### How to Prevent Gripe and Pneumonia

A simple cough is really one of our best friends. It serves as a warning of inflammation or irritation in a dangerous place. Let a cough go on without attention and "wear itself out" and you are likely to be sorry. Most cases of Gripe, Pneumonia, Bronchitis and other serious throat and lung trouble come from a neglected cough. But even the worst cough can usually be stopped in a few days, while simple coughs, taken in time, can often be cured in twenty-four hours by allowing a little Oxidase (in tablet form) to dissolve slowly in the mouth every two or three hours. Relief from the tickling throat irritation comes almost immediately, as the healing antiseptic juices of Oxidase reach the inflamed membranes. Dry, hoarse, tight coughs respond readily to this pleasant treatment and by stopping the formation of phlegm in the throat and bronchial tubes the persistent loose cough is soon overcome. As a treatment for coughs, colds, throat, lung and bronchial ailments Oxidase in tablet form is surely a wonder. You can easily carry the tablets about with you, use them whenever needed. They are pleasant to take, inexpensive, contain no harmful drugs, are a physician's prescription, and George A. Gorgas and many other druggists in this city and vicinity will sell them agree to refund the full purchase price in any cases where a package of ninety Oxidase tablets fails to stop a cough and end a cold. If you are subject to colds, get a package from your druggist on this liberal guarantee and see for yourself how it keeps the cold away altogether. Be sure to insist on Oxidase and take nothing in its place.—Advertisement.

### HENDERSON GILBERT WILL REPRESENT CHAMBER

Henderson Gilbert, retiring president of the Harrisburg Chamber of Commerce, has been appointed as the representative of the local Chamber in the national council of the Chamber of Commerce of the United States. He was selected by the board of directors of the Harrisburg Chamber.

### Superdreadnaughts May Be Built at Gov. Plants

Washington, D. C., Nov. 18.—Whether construction of the two superdreadnaughts authorized by the last Congress, bids for which were opened at the Navy Department yesterday, will be undertaken at government plants, to-day depended upon the result of a careful study by naval officials of figures submitted by private shipyards.

Private bidders apparently failed to keep their proposals within the \$7,800,000 limit, the cost fixed by Congress for hull and machinery of each ship. The government ship plants, on the other hand, including those at New York, Philadelphia and Mare Island, all submitted bids within the limit, most of them being below \$7,000,000.

### PROTEST AGAINST CIRCULAR SENT OUT BY COMPTROLLER

New York, Nov. 18.—The executive committee of the national bank section of the American Bankers' Association announced to-day that at a meeting of the committee a resolution was unanimously adopted protesting against the circular issued by Comptroller Williams, of the Treasury Department, charging national banks with exacting usurious rates of interest.

### MACHINISTS ORGANIZE

The machinists of Harrisburg have organized a lodge, and the charter will be open until December 7. There have been several meetings and quite a few have put in applications. The next meeting will be held to-morrow, at 8 o'clock, at Bartenders' Hall, Fourth and Walnut streets.

### SHAH READY TO FLEE AS RUSSIANS DRAW NEAR

THE YOUNG SHAH OF PERSIA  
Petrograd, Nov. 18.—Dispatches from Teheran, Persia, say that the Russian forces are within forty-five miles of the place and that the Germans, Austrians and Turks are preparing to leave, having deposited the archives of their legations to the American Legation. It is reported that the entire court, including the youthful Shah, who succeeded to the throne last year at the age of sixteen, are prepared to flee to Ispahan unless terms can be made with the Russians.

### BIG STEEL FOLD OF INDEPENDENTS

Mammoth Combine to Be Result of Purchase of Cambria Stock From Pennsy

Pittsburgh, Pa., Nov. 17.—Following the recent conference at the home of E. V. Babcock, here, which was participated in by J. L. Replogle, who lately purchased the Pennsylvania Railroad holdings in the Cambria Steel Company and many other prominent steel men and bankers, the report was current in financial circles to-day that a gigantic combination of independent steel concerns is in process of formation. The new combine, according to reliable information, will include the Cambria Steel Company, at Johnstown; the Jones & Laughlin Steel Company, of this city; and Pittsburgh Steel Company, at Monaca, with a view to taking in the Bethlehem Steel Company and the Midvale Steel Company later. Tentatively included in the new combine is said to be a large Western steel company, representatives of which were

### TO GIVE READINGS

Mme. Lela Walker, a dramatic reader will to-morrow night appear at St. Paul's Baptist church, State and Cameron streets. The entertainment is for the benefit of the church fund.

### Deaths and Funerals

**BROUGHT HERE FOR BURIAL**  
Frank F. Miller, who was killed in Great Bend, Kan., in a tornado last Friday morning, was brought to Harrisburg to-day. He was 67 years of age. He is survived by the following children: Mrs. Joseph Miller, of Harrisburg; Mrs. R. Gerhardt, of Robert Miller, of Sparrows Point, Md.; and Richard Miller, of Harrisburg.  
**FRIENDS DESIRING TO VIEW THE BODY**  
of Frank F. Miller, who was killed in Great Bend, Kan., in a tornado last Friday morning, will be taken up to the Bethel Church on Friday afternoon, at 2 o'clock, the Rev. Floyd Appleton officiating. Burial will be made at Harrisburg Cemetery.  
**MRS. DAVID ARNOLD**  
Mrs. Addie Wenrich Arnold, wife of David Arnold, of 230 Delaware street, died at the Polyclinic Hospital this morning after a lingering illness. She is survived by her husband and four children. The funeral services will be held at her late home, 230 Delaware street, on Monday afternoon, at 2 o'clock, the Rev. J. M. Warden, pastor of the Bethany Presbyterian Church, officiating. Burial will be made at the Harrisburg Cemetery.

### AMERICAN SAYS SHIP WAS SHELLED AFTER STOPPING

In Affidavit Contradicts Austrian Statement on Sinking of Ancona

### THIRTEEN VESSELS SUNK

United States Will Make No Diplomatic Inquiry Into Submarine Warfare

Washington, Nov. 18.—An affidavit by Dr. Cecille L. Greil, the only native American survivor of the Italian liner Ancona, directly contradicts the Austro-Hungarian government's statement that the ship was not shelled by the attacking submarine after she stopped. The State Department was notified of the existence of the affidavit by consular dispatches.

The text of the message which was sent by American Consul Mason of Algiers, follows:  
"Cecille Greil, intelligent, impartial witness, deposition not conclusively as to whether any effort was made to escape by Ancona. First intimation danger when she was in dining salon. Disturbance on deck, stoppage, or blowing of whistle, allowed shortly by shots which struck vessel. Testimony proves that bombardment lasted 45 minutes and continued after vessel had stopped, killing and wounding many persons. Saw destruction vessel by torpedo; saw red and white flag and six cannon on submarine. Knows nothing as to other Americans. Information Algiers and Bizerta considered many persons pending the receipt of detailed information concerning the attack from the foreign office at Vienna through Ambassador Penfield.  
Sufficient information for an inquiry, State Department officials believe, however, is furnished by the Austrian foreign office statement concerning the tragedy which was cabled to the department yesterday by Ambassador Penfield.  
This communication is textually the same as the Austrian Admiralty statement already received by Secretary Lansing, and accordingly was presented to the Ambassador by the Foreign Office before he received the department's cablegram directing him to obtain specific and detailed information.  
The statement says that the Ancona fled at full speed when a warning shot was fired across her bow and denies the Italian government's charges that shots were fired at the steamer after she came to a stop or that her lifeboats were shelled.

### CARELESS SNEEZER ILL BRED GEEZER AND "DISEASER"

City Health Officer Wants Folk to Be Decent and Use Handkerchief

### ADVOCATES FRESH AIR

Declares "If Baby Has One Tooth Give Him One Toothbrush"

Dr. J. M. J. Raunick, city health officer, in the November Health Bulletin issued by the City Bureau of Health takes a crack at the "illbred" soul who sneezes or coughs in public without holding a handkerchief over the mouth and nose.

Dr. Raunick says "colds, grippes, sore throats, and many other contagions are frequently contracted in street cars and at public gatherings, because some ill-bred person coughs or sneezes as if they owned the place and did not care for others. Instead of being decent and holding their hand or handkerchief over the mouth and nose, they seem to glory in throwing back their heads and with full uncontrolled force, let fly the spreading sneeze or cough to the detriment of their neighbors."  
**Toothbrush Not a Rattle**  
Give the baby a toothbrush instead of a little rattle as another method advised by the health officer, who is working hard to cut down the mortality rate in Harrisburg. "If a baby has one tooth give him a toothbrush," is his wise advice to fond parents who prefer to rear children instead of filling cemeteries.

In his health tips, he claims that there are thousands of children in the graveyard who should be in the schools. Several of his pithy remarks follow:  
"You ought to live until you die."  
"The only disease a decent man should die of is old age."  
"A great many of you are dead now, you're dead in parts."  
**Take More Fresh Air**  
Advocating the fresh air plan, Dr. Raunick claims that more colds and pneumonia result from hot, stuffy street cars and poorly ventilated rooms than from any other cause.

### EXPLANATIONS UNDER WAY

Explanations under way, money raised from the sale of Red Cross Christmas seals will be expended in this city for car fare, blankets and clothing for the needy.  
The Red Cross Seal campaign in Harrisburg got a big start to-day when the city health bureau mailed out 2,000 monthly bulletins and on the outside of each envelope was pasted a little seal of the 1915 season.  
It is probably the first big lot of mail from this city to have the little stamps, and the bulletins are mailed all over the United States and to parts of Canada to the health bureau of the larger cities. The monthly announcements of the Dauphin County Medical Society and the Harrisburg Academy of Medicine were mailed also and 125 stamps were used for the purpose.  
Much space is devoted to a discussion of diphtheria and diptheria carrier. Dr. Raunick expounding some theories in the early use of anti-toxin and the results that are brought about by delaying proper treatment.

### 9.3 Per Cent. of Dauphin's Population Foreign Born

The annual report of the Secretary of Internal Affairs for 1913-14, just published, throws some light on the proportion of foreign population in the State of Pennsylvania and the counties in the anthracite coal region, including Dauphin, Susquehanna, Schuylkill, Luzerne, Lackawanna, Northumberland, Columbia and Carbon. Of these eight counties in which the majority of the population is engaged in this industry, Dauphin takes fifth place in the number of foreign-born whites. The entire population of Dauphin county is approximately 135,000, and 9.3 per cent. of these are foreign-born whites. The proportion of foreign population has increased 2.7 per cent. since 1890.  
Judging from the figures which show the various nationalities of the foreign-born whites, of whom there are in the entire State at the time of this report, 1,442,374, this country is most popular among the Austrians, their proportion of the foreign-born population of the State being 251,775. Russia comes next, followed in order by Italy, Germany, Ireland, Hungary, England (with 109,061) and so on down to the French Canadians, of whom there are but 6,942.  
Of 422,727 persons, or 55.1 per cent. of the population of the State of Pennsylvania are native whites, born of native parents.

### County Supervisors to Hold Their Annual Meeting, February 24

Dauphin county's road supervisors will meet in annual session at the Dauphin county courthouse Thursday, February 24.

The date was fixed to-day at the Fall conference of the county caretakers of the county who gathered in the grand jury room with Joseph W. Thur, Harrisburg, as big way commissioner of Pennsylvania to discuss the problems pertaining to the care and maintenance of the roads and bridges of the county.  
The session was taken up largely with the report of the various committees on routine matters and the discussion of some questions of good roads maintenance.

### J. S. Shanaman Dies After Short Illness

Jeremiah Stager Shanaman, aged 56 years, manufacturer of artificial limbs, 408 Market street, died last night at his home, 2000 North Sixth street. Mr. Shanaman had been ill a short time. The survivors are his wife, five children, Mrs. George McKee, Mrs. George Kreps, Mrs. Glenn W. Moffatt, Mrs. Reuben Kreps, five sons, J. A. Thur, Harrisburg; Claude Marshall, Washington, D. C.; Ray Horner, Akron, Ohio, and A. Luther and Eugene, of Harrisburg. Funeral arrangements have not been made. Mr. Shanaman came to Harrisburg from Anville twelve years ago.

### Tech Alumni Will Be Out in Force at Game

A mass meeting of Tech students and alumni will be held to-morrow morning in the auditorium. Plans for increasing school spirit for the Thanksgiving Day game will be taken up. There will be music and speeches. It is the purpose to line up a large Tech following as boosters for the annual game and to assist in cheering. Two members of the alumni, A. P. Poffenberger and C. C. Fitzpatrick, are working for a big meeting to-morrow morning.

### PAN GRINS AND LADIES DANCE

[Continued on Page 13.]

ever gave Donat free rein as to expense in carving the fountain.  
The proceedings to-day were taken up largely by the good-looking, black-haired, black-eyed sculptor, who resumed the story of his work for Mr. Hershey. Incidentally, he introduced the correspondence and the bill for work tendered on the postage stamps of the United States.  
The sculptor has subpoenaed two expert art critics to substantiate his claims as to the beauty and worth of the fountain for the benefit of the court and jury. These are Charles Henry Hart and Albert Jaegers, of New York. The former is notable in art circles for his work on Jean Antoine Houdon, the famous French sculptor who in 1785 carved the bust of Washington. This now reposes in the Capitol at Richmond, and it was from this fact that the profile was taken for use on the postage stamps of the United States.  
Jaegers is now modeling the Francis Pastorius memorial to mark the settlement of Germantown, Philadelphia, which was provided for by public subscription and funds appropriated by the government. Mr. Jaegers also modeled the Steuben memorial that now reposes in Washington, a replica of which has been presented to Emperor William II of Germany.

### NEW PREMIER OF GREECE

M. SKOULOUDIS

M. Skoulioudis, the new premier of the Greek cabinet, who has retained most of the ministers in the Zaimis cabinet. An early fall of the new organization is predicted. M. Michalidis, the only new man selected for the post, refused to accept the portfolio of minister of public instruction. M. Skoulioudis is acting as foreign minister as well as premier.

### "Gets-It" for Corns, SURE as Sunrise!

Any Corn, With "Gets-It" On It, Is An Absolute "Goner!"

Yes, it's the simplest thing in the world to get rid of a corn—when you use "Gets-It." It's your greatest corn-killer. Really! It's almost a pleasure to have corns just to see them

"Gets-It" Fats Your Feet In Clover.  
come off with "Gets-It." It just loosens the corn from the true flesh, easily, and then makes it come "clean off." 48 hours ends corns for keeps. It makes the use of tape, corn-squeezing bandages, irritating salves, knives, scissors, and razors really look ridiculous. Get rid of those corns quickly, surely, painlessly—just easily—with "Gets-It." For warts and bunions, too. It's the 20th century way.  
"Gets-It" is sold by all druggists. See a bottle, or send direct by E. Lawrence & Co., Chicago.

### MUMMERS TO HOLD PUBLIC MEETING

Members of the Harrisburg Mummies' Association will hold a public meeting December 1, at which a chief marshal will be selected and other plans completed for the big New Year Day celebration. At the bi-monthly meeting held last night, the Albion A. C. and Camp Curtis Fire Company joined. Notices will be sent to all members to pay dues on or before the big mass meeting.

### NINETY DAYS FOR VAGRANCY

W. H. Hunter, said to be an old offender, this afternoon was given a ninety-day sentence for vagrancy. Mayor Royce heard the case. Hunter was arrested last night by Patrolman Demma, when he asked the officer to have some plain clothes, for money for lodging.

### Correcting Hair Faults And Other Aids to Beauty

Dandruff, itchy scalp, thin, scraggly and falling hair, easily overcome if one will give the hair the proper attention and the proper means are employed. The first step in correcting hair faults is to have a perfectly clean scalp, free from all grease, dirt and excess oil; then the liberal application of a good tonic every night for a few weeks will produce a new growth of hair. To free the scalp of excess oil, dandruff and dirt, there is nothing that equals the use of a cream of egg dissolved in a cup of hot water and used as a shampoo wash. This should be used several times a week. No better hair tonic can be made than the simple mixture of half a pint alcohol, half a pint water and one ounce of beta-quinol; this should be massaged into the scalp nightly for several weeks of this treatment and all hair troubles should vanish. Blackheads should never be pinched out; they are enlarged by squeezing and does not get rid of the blackhead. The only safe and sure way is to dissolve a large quantity of zinc oxide in a pint of hot water, adding a tablespoonful of glycerine.—Advertisement.

### HOW TO REDUCE YOUR WEIGHT

A SIMPLE, SAFE AND RELIABLE WAY

People who are over-burdened with superfluous fat, know only too well the discomfort and ridicule that over-stout people have to bear.  
If you are carrying around five or ten pounds of unhealthy fat you are unnecessarily weakening your vital organs and carrying a burden which destroys the beauty of your figure.  
There is no need of anyone suffering from superfluous fat. You can reduce your weight in a simple, safe and reliable way, without starvation diet or any drastic measures. In a short time you can in the open air, breathe deeply and get from any good druggist a box of Kofein capsules, the most effective each meal and one before retiring at night.  
Weigh yourself once a week so as to know just how fast you are losing weight and don't leave off the treatment or down to normal.  
Oil of kofein is absolutely harmless, is pleasant to consume, the excessive fatty tissue by increasing the oxygen-carrying power of the blood. Even a few days' treatment should show a noticeable reduction in weight, footsteps become lighter, you work seems easier, take possession of your whole being.  
Every person who is overburdened with fat should give this treatment a trial; there is nothing better.—Advertisement.

### Is Your Rheumatism A Weather Prophet?

Why Continue to Suffer When Rheuma Will Relieve Your Pain

It is a sin to be a slave to the agonies of rheumatism whenever the weather changes. For 50 cents H. C. Kennedy or any druggist, will sell you a bottle of Rheuma. Use as directed and your pains will soon disappear.  
Read this proof: "For six years, whenever the weather changed I was a cripple from rheumatism. One bottle of Rheuma relieved me completely."—J. K. Greenburg, 2839 Cottage Grove avenue, Chicago, Ill.  
Original trade-marked Rheuma (in liquid form only) will cleanse your kidneys of uric acid, purify the blood and limber your joints and muscles. It is a doctor's prescription—free from opiates or narcotics—and will not damage the stomach.—Advertisement.

### NUXATED IRON

Increases strength of under-nourished, rundown people 200 per cent. in ten days' use. \$1.00 bottle. If it fails as per full explanation in large article soon to appear in this paper. Ask your doctor or druggist about it. Croll Keller, G. A. Gorgas always carry it in stock.

**10 FOR 5**  
Gosh—  
But they "go good!"  
It sure is hard to beat that "record-making taste" of all-pure, mellow tobacco in  
**FAVORITE CIGARETTES**  
EXTRA good tobacco—that's why they "go so good."
