It is said that Orner has been identified by several witnesses as the person who during Tuesday night kicked a hole in the window glass at Brenner's jewelry store, No. 1 North Third street, and carried off a clock and other valuables. Sure Way to Get Rid of Dandruff

There is one sure way that never fails to remove dandruff completely and that is to dissolve it. This destroys it entirely. To do this, just get about four ounces of plain, ordinary liquid arvon; apply it at night when retiring; use enough to moisten the scalp and rub it in gently with the finger tips.

By morning, most if not all, of your dandruff will be gone, and three or four more applications will completely dissolve and entirely destroy every single sign and trace of it, no matter how much dandruff you may have.

You will find, too, that all itching and digging of the scalp will stop instantly, and your hair will be fluffy, lustrous, glossy, silky and soft and look and feel a hundred times better.

You can get liquid arvon at any drug store. It is inexpensive and four ounces is all you will need. This simple remedy has never been known to fail.—Advertisement.

TALK OF EARTHLY THINGS, NOT OF TRUE ART STUFF

Plumber's Job and Checks Follows Conversation on Bronze Heads of Pan

The legal discussion in No. 2 courtroom this morning veered suddenly from the "high art" stuff to mundane things—checks for \$300 and \$1,033.33 and plumbing and the proper place in the animal kingdom of the skunk.

Courtroom No. 2 is where Additional Law Judge S. J. M. McCarrell has been holding November common pleas court in which a jury is considering the demand of Giuseppe Donato for \$25,000 from Milton S. Hershey, the "chocolate king," for the sculpturing of the "Dance of Eternal Spring" as a fountain piece for Hershey Park. Experts yesterday said the statue could not be produced for less than \$27,000. Donato, a well-known Philadelphia sculptor, resumed the stand for the second day at the opening of court and for a time question and answer between attorney and witness on cross-examination developed some of the flow of the artistic conversation. Additional Law Judge McCarrell himself had a bit of a voice in the discussion about the skunk.

In its effort to show that Donato had dealt with Ogelsby Paul, Hershey's representative, rather than Hershey himself, in the carving of the statue, counsel for the defense asked if Donato had ever asked for any advance on the contract price.

Skunk Not an Artistic Animal
 Donato said he had asked Paul but that Paul said he could do nothing as Mr. Hershey was then in Europe. "Then," went on the artist, "as I remember it Mr. Paul made some reference to 'that skunk.' Now then as to what he meant by a skunk—" floundered the sculptor, "why you'll have to ask someone else. I think it's an animal, but as to just what kind—"

"At any rate," mildly inquired Judge McCarrell, "you're reasonably certain it isn't an artistic animal?"

"That I'm sure of, your honor," replied Donato gravely.

The check and plumbing discussion developed a little earlier. In answer to a question, Donato had gone into a little description of the bas-relief and shadows and so forth, when the attorney asked if he had received some money on account. Then two very material looking checks, signed and endorsed, were put into evidence and Donato identified them. One called for \$300; the other for \$1,033.33.

Threaten Reprisals For Mutilation of Prisoners

Berlin, Nov. 19.—(By Wireless to Tuckerton)—"Advices from Vienna to the Cologne Gazette says the Overseas News Agency, "report that the Austro-Hungarian government threatens to take reprisals against the Serbians because of the horrible treatment being accorded to Austro-Hungarian prisoners.

Wounded and sick officers and soldiers are being transported through the country in cattle cars," the Vienna dispatches say. "In one town many prisoners who could have been saved died simply because the physicians did not take care of them. Some prisoners were forced to work in the ammunition factories. Others were robbed of their uniforms.

"The retreating Serbian army is now said to be leaving behind it mutilated prisoners. Horrible scenes are described by liberated soldiers."

COP SAVES HORSE FROM DEATH

When Traffic Policeman Buch signalled a driverless horse to stop this morning in Market Square, the quadruped obeyed and escaped being struck by an approaching trolley car. Officer Buch looked around he saw that the horse had started again. The animal was hitched to a wagon owned by the Wolf Bakery of Penbrook. Officer Buch drove the team to headquarters where the driver called a few minutes later for it. He was reprimanded, given a copy of traffic regulations and allowed to go.

"Pape's Diapepsin" makes weak stomachs strong and healthy at once.

Instantly stops sourness, gases, heartburn, acidity, dyspepsia.

There would not be a case of indigestion or dyspepsia here if readers who are subject to stomach trouble knew the tremendous anti-ferment and digestive virtue contained in Pape's Diapepsin. This harmless preparation will digest a heavy meal without the slightest fuss or discomfort, and relieve the sorest, acid stomach in five minutes, besides overcoming all foul, nauseous odors from the breath.

Ask your pharmacist to show you the formula plainly printed on each 50-cent case of Pape's Diapepsin, then you will readily understand why this promptly overcomes indigestion and removes such symptoms as heartburn, a feeling like a lump of lead in the stomach, belching of gas and eructation of undigested food, water brash, acidity, nausea, headache, biliousness and many other bad symptoms; and, besides, you will not need laxatives to keep your stomach, liver and intestines clean and fresh.

If your stomach is sour and full of gas or your food doesn't digest, and your meals don't seem to fit, why not get a 50-cent case from your druggist and make like worth living? Absolute relief from stomach misery and perfect digestion of anything you eat is sure to follow five minutes after, and besides, one case is sufficient to rid a whole family of such trouble.

CATARRH CAUSED BY A GERM

Must Be Destroyed Before Catarrh Itself Can Be Cured—Wonderful Results from Breathing Medicated Air

Medicine that acts on the blood alone will never cure catarrh. Neither will the sprays, douches, lotions, creams and other temporary reliefs that so many catarrh victims make a habit of using. To cure catarrh so it won't come back you must first drive from your body the germs that are flourishing in the inner recesses of your nose and throat and are causing the disease.

There is a preparation used to do this called Hyomei (pronounced High-oh-mey). It is a germ killing vaporized air formed from the purest oil of Eucalyptus combined with other healing and antiseptic ingredients. You breathe Hyomei through the mouth and nose by means of a little hard rubber inhaler which druggists furnish with it. This medicated germicidal air penetrates into every fold and crevice of the mucous membrane of your nose and throat, kills the catarrh germs that lodge there, soothes, reduces and heals the swollen, inflamed membrane, stops the discharge and opens up the clogged nose and air passages in a truly wonderful way. It gives blessed relief in five minutes from catarrhal distress of every kind and if you make a practice of breathing Hyomei for a few minutes each day for just a few weeks not only will all the symptoms of catarrh vanish but the disease itself will be a thing of the past. No one need try or buy Hyomei on pure faith. H. C. With the possible many other leading druggists in Harrisburg and vicinity sell it with the positive guarantee that if it must be used and the money paid for it will be refunded. Hyomei is very expensive and with this protecting guarantee behind your purchase there is absolutely no reason why any sufferer from Catarrh should not give it a fair trial.—Advertisement.

CONFER ON 19TH STREET CHANGES

City Wants County to Build Approach to Sufficient Width

City Commissioner W. H. Lynch and County Commissioners Isaac S. Hoffman, S. S. Miller and John H. Eby conferred today relative to the maintenance of the approaches to the new Nineteenth street bridge. The question raised by the city was whether the county would provide sidewalks in such a way as to allow the construction of approaches to the full width of the street. The County Commissioners, however, intimated that they will replace the roadway in just the shape as it was prior to the improvement. This would mean that the city would be compelled to fill in to a sufficient distance to provide the proper width of the street.
