TRY THIS FOR A COLD---IT'S FINE!

"Pape's Cold Compound" ends severe colds or grippe in few hours.

You can end grippe and break up a severe cold either in head, chest, body or limbs by taking a dose of "Pape's Cold Compound" every two hours until three doses are taken. It promptly opens clogged-up nostrils and air passages in the head, stops nasty discharge or nose running, relieves sick headache, dullness, feverishness, sore throat, sneezing, soreness and stiffness. Don't stay stuffed-up! Quit blowing and snuffing! Ease your throbbing head—nothing else in the world gives such prompt relief as "Pape's Cold Compound," which costs only 25 cents at any drug store. It acts without assistance, tastes nice, and causes no inconvenience. Be sure you get the genuine.—Advertisement.

"WILLIAM PENN HIGHWAY" PLAN IN GREAT FAVOR

Route Will Be a Parallel of Lincoln Way, With Many Advantages

TO PASS THROUGH H'B.G.

Would Open Great Sweep of Picturesque Pennsylvania to People of State

Governor Brumbaugh's "Seeing Pennsylvania First" tour has resulted in largely increased interest throughout the central part of the State in the proposed William Penn Highway. This route will be a parallel of the Lincoln Highway in the southern part of the State. It will start at Pittsburgh and follow the main State highway from that city to Greensburg, thence to Indiana, Blainville, Johnstown, Ebensburg, Altoona, the Buckhorn road, which is a magnificent concrete highway with curbs and asphalt surface. This road is about five miles long, with beautiful scenic views and most attractive in every way. From Altoona the proposed highway would lead to Huntingdon, to Huntingdon-Tyrone and thence to Huntingdon—Mount Union, Newton Hamilton, McVeytown, Lewistown, Williamsport, Newport, Duncannon to Harrisburg.

Juniata Boulevard
From Huntingdon to Harrisburg through the Juniata Valley, Governor Brumbaugh has suggested that the road might bear the name "The Juniata Boulevard of the William Penn Highway." It is then proposed from Harrisburg the road should lead to Swatara, Hershey and thence through the Lebanon valley, touching Palmyra, Annville, Lebanon and on to Pottsville, Trappe, Norristown and Philadelphia.

This route would be through an important educational district of Pennsylvania as well as a territory embracing many fine farms and picturesque scenery. It would also touch fine cities and large towns.

Advantages of Route
This route, as will be noted, covers an entirely independent highway from Pittsburgh to Philadelphia, except the section between Pittsburgh and Greensburg. It would have many advantages over the Lincoln Highway, especially as there will be but one mountain to cross as compared to the seven on the present Lincoln route and the scenery is even more attractive than over the route from Chambersburg to Bedford to Pittsburgh.

The proposed William Penn Highway was recommended by a commission of engineers appointed by the Legislature some years ago. It has the advantage of being a river level route and avoids heavy grades. In two cities—Huntingdon and Reading—the route would traverse streets in both cities which are named in honor of the founder of the State.

Vast Field for Tourists
There isn't any doubt in the mind of anybody who knows Governor Brumbaugh that he will never be satisfied until the Juniata Valley is opened to the tourists of the world by the construction of a modern highway along the Juniata river and thence across the Alleghenies to Pittsburgh. He believes that every section of the State should be accessible to the thousands of tourists who are only waiting proper roads and facilities to come into Pennsylvania.

At the end of the proposed William Penn Highway will demonstrate that it will accommodate through the main route and by feeders a greater population than any other road that could be built. Already many of the thousands of tourists who are only waiting proper roads and facilities to come into Pennsylvania.

A CENTRAL AFRICAN PENTECOST
Think of a communion service attended by seven thousand and seventy persons! That number were present at a service held at Elat in the interior of Kamerun, Africa, on the first Sunday of January of the present year. Many of the guests were converts for the day amounted to over 800 marks.—The Christian Herald.

An Old, Family Cough Remedy, Home-Made

Easily Prepared—Costs Very Little, but is Prompt, Sure and Effective

By making this pint of old-time cough syrup at home you not only save \$2, as compared with the ready-made kind, but you will also have a much more prompt and positive remedy in every way. It overcomes the usual coughs, throat and chest colds in 24 hours—relieves even whooping cough quickly—and is excellent, too, for bronchitis, bronchial asthma, hoarseness and spasmodic croup.

Get from any drug store 2 1/2 ounces of Pinex (50 cents worth), pour it into a pint bottle and fill the bottle with plain granulated sugar syrup. Full directions with Pinex. Keeps perfectly and tastes good.

You can feel this take hold of a cough or cold in a way that means business. It quickly loosens the dry, hoarse or painful cough and head the inflamed membranes. It also has a remarkable effect in overcoming the persistent loose cough by stopping the formation of phlegm in the throat and bronchial tubes.

The effect of Pinex on the membranes is known by almost every one. Pinex is a most valuable concentrated compound of genuine Norway pine extract combined with guaiac and other natural healing pine elements.

There are many worthless imitations of this famous mixture. To avoid disappointment, ask your druggist for 2 1/2 ounces of Pinex, and do not accept anything else.

A guarantee of absolute satisfaction or money promptly refunded, goes with this preparation. The Pinex Co., Ft. Wayne, Ind.

3 GERMANS HELD ON CONSPIRACY CHARGE

[Continued From First Page.]

do not expect to take any active part in the present investigation.

By Associated Press
New York, Oct. 26.—Robert Fay, a lieutenant in the German army, Walter L. Scholz and Paul Daecher were arraigned in a Weehawken, N. J., police court to-day on charges connected with an attempted plot to blow up steamships sailing from New York with munitions for the allies. The three men were discharged by the court, but were immediately arrested by federal agents on charges of conspiracy sworn to by Chief Flynn of the secret service.

Fay and Scholz were brought to New York in custody to-day of federal officers. They will be arraigned later before United States Commissioner Houghton on the complaint sworn to by Chief Flynn. The complaint charges that the three men, in conjunction with Dr. Herbert Kienzie, held in \$25,000 bail yesterday and Max Breitung, still at liberty, conspired to commit an offense against the United States.

Kienzie Hearing Next Week
Kienzie, manager of a clock company, who is charged with having aided the alleged conspirators in obtaining explosives used by Fay, is in the Bronx prison awaiting examination on November 4. It was said that Fay, who in his confession claimed to be head of the conspiracy, had spent \$30,000 in six months on his experiments with explosives intended to wreck steamships carrying munitions to the allies. A mass of German correspondence seized among the effects of Fay and Scholz was translated to-day. It was said that other arrests may be made of men now operating in Philadelphia, Baltimore and other eastern cities.

Daecher Holds Up Trip
Daecher at first agreed to go to New York with the federal officers, but when counsel advised him that he had the right of arraignment before the nearest federal commissioner he claiming that privilege saying he had nothing in common with the others and did not care to go to New York without arraignment. He was then turned over to an assistant of Chief Flynn.

While waiting for the men to be transferred to his custody this morning Chief Flynn said he was in possession of information which showed that Fay had told a man named Veig that the proper way to stop the shipment of munitions to the allies was to blow up the chemical works. He explained that it was useless to try to blow up shell and powder because those plants could make repairs easily and the worst damage that could be done them would delay them only a week or so. If the chemical plants were attacked they would be at the fountain head and repairs could not be quickly made.

Fay had also, the chief said, ridiculed some of the bombs found on various ships in the harbor and declared they were no good and made by amateurs. "Joke bombs" he termed them. He said they would do no damage.

ed them. He said they would do no damage.

According to the chief, Fay asserted that when he left Holland for America on the Rotterdam he carried a letter to a very high official but on the first day out he destroyed it, fearing he might be searched and the letter found.

Chief Flynn, when asked if he considered that Captain Boy-Ed and Captain Von Papen had been implicated in any way, replied that Fay absolved them from all participation.

Two alleged fake opticians were still at work to-day in Harrisburg. Hasty orders were sent out by Joseph P. Thompson, acting chief of police, to all patrolmen to try and round them up. Two complaints were received from the Allison Hill district. Late yesterday afternoon, a report came from an uptown resident that she had been fleeced out of \$20. The men were selling glasses good for cataracts. Their price was \$50. They dropped to \$20 and took the woman's check.

Fake Opticians Sell "Glasses For Cataracts" Made of Windowpane
The glasses sold to the woman were found to be ordinary window glass.

JUNIATA COLLEGE TRUSTEES MEET WITH GOVERNOR
Governor Martin G. Brumbaugh met with the Board of Trustees of Juniata College, Huntingdon, Pa., of which board he is a member, at the Executive Mansion yesterday afternoon. The Governor was formerly president of the institution, and is still greatly interested in the welfare of the college. Steps are being taken to provide for the rapidly increasing demands on the college in the way of providing facilities for accommodating new students, and at the meeting yesterday, which was the regular quarterly session, one of the trustees, J. J. Oler, of Waynesboro, agreed to providing facilities for accommodating cost of the new dormitory which is so badly needed and which it is hoped will be erected next year.

The trustees who were present included: Governor Brumbaugh, P. J. Blough, of Johnstown; J. J. Oler, of Waynesboro; Henry L. Gibble, of Littleton; Mrs. Mary S. Geiser, of Philadelphia; Dr. G. M. Brumbaugh, of Washington; Mrs. Jennie S. Newcomer, of Hagerstown, Md., and J. A. Myers and Prof. I. Harvey Brumbaugh, from the college itself.

SYMPTOMS OF DEBILITY
People who are tired all of the time and never feel rested even after a long night in bed, who cannot regain weight and strength, whose step lacks elasticity and who feel no joy in living, are debilitated.

IT IS SERIOUS

Some Harrisburg People Fail to Realize the Seriousness of a Bad Back.

The constant aching of a bad back, the weariness and often sharp, shooting pains shot through my kidneys. It often laid me off from work. I wasn't able to straighten after stooping on account of severe pains in my back. Doctor's medicine and other remedies gave no lasting benefit. Doan's Kidney Pills, however, quickly relieved me and I have never had to lay off from work since. At times, I feel a touch of backache, but Doan's Kidney Pills never fail to relieve me.

Price 50c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Dare had. Foster-Milburn Co., Props., Buffalo, N. Y.—Advertisement.
