

# Try this easy way to clear your skin with Resinol Soap

Bathe your face for several minutes with Resinol Soap and warm water, working the creamy lather into the skin gently with the finger-tips. Then wash off with more Resinol Soap and warm water, finishing with a dash of clear cold water to close the pores.

If the skin is in bad condition through neglect or an unwise use of cosmetics, apply a little Resinol Ointment\* and let it remain on ten minutes before the final washing with Resinol Soap.

Resinol Soap is not artificially colored, its rich brown hue being entirely due to the Resinol balsam it contains. Sold by all druggists and dealers in toilet goods. For free sample card and trial of Resinol Ointment, write Dept. 3-P, Resinol, Baltimore, Md.

\*Physicians have prescribed Resinol Ointment for over twenty years in the treatment of skin and scalp affections.

## Serbs Inflict Heavy Losses on Bulgarians

Paris, Nov. 22, 12:45 P. M.—The report that the Serbians have won an important victory over the Bulgarians near Leskovatz, on the Nish-Saloniki railroad 25 miles south of Nish, is corroborated in a dispatch received from the Serbian minister at Athens. The message says that after a battle of several days, in which the Bulgarians sustained enormous losses, the remnants of their army fled in disorder to the eastern bank of the Morava river.

## The Coal Car Situation

has been growing more and more serious for the last three or four weeks.

On certain lines in the east the best the railroads can promise is to give the coal mines a fifty per cent. supply.

In the majority of cases what they actually do is to give them a thirty-five per cent. supply.

This means that when a coal operator needs 100 cars he gets only 35 to 50 cars.

The present demand for coal is not nearly so heavy as it will be when real winter comes. What will the situation be then?

Don't delay buying enough coal for winter. Prices may advance at any time.

## GERMAN PRISON CAMPS SCORED

U. S. Ambassador Finds Conditions at Wittenberg Intolerable; Use Dogs

Special to The Telegraph  
London, Nov. 22.—The British Press Bureau has published the reports of James W. Gerard, the American Ambassador to Germany, and members of the embassy staff in Berlin, relative to the condition of British prisoners of war in the camp at Wittenberg, Prussia.

**Dogs Tear Soldiers' Clothes**  
Many prisoners complain that dogs were brought in by German soldiers at night, and that in certain cases prisoners had had their clothes torn by these dogs.

Two prisoners informed me that the conditions in the camp had unquestionably improved greatly in the last few months; that last year when an epidemic of spotted typhus existed the camp conditions had been indescribably bad. They said that they had implored the German authorities to put the British soldiers in barracks by themselves, as this was the only way to prevent an outbreak of the epidemic, which had been brought to the camp by Russians. The request was refused on the ground that the British should learn to know their allies better. Largely because of this fifty military prisoners and nine civilians died of the disease.

## German Delegates Will Not Attend Peace Meeting

Berne Switzerland, Nov. 21, via Paris, Nov. 22.—Promoters of the congress which it has been proposed to hold here for the study of bases for a durable peace have encountered another obstacle. It is understood here the Germans were instructed by their government not to participate in the proposed congress.

The announcement was made a short time ago that the peace conference had been indefinitely postponed, but it was stated later that it would be held in December as originally intended.

The sides of the volcano are cracking and streams of lava are flowing into the sea, raising immense columns of smoke, which are visible at a distance of forty miles.

## CHILD'S TONGUE BECOMES COATED IF CONSTIPATED

If cross, bilious, sick, feverish, or full of cold, take no chances.

"California Syrup of Figs" can't harm tender stomach, liver, bowels.

Children love this "fruit laxative," and nothing else cleanses the tender stomach, liver and bowels so nicely. A child simply will not stop playing to empty the bowels, and the result is, they become tightly clogged with waste, liver gets sluggish, stomach sour, then your little one becomes cross, half-sick, feverish, don't eat, sleep or act naturally, breath is bad, system full of cold, has sore throat, stomach-ache or diarrhoea. Listen, Mother! See if tongue is coated, then give a teaspoonful of "California Syrup of Figs," and in a few hours all the constipated waste, sour bile and undigested food passes out of the system, and you have a well, playful child again.

Millions of mothers give "California Syrup of Figs" because it is perfectly harmless; children love it, and it never fails to act on the stomach, liver and bowels.

Ask your druggist for a 50-cent bottle of "California Syrup of Figs" which has full directions for babies, children of all ages and for grown-ups plainly printed on the bottle. Beware of counterfeits sold here. Get the genuine, made by "California Fig Syrup Company." Refuse any other kind with contempt.—Advertisement.

## WOMEN SAVE \$5

Says gasoline dry cleans dresses, suits, silks, gloves, draperies, etc.

Here's a way to make soiled or dingy-looking wearing apparel look like new. Any woman can easily clean and restore the original color and brightness to kid gloves and shoes, neckties, ribbons, silks, satins, laces, net-work, yokes, furs, shirt-waists, children's coats, suits, caps, woolen garments, swiss, lawn, organdy and chiffon dresses, draperies, rugs, in fact, any and everything that would be ruined with soap and water. Get two ounces of solvent at any drug store and put it in two gallons of gasoline, where it quickly dissolves, then put in the goods to be cleaned, rub a little and out they come looking clean, bright and fresh as new. You will find nothing fades, shrinks or wrinkles, requiring no pressing.

It only takes a few moments to do what dry-cleaning establishments would charge five dollars or more for. It is as simple as ordinary laundering and you can't make a mistake. Any druggist will supply two gallons of solvent, which is simply a gasoline soap, and you can obtain the gasoline at any grocery or garage. Then a wash boiler or large tub will complete your dry-cleaning outfit.

As gasoline is very inflammable, be sure to do your dry cleaning out of doors or in a room away from fire or flame, with the windows left open.—Advertisement.

## Here's New Vigor For Overworked Stomachs

Hundreds of the best druggists who have been in the drug business long enough to have their own opinion of the best way of selling medicines say the plan adopted by Mi-o-na, the great dyspepsia remedy, is the fairest they ever heard of. The Mi-o-na people don't believe that a medicine ought to be paid for unless it does the user some good. And so Mi-o-na is always sold under a positive guarantee to relieve dyspepsia or to refund the money. You simply leave 50 cents on deposit with your druggist and, if after you have used the box of Mi-o-na, you decide that it has done you no good, all you have to do is to tell him so and he will return your money.

Hundreds of people can tell how they have been relieved of stomach agonies by using this remarkable remedy. It is not simply a food digester; it is a medicine that puts all of the digestive organs into normal condition and gives ruddy, glowing, vigorous health. A change for the better will be seen after the first few doses of Mi-o-na, and its continued use will soon give the power to eat most anything at any time and suffer no distress afterward.

Mi-o-na is sold under a positive guarantee to refund the money if it does not stop all stomach distress. This is the strongest proof that can be offered as to the merit of the medicine.

Nothing lessens a man's success in his work or a woman's fascinating personality more than a weak stomach, with its attendant evils. Use Mi-o-na and see how much more there is in life. Get it from H. C. Kennedy or any leading druggist in this vicinity.—Advertisement.

## NERVOUS EXHAUSTION

Irritability, oversensitiveness, a disposition to worry over trifles, headache, dizziness—these are symptoms of nervous exhaustion, neurasthenia.

Very often the patient feels best and brightest at night. Rest seems to bring no refreshment, the nervous system fails to recuperate. This distressing condition is caused by worry more often than by any other one thing. Overwork and worry invite the disorder.

The treatment is one of nutrition of the nerve cells, requiring a non-alcoholic tonic. As the nerves get their nourishment from the blood the treatment must be directed towards building up the blood. Dr. Williams' Pink Pills act directly on the blood and with proper regulation of the diet have proved of the greatest benefit in many cases of neurasthenia. A tendency to anemia or bloodlessness, shown by most neurasthenic patients, is also corrected by these tonic pills. Your own druggist sells Dr. Williams' Pink Pills or they will be sent by mail at 50 cents per box; six boxes \$2.50. Begin the treatment at once before your condition becomes chronic.

Two useful books, "Diseases of the Nervous System" and "What to Eat and How to Eat," will be sent free by Dr. Williams Medicine Co., Schenectady, N. Y., if you mention this paper.—Advertisement.

## WEAK, AILING CHILDREN

Made Well and Strong by Simple Remedy

Here is another letter that has just come to our attention, showing the power of Vinol to build up health and strength for weak, puny, ailing children.

W. A. Smith, of Shanesville, Ohio, says: "My little child was puny, weak and ailing, could not rest at night and would not eat. I learned about Vinol and tried it, and within a week noticed an improvement. The child's appetite improved, it slept well, strength and health were soon built up. We think Vinol is excellent for weak, puny children."

Vinol is a delicious cod liver and iron tonic without oil, containing beef peptone, which creates an appetite, tones up the digestive organs, enriches the blood and creates strength, children love to take it.

We ask all parents of weak, sickly, delicate children in this vicinity to try Vinol with the understanding that we will return your money if it fails to benefit your little one.
