## NOTHING WRINKLES FADES OR SHRINKS

Women save \$5 in an hour by dry cleaning everything with gasoline. Dry cleaning at home is all the rage here, says a well-known downtown druggist. Any woman can do five dollars' worth of dry cleaning at home at very little cost by dissolving two ounces of solvite in two gallons of gasoline; then immerse the articles to be cleaned; rub a little and in a few moments the gasoline evaporates and the articles cleaned look as bright and fresh as new. Dry clean your own silk waists, dresses, ribbons, belts, kid gloves, satin shoes, evening slippers, fine laces, net work, woolens, dresses, children's coats, furs, veils, neckties, shawls, gentlemen's garments, fancy vests, lace curtains, rugs, in fact, everything that would be ruined by washing with soap and water. Nothing will fade, shrink or wrinkle, making pressing unnecessary. Dry cleaning at home is inexpensive and effects a tremendous saving in the household and is really just as easy as laundering. Any druggist will sell two ounces of solvite which is simply a gasoline soap and your grocer or a garage will supply the gasoline. Then a wash boiler or dishpan completes the outfit. As gasoline is very inflammable, be sure to do your dry cleaning out of doors or in a room away from fire, with the windows left open. Advertisement.

**BRIGHTER CHILDREN**  
Children are probably brighter to-day than a generation ago—but are they stronger? That's a grave question. So many pinched faces, dulled eyes and languid feelings make us wonder if they will ever grow into robust, healthy men and women. If your children catch colds easily, are tired when rising, lack healthy color, or find studies difficult, give them Scott's Emulsion for one month to enrich their blood and restore the body-forces to healthy action. Scott's Emulsion is used in private schools. It is not a "patent medicine," simply a highly concentrated oil-food, without alcohol or harmful drugs. It cannot harm; it improves blood; it benefits lungs and strengthens the system. Your druggist has it—refuse substitutes. Scott & Bowne, Bloomfield, N. J. 15-21

## KINDS OF RHEUMATISM

In popular language the word rheumatism is a term that covers a multitude of ills of which pain is the chief symptom. Articular rheumatism, inflammatory rheumatism and rheumatic fever are all names for the same disease. Muscular rheumatism affects the muscles and does not spread from one spot to another like inflammatory rheumatism. Lumbago is a form of muscular rheumatism. Some people have rheumatism every winter, especially those people who inherit a rheumatic tendency. They will continue to have recurring attacks until the blood is built up to a strength sufficient to overcome the rheumatic poison. External applications and drugs that simply relieve the pain are useless. Dr. Williams' Pink Pills build up the blood and really correct the trouble. With the poisons in the blood there is a continual combat between the health forces and the disease. When the rheumatic poison prevails the blood gets thin rapidly. When the blood is made rich and red by Dr. Williams' Pink Pills the poisons are destroyed and expelled. "Building Up the Blood" tells the whole story, and the diet book, "What to Eat," will be sent on request by Dr. Williams' Medicine Co., Schenectady, N. Y. Your own druggist sells Dr. Williams' Pink Pills. Advertisement.
