PERSONAL AND SOCIAL

SUNSHINE STANDS FOR BRIGHTENING

Society Producing Benefit Opera Comes Before Public but Once in Two Years

MRS. HOMER BLACK

The Roberta Disbrow Lloyd Sunshine Society has for many years stood for "brightening up" many of the darkest lives and homes in the community. Children especially seem to be the care of this organization though many grown-ups bask in its warm rays also. When the playgrounds movement was in its infancy "Sunshine" maintained and personally conducted three school playgrounds, and felt wholly repaid by the joy given the children and by the evidence of real lasting benefit displayed by them. As is well known, many homes are cheered during the holiday season and shut-ins are always remembered many times a year with greeting and a gift. The society has about a score of crippled children on its list for help of various kinds, from spending months of the summer in the country to trips to specialists in the city and there are many who are to-day living proofs of the worth of this line of Sunshine work.

Once in two years the Sunshine Society comes before the public in a benefit performance, expecting to make sufficient funds at that time to carry on their excellent work. This year they are producing under the direction of Mrs. Charles F. Etter, "The Magic Wheel," a Jessie Gaynor opera with a large local cast. The opera will be presented in the Orpheum Theatre, Friday and Saturday evenings of next week with a Saturday matinee.

The Sunshine officers this year are: President, Mrs. Homer Black; first vice-president, Mrs. Charles F. Etter; second vice-president, Mrs. Howard M. Hoke; secretary (recording), Mrs. Frederick E. Downes; corresponding secretary, Mrs. Benjamin Nead; treasurer, Mrs. William E. Seel and assistant treasurer, Mrs. Charles S. Boll.

Plans For Observance of Frances Willard Day

Miss Gertrude Eaton, Mrs. P. E. Chamberlin, Mrs. Ray Reed, Mrs. W. W. Oberdier and Mrs. Walter Fisher, comprising a committee appointed at last evening's session of the Meade W. C. T. U., to arrange a Frances Willard social in celebration of the Union's birthday, February 17.

Mrs. J. H. Kane presided at the session held at the home of Mrs. A. M. Ohrem, of 112 Hoerner street, and Mrs. Clayton A. Smucker conducted a quiet and interesting program. Subscribers for temperance publications were announced and it was decided to distribute tracts on "Why Sign the Petition" the week preceding Temperance Sunday.

One new member for the Union and one for the Temperance Light Bearers were reported and there was a general discussion of the subject, "How Can We Arouse Greater Interest in Members Who Do Not Attend Meetings," led by Mrs. W. W. Oberdier.

SOLDIERS WHO REFUSE FURLIGHTS
"Of the more than eleven hundred missionaries now in the field not one has asked to come home because of disturbed conditions due to the war, and of the missionaries at home on furlough not one has refused to go back when the board has so requested, and now the board is importuned by the furloughed missionaries from Mexico, China and India and other places asking that they might be permitted to return." The foregoing information concerning Presbyterian missions comes to the Christian Herald in a report from Dr. A. W. Halsey, secretary of the board. Speaking of the missions and the war, Dr. Halsey writes: "Great missions, such as the one in Africa, the Shantung Mission in China, the Syria Mission and the Persia Mission, have been directly in the war zone. Much property has been lost, suffering endured, and many lives lost. In the Persia Mission alone, for weeks the board's missionaries have cared for 15,000 refugees, giving out some three tons of bread per day, ministering to many in sickness; day by day burying the dead; and some have succumbed to disease or to cruel treatment, and in many instances, through timely intervention, saving the life of persecuted Armenians or Syrians.—THE CHRISTIAN HERALD.

STOMACH MISERY QUICKLY VANISHES

Almost INSTANT RELIEF From Indigestion, Belching, Sourness, Heartburn and Bilioissness

Your money back if you want it is the way in which all leading drug stores are selling Mi-o-na, the great stomach prescription.

This is an unusual plan, but Mi-o-na has so much merit and is so almost invariably successful in quickly relieving all forms of indigestion that druggists run little risk in selling under a guarantee of this kind.

Do not be miserable or make your friends miserable with your dyspepsia. Mi-o-na will help you. Get a box to-day and learn for yourself how easy it is to put your out-of-order stomach in perfect condition—no more heartburn, belching of gas, sourness, biliousness, dizziness or that feeling of heaviness after eating.

A change for the better should be seen after the first few doses of Mi-o-na and its continued use should soon start you on the road to perfect digestion and enjoyment of food.

You can get Mi-o-na from practically every druggist in this vicinity, including H. C. Kennedy, under a positive guarantee of satisfactory results or money back. What fairer proposition could be made?

Society Ladies Adopt New Hair Curling Method

Since the introduction of liquid silmerine in this country, it has become quite "the proper thing" among society women who have readily adopted it in place of the destructive curling iron. The waves and curls acquired by the new method are far more natural in appearance, and the hair is of course glossier and prettier than could be if the hair were cooked out of it.

The liquid is pleasant to use, being neither greasy nor sticky. It is a simple thing to apply with a clean tooth brush at night when the hair is down. The lovely wavy effect in evidence in the morning is all that one could wish for. It costs little to use liquid silmerine, as a few ounces from the druggist will keep the hair in curl for weeks.
