MISS MARGARET MILLER Violinist

MISS GRACE RANDALL Reader

BENEFIT CONCERT TOMORROW NIGHT

Interesting Program Will Be Presented at P. R. R. Y. M. C. A. Hall

An unusually attractive program of entertainment will be presented by the Ithaca Conservatory Concert Co., to-morrow evening at the Pennsylvania R. R. Y. M. C. A. under the direction of the Camp-Curtin Memorial Methodist church. The Ladies' Quartet includes Miss Norma Dye, pianist; Miss Lucile James, mezzo-soprano; Miss Margaret Miller, violinist; Miss Grace Randall, reader, and the program is replete with numbers appealing to all types of people. Miss Randall's readings and delineations of character are true to nature and most pleasing. Miss Margaret Miller's violin selections are played with skill and rare interpretation. The admirable vocal work of Miss Lucile James is combined with a charming stage presence, while Miss Dye, the pianist is versatile and possessed of a fine technique. The entertainment opens at eight o'clock promptly.

Full of Rheumatism?

Your Case is Not Hopeless When You Know Where to Seek Relief
H. C. Kennedy or any druggist in this city will promise to give your money back if you are not cured of rheumatism after using two bottles of genuine Rheuma. To those who know the wonderful results secured with Rheuma this offer is not necessary, but there are many who have failed to get results with other medicines and this offer is made to convince the sceptical. Hear what T. M. Baird, of Delton, Mich., has to say: "I was taken with rheumatism in my hips and limbs. It was all I could do to walk or work. Last Spring I tried a bottle of Rheuma, and three bottles did the work. I am not the only one here who has been benefited. Rheuma cures the system of uric acid, the poisonous sediment which is the chief cause of rheumatism. Be sure to get the genuine—ask for Rheuma in liquid form. 50 cents.—Advertisement."

Reasons For Unusual Coal Conditions

Five reasons why you should fill your bins now with an all-winter supply.

- 1—Miners are scarce and growing scarcer. Foreigners are going home to fight. Americans are being drawn to the steel mills by the lure of high wages.
 - 2—"Tight money" has deferred the usual summer shipments—every one will want coal at one time.
 - 3—Railroad equipment is in bad repair.
 - 4—An enormous crop has been harvested and must be moved to market.
 - 5—The output of steel mills has greatly increased. A further strain on railroad equipment.
- Labor trouble, car shortage, etc., will have a large bearing on the quality of coal shipped later in the winter.
- If you have room for coal—better put it in now while the quality is good.
