STEELTON (MIDDLETOWN & HIGHSPIRE ROYALTON OBERLIN ENHAUT)

PENNA. STEEL NOT IN BIG MERGER?

Former Head of Local Plant Declares Company Is Not in Big Deal

Special to The Telegraph Pittsburgh, Dec. 13.—James A. Campbell, president of the Youngstown Sheet and Tube Company, admitted yesterday that the Cambria Steel Company, the Youngstown Sheet and Tube Company and the Lackawanna Steel Company are the corporations which Vanderlip, Stotesbury and Replogle are seeking to consolidate.

Stockholders of the Youngstown Sheet and Tube Company meet December 21 to vote on disposing of their stock at \$100 per share to the syndicate having the merger in charge. Mr. Campbell said there would be no stock deal, as only cash would be accepted for the Youngstown property.

Regarding the report that it is proposed to join the Lackawanna Steel Company with the Cambria, Mr. Campbell said that nothing had been decided yet, but the Lackawanna company will take up the offer next week and by the end of the week all the interests included in the merger will reach a decision as to what they will do.

Mr. Campbell said the merger will not include the Pennsylvania Steel or the Midvale Steel Company.

A meeting of the projectors of the new corporation will probably be held in Pittsburgh to-morrow to outline plans. The consolidation will mean a corporation with a capital stock of \$250,000,000.

Mr. Campbell, who is quoted in the above dispatch, is a former vice-president and general manager of Pennsylvania Steel Company. While in Steelton he was president of borough council and took an active interest in borough affairs.

WM. S. HART IN "THE DISCIPLE," STRONG TRIANGLE FEATURE AT THE COLONIAL

Imagine what you would do if you were a strong-jawed, two-handed man—a person bound to clean up the community, competent to beat the hard men of the mining camp, and that one afternoon after you had invaded the saloon, preached a sermon at the point of a gun and won your first real victory you returned home to find that the big gambler of the camp had run away with your wife. That is the story of "The Disciple," in which Wm. Hart has a role as the frontier missionary, will be at the Colonial Theater the first three days of this week.—Advertisement.

BIG RED PIMPLES ITCHED AWFUL

Suffered for Many Years. Clothing Aggravated. Spread All Over Body.

HEALED BY CUTICURA SOAP AND OINTMENT

"I had been suffering with itching for many years and my body was full of big red pimples. They itched awful, and my clothing aggravated them and they spread all over my body. I had very hard trouble to fall asleep on account of the itching and burning. I would go along the street scratching myself, and was made fun of by my friends. I was ashamed to go to any affairs.

"I used many remedies without success. I saw Cuticura Soap and Ointment advertised, and got some. I used them for about two months and was totally healed." (Signed) Simon Schultz, 328 S. 5th St., Philadelphia, Pa., Jan. 30, 1915.

Resinol Soap clears bad complexions

If you want a clear, fresh, glowing complexion, use Resinol Soap at least once a day. Work a warm, creamy lather of it well into the pores, then rinse the face with plenty of cold water. It does not take many days of this regular care with Resinol Soap to show an improvement, because the Resinol medication soothes and refreshes the skin, while the pure soap, free of alkali, is cleansing it. When the skin is in a very neglected condition, with pimples, blackheads, redness or roughness, spread on just a little Resinol Ointment for ten or fifteen minutes before using Resinol Soap. Resinol Soap is not artificially colored, its rich brown being entirely due to the Resinol medication it contains. Twenty-five cents at all druggists and dealers in toilet goods. For a trial size cake, write to Dept. C-5, Resinol, Baltimore, Md.
