurled across the road and a telegraph pole was broken off near the car. The car then plunged through the fence over a low embankment into the field.

Shimmel was taken to the Harrisburg Hospital.

I am but a feeble old man who can do nothing but bless Servia's soldiers, citizens, women and children. But I swear to you a new invasion shall bring upon us the shame of being conquered. I shall not survive the ruin, and I, too, shall die with the country."

DEMOCRATIC ENDORSEMENT FOR MR. STROUP

Organ of Democrats in Dauphin County "Heartily Commends" Him as Dist. Atty.

FEARLESS IN OFFICE Put Liquor Law Violators Out of Business and Drove Out Loan Sharks

The inconsistency of the Democratic campaign now being waged against Michael E. Stroup, for re-election as district attorney, is clearly shown by the fact that when there was no political advantage to be gained the Democrats openly endorsed Stroup's course in the district attorney's office.

They did not do this merely in private, but the Patriot, generally recognized as the mouthpiece of the Democratic bosses in this county, not once, but repeatedly approved the course of Mr. Stroup in the conduct of his office.

In the issue of Monday, December 15, 1913, when it was not known that Stroup would be a candidate for re-election and before the Patriot felt free to express its true attitude toward him, that newspaper in a leading editorial said:

"District Attorney Michael E. Stroup is to be heartily commended by the people of Harrisburg and Dauphin county, on the earnest and effective manner in which he presented to the court the evidence gathered by him and the police department under the direction of Col. Jos. B. Hutchison, and the ability with which he prosecuted the case, against the proprietors of two so-called hotels that under successive, different names have long exerted a pestilential influence among the young of both sexes in this city."

The action of the district attorney and the court in these cases will have a widespread influence in promoting good order and morality. It will help to quiet the anxious hearts of many fathers and mothers. It will save some boys and girls from the path that leads straight to perdition, and will help toward providing more and better food, clothing and shelter to women and children now pinched by want."

Now Mr. Stroup's friends are won.

Pestered Papa So He Couldn't Read; So He Just Left Home

Every time Monroe Wise sat down of an evening to peruse the paper, the wife and the youngsters pestered him so he just couldn't read; so he left home.

That was the reason given in October divorce court this morning when Mrs. Katie Wise sued for divorce. From the time her husband left the house in a rage just because the children quizzed him while he was reading the paper about "current events" until to-day she has never seen him.

Mayor Loses One More Chance For Gallery Playing

To the evident chagrin of Mayor John K. Royal, City Council will meet as usual next Tuesday afternoon—election day.

When the question of adjournment was broached at the close of this afternoon's six-minute session City Clerk Miller called attention to the fact that along by assenting, Heretofore Royal waited; so did Mr. Gorgas. Then to the evident surprise of the Mayor, Commissioner Lynch said:

"Oh, I don't see why we shouldn't meet as usual."

Commissioners Taylor, Bowman and Gorgas admitted that there was no reason and the Mayor reluctantly went along by assenting. Heretofore Royal has waited until one of the majority commissioners objected, whereupon he has made an extensive morning newspaper play to the galleries.

Council approved the renewal of the \$5,000 three-year bond offered by the Bell Telephone Company to guarantee the replacing of street paving in proper shape where conduits have been laid down. Ordinances authorizing the opening and grading of Summit street from Mount Pleasant alley to Chestnut; changing width of Bellevue road from Twenty-first to Pentwater road, and striking Brown street from Sixteenth to Seventeenth street from the city official map, were postponed because the City Planning Commission has not yet acted upon them.

"All this is absolute bunk printed with the deliberate purpose of trying to hoodwink the people," declared City Commissioner Harry F. Bowman, superintendent of public safety, speaking of the curious jumble of comparisons between the cost of the

Turkish troops will meet any effort Russia may make to land an army on the Black Sea coast of Bulgaria. It is reported from Athens, and they already are being concentrated. Germans will have charge of the defense, another report states. The Athens report declares it is feared that the Bulgarians could not be counted upon to resist the Russians.

A Bucharest account of the crossing of the Danube by the Austrians in the vicinity of Orzova, near the Rumanian frontier, mentions the presence of a Russian battery with the Serbian forces and of a Russian steamer on the Danube which is declared to have bombarded Orzova.

Under the economic supervision of City Commissioner William H. Lynch, Superintendent of Streets and Public Improvements, Harrisburg's new asphalt repair plant turned out 14,911.6 square yards of asphalt "top" at a cost of only \$6,002.94.

July 14, Commissioner Lynch placed the plant in commission and the figures quoted show what has been done to date.

Of the remainder the city put down 3,221.1 yards for the Harrisburg Railways Company and 2,662.2 yards for the gas company, plumbers, etc., that are classed as "private." Of course, these jobs are paid for by the firms or individuals for which the work is done; all told, the bureau of streets has sent out 142 bills covering the various "outs."

The total cost for manufacturing [Continued on Page 6.]
