

Not Sold by Weight

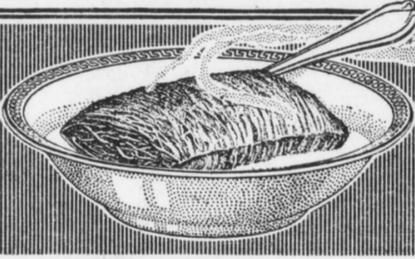

When you buy Shredded Wheat you are paying something for the patented process by which the whole wheat is made digestible in the human stomach. We are not selling raw wheat. It is what you digest not what you eat, that builds muscle, bone and brain.

Shredded Wheat

is the whole wheat made digestible by steam-cooking, shredding and baking. The filmy, porous shreds are quickly permeated by the digestive juices, enabling the body to take up every particle of nutriment stored in the whole wheat grain.

Two Shredded Wheat Biscuits, heated in the oven to restore crispness, served with hot milk or cream, make a complete, nourishing, satisfying meal at a total cost of five or six cents. Also delicious with fruits.

Made only by The Shredded Wheat Co., Niagara Falls, N.Y.

What's Worth Doing Is Worth Doing Well

That's the idea of everybody who gives Cigars at Christmas.

SHOW MANY USES OF ELECTRICITY

Local Company Plans Demonstrations of Domestic Articles

Some of the many domestic uses to which electricity may be applied will be demonstrated this week by the Harrisburg Light and Power Company in connection with the celebration throughout the country of "electrical prosperity week." The use of electric household devices including irons, sewing machines, chafing dishes, wringers, toasters, vacuum cleaners, coffee percolators—these will be a few of the little things operated electrically that can be seen in action most any day this week.

While the local company has planned to observe the week more or less modestly, in some parts of the country elaborate demonstrations have been arranged. Some of the "big men" of the age have talked on the subject. Among these is James J. Hill, premier railroad organizer and financier, who paid a glowing tribute to electricity in discussing "electrical prosperity week."

"Electric energy," said Mr. Hill, "can be carried anywhere. It has, therefore, taken the place of millions of human hands. Nor is there any ascertained limit to which its uses may be put. A great transformation has been wrought in the lifetime of a single generation. Railroad engines, street cars, elevators, all sorts of light power machinery, are now fitted with electric motors. The mysterious force is busy about our houses, lighting, sweeping, washing, cooking, heating and performing deftly and quietly scores of lesser tasks. The country calls for it. Much of the manual labor about the farms might be performed by this subtle agent that already knows how to milk a cow."

Tramp Colony Prepares For Big Xmas Celebration

Gloucester City, N. J., Nov. 29. — For several months a tramp camp has been located in the northern section of the city, between the tracks of the Jersey and Seashore Railroad and the Atlantic City Railroad.

Here the tramping sailors from all around this section congregate, and it has become a thickly populated that has been styled "Venevick." One of their members has been selected as "Mayor," and all disputes are referred to him. They have erected several shacks. A fire is kept burning constantly. Recruits are required to gather the wood and do the work. They have a general mess, and plans are already under way for their Christmas celebration. A young pig will be the chief part of the feast.

LIVES FOR WEEK ON APPLES

Was Locked In Boxcar: Discovered While Cutting Way Out

Kansas City, Mo., Nov. 29.—To be locked for nearly a week in total darkness in a boxcar loaded with apples; to survive wholly on the fruit during that time, and then arrested while trying to cut his way to freedom, was the experience which James McMahon, a laborer, has just passed through.

Jerome Hodson, a special officer was passing a closed car in the C. & A. yards when a queer, scraping sound inside attracted him. Yelling an inquiry, Hodson received a reply, seemingly whispered.

Hodson unlocked the door, and McMahon, weakened and emaciated, lay in the center of a pile of cores on the inside, a razor in his hands. With the blade he had attempted to cut a hole through the thick door. He boarded the train at Horington, Kas.

HOW TO GAIN FLESH

Remarkable Statement of a Woman who was Nothing But Skin and Bones

Laugh and grow fat is a homely saying, but Mrs. Elizabeth L. Morris of Hammond, La., tells of a more reliable method. She says:—

"I cannot say enough in praise of Vinol, for it saved my life. I was weak, nervous, run-down, could not sleep, was unfit for work and was nothing but skin and bones. Three doctors had all failed to help me. One day I saw Vinol advertised, took courage and bought a bottle, and it soon made me feel better. I continued its use and such a change! I have regained my strength, flesh and health, am perfectly well, and the doctor was surprised to see such a change in me in such a short time." Elizabeth Morris, Hammond, La.

The reason Vinol proved such a wonderful strength creator in Mrs. Morris' case was because of the peptonate of iron, beef peptone and the extractives of fresh cod livers, without oil, combined in a pure native tonic wine, which makes Vinol a most wonderful tonic.

George A. Gargas, Druggist, Kennedy's Medicine Store, 321 Market St., C. F. Kramer, Third and Broad Sts., Kitzmiller's Pharmacy, 1525 Derry St., Harrisburg, Pa.

P. S. In your own town, wherever you live, there is a Vinol Drug Store. Look for the sign.—Advertisement.

Buy here not alone because prices are lower, but because qualities are better.

215 Market Street Opposite Courthouse

Nuns in Mexico Are Safe Tumulty Declares

Washington, D. C., Nov. 29. — The administration's reply to those who criticize the recognition of the Carranza government in Mexico because of charges of outrages upon priests and nuns of the Catholic Church was made public here last night in a letter by Secretary Tumulty to Dr. James J. McGuire, of Trenton, N. J., who recently wrote to the White House asking an explanation of what he characterized as "widespread criticism."

Mummers to Hold Open Meeting to Boost Parade

An open meeting in the interest of the Mummer's parade on New Year's day, will be held at the Mayor's office Wednesday night. To-day Clarence O. Backenstoss, corresponding secretary and chairman of the publicity committee sent out the following letter.

Don't Forget—

that when constipation, biliousness or indigestion is neglected, it may cause a serious illness. Act upon the first symptom—keep your digestive organs in good order by the timely use of **BEECHAM'S PILLS**

Coal Car Shortage

Wholesale coal shippers are complaining bitterly because they are not getting cars enough. The weather has not yet gotten cold. What will the condition be when real winter begins? Coal operators are worried sick about the shortage of labor—and now they cannot get enough cars to mine the coal that is prepared.

December 1, at 8 o'clock. This meeting is open to all interested in the Mummers. Organizations will be required to pay an entrance fee and membership dues and will be allowed three representatives to attend and take part in the meetings. The entrance fee and membership dues for individuals is \$1.25 and all members who have not paid this amount will be required to do so at this meeting.
