

PUT STOMACH IN ORDER AND STOP GAS INDIGESTION

"Pape's Diapepsin" regulates disordered stomachs in five minutes.

No more dyspepsia, sourness, heartburn, pain, belching, or acidity.

Nothing will remain undigested or sour on your stomach if you will take a little Diapepsin occasionally. This powerful digestive and antacid, though as harmless and pleasant as candy, will digest and prepare for assimilation into the blood all the food you can eat.

Eat what your stomach craves without the slightest fear of indigestion or that you will be bothered with acidity or sour risings, belching, gas on stomach, heartburn, headaches from stomach, nausea, bad breath, water brash or a feeling like you had swallowed a lump of lead, or other disagreeable miseries. Should you be suffering now from any stomach disorder you can get relief within five minutes.

If you will get from your pharmacist a 50-cent case of Pape's Diapepsin you could always go to the table with a hearty appetite and your meals would taste good, because you would know there would be no indigestion or sleepless nights or headache or stomach misery all the next day and, besides, you would not need laxatives or liver pills to keep your stomach and bowels clean and fresh.

Pape's Diapepsin can be obtained from your druggist, and contains more than sufficient to thoroughly overcome the worst case of indigestion or dyspepsia. There is nothing better for gas on the stomach or sour odors from the stomach or to cure a stomach headache.

You couldn't keep a handier or more useful article in the house.—Advertisement.

KEYSTONE STATE HORSES WANTED

State Report Shows the Manner in Which War Has Drawn on the State's Stock

The demands of European countries for riding and draft animals are estimated by officials of the State Department of Agriculture to have been the direct cause of the failure of the number of horses in the Keystone State to increase last year. Figures just compiled by the departmental agents show that the number of horses was practically the same as at the end of 1914 and calculate that the ordinary increase, which is reckoned at from 14,000 to 15,000 must have been exported. These horses were apparently the best because the average price per head of the horses has declined. There are also indications that the number of mules shipped abroad from farms of the State was larger last year than known before.

All told, livestock on Pennsylvania farms on January 1 numbered 4,230,000 head valued at \$157,843,000. The number of horses is given at 1,266,000, which is believed to be considerably less than a year ago because of the heavy shipments to Europe on account of the war. One estimate is that fully 15,000 horses have been sent from this State to the countries at war. The horses on the farms are rated at \$72,116,000, an average of \$121 a head.

Figures on other livestock are: Mules, 46,000 valued at \$5,888,000, an average of \$128 per head; milch cows, 952,000, valued at \$52,336,000, valued at \$55.00 per head; other cattle, 644,000, valued at \$18,876,000; sheep, 806,000, valued at \$4,352,400, worth \$5.40 per head; hogs, 1,186,000, valued at \$13,974,800, an average of \$11.80 per head.

The department estimated that the corn in cribs on farms is about 94 per cent of the average condition of the last ten years and that only 10 per cent remains to be husked. Almost 90 per cent will be fed on the farm. The condition of wheat and rye in the ground is given as 97 per cent of an average.

ORPHEUM—Wednesday, January 26, Fritz Kreisler; Thursday, matinee and night, January 27, "The High Life Girls" (Burlesque); Friday and Saturday, and Saturday matinee, January 28 and 29, "The Magic Wheel," benefit of the insane Society.

MAJESTIC—Vaudeville and Moving Pictures.

MOVING PICTURE HOUSES
COLONIAL—Helen Ware, in a society drama, "The Little Gypsy."

REGENT—"The Gentleman From Indiana."

VICTORIA—"Barbara Fritchie."

PLAYS AND PLAYERS

Two Ford automobiles race at one another with every prospect of a head-on collision, in a new Vitagraph comedy, produced by and featuring Mr. and Mrs. Sidney Drew. Just as the collision seems inevitable, a bearded figure rises from a trench between the machines and announces, "Boy, there ain't no war; the soldiers all went home last Christmas."

As may be guessed, the plot is founded on a nightmare of a man whose brain cells had been wearied by newspaper notices of the wonder the Ford Peace Expedition was to have accomplished by Christmas. The film is called "Peace At Any Price," released on January 25.

Pauline Frederick, motion picture star of "The Eternal City," "Bella Donna" and others will be shortly seen on the Paramount Picture Program in a new release, "The Spider." In this film Miss Frederick will play what has been attempted but a few times, namely, the acting of a dual role.

Rather interesting is the innovation which The Selig Tribune announces in the current number of The Motion Picture News. Instead of, as heretofore, announcing the titles of the pictures in English only, the titles will, in the future be announced in three languages, English, German and Italian.

Metro announces for release on January 31, Francis X. Bushman and Beverly Bayne in "Man and His Soul."

TOWER CITY HAS SELF GOVERNMENT

[Continued From First Page.]

In this region and borough officials are doing all in their power to further the interests of the town.

The industrial welfare of the community is not all that is taken into consideration here. Residents of the borough are greatly interested in the children and are doing all they can to make them the "future greets" of the district. A system of discipline, entirely new and original, is being put in many ways to put the children on their honor and the teachers in the borough schools are having an easier life by far than those in some other territories.

Self Government
Some time ago the instructors in the schools suggested to the children that a self-government system be established among them. The idea was taken up with the result that an executive board, made up of two members from each of the classes was formed. A disbeliever was immediately sent before this body and if found guilty, a just punishment ordered. The teachers do not order the kind of punishment, but occasionally they make suggestions and the decision of the board is sometimes more severe than that of the teacher would be. As an example, a few days ago a boy who wanted to do what the teacher had told him to do, was ordered to write a 2,000-word essay on "What I can do for Self-Government"; another was compelled to go before a teacher and explain some geometric theorems; another for his punishment had to work out a number of algebra problems and another had to write a great long list of words.

These are the earliest of the experiments meted out by the student board but the teachers say the plan is having the desired effect. When Miss Margaret A. Boyer, principal, stepped out of her room to talk with a Telegraph reporter, she explained that she had no fears of her pupils becoming unruly. "I can go any place in the building," said Miss Boyer, "no matter how unexpectedly I return I will always find my students in their places. The self-government system is a great help in training children to stand on their honor."

Modern Playgrounds
The school board and friends of education are also planning modern playgrounds with the necessary apparatus for the children to play on. The near future a home talent play will be given to help secure the necessary funds to defray the expenses. The Parent-Teachers Association planned the playground at a recent meeting and the school board offered to cooperate. At a meeting held a few days ago a committee made up of members of the school board, including teachers, T. F. Berney, H. P. Gable, Mrs. George Seasholtz, Mrs. W. Snyder and Mrs. James O'Neill, was appointed to arrange for the home talent play.

This entertainment will feature the pupils of the various schools will arrange for a benefit performance to assist in the raising of sufficient funds. The plan, according to present arrangements, is to have the children use the playground apparatus during the recess period and after school hours. There are some persons, however, who are anxious to have the children present in the summer months and a competent playground instructor employed. In the industrial line, Tower City is as busy as ever and under, who are making daily and the majority of men and boys in the towns are employed in the mines while the women and girls work in the four mills in the town, three of which are operated by Powell & Henry. The former member of the firm, by the way, is the Burgess of the town. The partners conduct the Tower City Knitting Mills and two Enterprise Shirt Factories.

Thriving Industry
Ladies' ribbed underwear is manufactured at the knitting mills which was opened about two years ago. Fifteen girls are employed at the plant and plans are being made at the present time to enlarge the capacity and increase the force. Seventy-five dozen sets of underwear are made daily and the product is shipped to many parts of the country. Jobbers in Harrisburg handle some of the goods.

At the plant of the Enterprise Shirt Factory No. 1, 900 dozen shirts are finished weekly. Powell & Henry entered the shirt business fifteen years ago and at present are doing contract work for big jobbing houses in New York. The shirts are already cut out when they reach here so that they are ready to be sewed together by the eighty-five employees when they are shipped to the factory. The plant's capacity is 900 dozens weekly. Enterprise Shirt Factory No. 2 is a smaller concern and the output there is about 500 dozens per week. Between forty and fifty persons are employed and the management of the concern wants additional help. Labor is scarce just now due to the boom times and unless more girls can be gotten from out-of-town the present force at this time cannot be increased.

The Best Stock Underwear Company of which J. B. Leshar is superintendent, is the town's fourth industry. Ladies' lightweight union suits are produced and the daily output is usually about 200 dozens per day. This plant has been in Tower City for about two years, having been removed here from Williamstown. There are forty-five persons on the payroll just now and the majority of these are girls. On the floors of the factory are about sixty machines which are being used in manufacturing the suits.

BOUGHT SHIRT FACTORY

Elizabethville, Pa., Jan. 24.—William P. Ingram of this place has purchased the shirt factory of Charles Grubb at Loyaltown, and will take possession soon.

MANY DEATHS FROM GRIP

Marietta, Jan. 24.—With the inclement weather the grip and pneumonia epidemic in Lancaster county is on the increase, and within the past twenty-four hours several deaths have been recorded. Mrs. Samuel Shultz died at Washington borough, from pneumonia, aged 64 years. Mrs. William E. Gantz died at Manheim, after an illness of only ten hours, aged 61 years. Dr. John Harvey Shaw, 32 years old, died after a short illness.

MRS. WM. ZEARING

Special to the Telegraph
Elizabethville, Pa., Jan. 24.—To-day the body of Mrs. William Zearing, who died at the home of her son, Harry, at Steelton, was brought here and buried beside that of her husband. She formerly lived here and was an active member of the Reformed Church of this place.
