Bowman's

TUESDAY, Wednesday, Thursday and Friday are four White Sale Days at Bowman's, promising an event that will far exceed any White Sale we've yet had, in value-giving.

Every article that enters this sale has been bought especially for this sale, and on all this new and fresh and clean merchandise, we offer genuine savings that came about through farsighted purchasing.

In mid-Autumn when cottons were lowest in price, and factories were only beginning their busy season, large orders were placed, and now that cotton prices have mounted the savings are manifest.

THE word WHITE is a familiar January word in Bowman's in Harrisburg.

To many folk it has meant great economy; to others perhaps it has held little interest.

We have made plans for a determined effort to acquaint the latter folk with all the peculiar benefits and economies that accompany a Bowman White Event, and in the four days to come, we are particularly anxious that a visit be made to see the values offered and note the enthusiasm of those who know.

A careful study of the groups below may prove valuable.

Undermuslins, Silk Underwear, Embroideries, Lingerie Waists, Laces, Linens, White Fabrics, Sheets and Cases In Scores and Hundreds Enter This Great January White Sale.

The Crowning Feature in White Sale Value - Giving

4,140 Yards of Laces and Insertions--A Master Purchase

England was only too glad to throw this opportunity into America because of over-production. Thousands and thousands of yards, at prices unbelievable.

A large importer took the initiative, and our share is over four thousand yards.

Handsome Clunys, fine Point de Paris, filets, shadow and others. Widths from the 3-inch edges to the wide 9-inch widths. And note prices (per yard)

5c 10c 17c

Linen Cluny laces; 2 and 3 inches wide; special at 8c yard.

An Unmatched Assortment of Embroideries With Prices Extremely Low

Particular attention has been given to secure Embroideries that would surpass previous White Sales in quantity, in quality, and in price-lowness.

Have we succeeded? You need only examine the various lots, and a knowledge of embroidery values is unnecessary.

Embroidery Strips, containing 5 yards; 6 to 18 inches wide; 50c. Embroidery Edges, 2 to 4 inches wide; 5c yard.

1,000 yards 27-inch Embroidery Flouncing, in organdie, voile and Swiss; 49c yard.

45-inch Voile Flouncing, 39c and 59c yd.

500 yards all-over embroidery, 25c yd.

500 yards 18-inch Swiss Flouncing, in 10 yard strips; strips will be cut if desired; 25c yd.

750 yards 27-inch Swiss Flouncing, 25c yd.

Standard Make Sheets and Cases In An Unusual Money-Saving Event

Utica and Mohawks

Here again the good of early purchasing presents itself; for had they not been bought several months ago, the extremely low prices would not be offered in this sale.

These well-known makes add to the desirability of the offerings, albeit the sheets and cases are slightly mill marked, which can be washed out.

KNOX TO ENTER RACE VERY SOON

Philadelphia Hears That Most of the Leaders Agree Upon the Former Secretary

According to the Philadelphia inquirer to-day, Philander Chase Knox, former United States senator, former Attorney General and former Secretary of State, is expected to formally announce his candidacy for United

States senator to succeed George T. Oliver within a few days. The inquirer says: "Mr. Knox was one of the speakers at the Terrapin Club dinner Saturday night, at which were present two others who have been proposed for succession of Senator Oliver, Republican State Chairman William E. Crow, of Fayette county, and E. V. Babcock, the millionaire lumberman of Allegheny county. Mr. Crow has said he is not a candidate. Mr. Babcock is understood to be in a receptive mood, but recognizes the fact that the drift of sentiment is strongly in favor of Mr. Knox. He is, however, 'getting around' and accompanied the 'Big Four' of Allegheny county, Mayor Armstrong, Congressman Jamison, City Chairman Kline and Max G. Leslie, on their trip to confer with Senator Penrose. This party went West yesterday afternoon, predicting that there will be harmony in Allegheny over the election of dele-

gates to the national convention. Babcock admires say that if his friends turn in for Knox for senator it will be with the understanding that Babcock shall be considered for the governorship next time. It was observed at the Terrapin Club dinner that Knox and Governor Brumbaugh, who were seated together, engaged in close conversation several times. It is believed that the Governor is favorable to Mr. Knox for senator. Senator Penrose insists that he is not committed to any candidate, but there is reason to believe that he and his friends, too, will come out for Knox as soon as the national delegate situation in Western Pennsylvania shall be cleared up. TO CURE A COLD IN ONE DAY Take LAXATIVE BROMO QUININE Tablets. Druggists refund money if it fails to cure. E. W. GROVE'S signature is on each box. 25c.—Advertisement.

LIGHT CO. PLANS ENGINEER CLASS

Twenty-Six Employees Enroll as Students in Utility's School

The Harrisburg Light and Power Company has opened a school of commercial engineering for its employees and to date twenty-six "students" have been enrolled. The course is divided into seventeen

lessons and the class meets weekly. The members pay a nominal amount each week for the instruction and in order to stimulate study the company has arranged to refund the entire sum at the end of the course to every student who attains to a degree of efficiency as will allow him a certificate. The lessons include salesmanship, selling campaigns, locating and following up prospects, advertising, merchandising, relations to customers, meters and metering, rates, illuminants, comparative costs, principles of illumination, lighting practice, electric signs and display lighting, motors, steam, gas and oil engines and isolated plants. C. M. Keltwasser, general manager, and J. W. Oetertag, acting commercial manager, serve as instructors. The class includes the following: George Baskin, William Bates, N. Ritting, J. Bixler, Harry Boyer, William Brown-awell, N. H. Buch, Robert Buchanan,

Robert Emanuel, A. M. Gallimore, Earl Heckert, M. J. Kane, Samuel I. Kerns, James Landis, C. Lober, W. M. Lutz, William Marley, Roy Miller, J. B. Redus, Earl Shamp, L. E. Shertzer, J. B. Trostle, Roy Warner, Clem Bolan and Harry Ross. REMEMBER THE APPLE The days have gone by when apples were an everyday adjunct of the household and as much a matter of course as potatoes. The higher price they now command makes their lavish use less possible, but they are still our standby in the fruit line. It is well that this is so, as they are especially wholesome. Well-made apple sauce should always be kept on hand. Small or imperfect fruit can be used to advantage. Pare and core the apples and cut into small pieces. Pour boiling water over the cut apples, using only enough to keep the sauce from burning at first, as the apples soon make their own juice. Cook quickly, stirring from time to time. When smooth add sugar, the juice of a lemon and half its peel cut into thin shreds. Never make apple sauce in metal and never stir with a metal spoon. It darkens easily by contact with metal. An enameled ware saucepan and an enameled ware or wooden spoon will obviate that difficulty. CASTORIA For Infants and Children. The Kind You Have Always Bought Bears the Signature of
