# To-morrow Is the Day When the Great B. B. B. Sale Comes to a Close

## Spring's First Suit Models Are Here in Time For the Trip South

Palm Beach and the several other southern resorts are centers of style—at the present moment, of styles designed for Spring wear.

This initial showing is rich in new points of interest. A stronger trend toward wider skirts is plainly seen, and it may be said they are longer.

Coats are in all, shorter with a return of the raised waist line. This is slight, however, and sometimes made to form a blouse effect in the back. The flare is more decided than heretofore; both from the shoulder and waist-line.

Lighter shades, typical of Springtime are occasionally found in strong contrast with deeper shades. Sage, rookie (brown), Russ (green), Callot (blue), and sand are among the most prominent.

In fabrics, shepherd checks dominate the showing. Pleasing, new checks, they are. Poplins, gabardines, velour checks and combinations of gros de londres will be found.

Smartly tailored, lining of peau de cygne and in every detail, they are truly splendid. Prices, \$25 to \$69.50. BOWMAN'S—Third Floor

### New Dresses—Spring-Like and Beautiful

An assemblage of creations which foretell the style trend for Spring.

Of greatest interest are the new and striking models effected by a combination of some dainty touch that is different; embroidered Georgettes, for instance. Rose and biscuit seem to be favorites in color, while crepe de chimes, meteors and tafetas constitute the weaves.

Prices are \$13.50 to \$47.50. BOWMAN'S—Third Floor

### About Dance Frocks

Gowns for evening, afternoon and dansant—a comprehensive line—embodying the richest of silks in combination with latest modes.

Prices, \$12.50 to \$29.50. BOWMAN'S—Third Floor

## Mostly Every Day Brings Something New in Millinery

With the thought in mind about the South and a new hat, we are featuring particularly modish hats that will typify the style which Spring has in store.

Copies of excellent models, here at a lesser figure than you would pay for the original creations, are attracting unusual attention.

Prices are \$4.95, \$5.95, \$6.50 and \$7.50. BOWMAN'S—Third Floor

## New Blouses Are Even Prettier

Among those you would care to place in your "southern wardrobe" are briefly described:

—Bisque georgette; hand embroidered in contrasting shades; collars and cuffs edged in castle red. \$12.50.

—White georgette; hand embroidered designs; blue stitching to match edging around net collar. \$8.50. BOWMAN'S—Third Floor

—Coral crepe de chine, cape effect in white. \$6.50.

—Georgette in coral, maise and 1esh; wide frill edged with white silk. \$5.95.

—Crepe de chine in peach, white, maise and coral with white georgette vestee and collar. \$5.95.

## Albeit, These New Feminine Boots Are in a Class of Their Own

You'll say the same thing when you observe how neat and trim are the lines, and especially, how smart the new shades—ivory, dove gray, champagne, field mouse, also white. Come in a fine, soft kid; high cut; leather and covered French heels. Price, \$6.50. BOWMAN'S—Main Floor.

It has been a most wonderful event. And though big and voluminous as it has been, of which we are justly proud, it has again proven the supremacy of this house in creating genuine savings.

Most gratifying is the thought that shoppers who came with their own ideas of the savings offered, were delighted over the actual savings, which, in many cases, were in excess of what they expected.

Again, for the last day, your own good judgment may decide, as even it must were the former prices given. These few items do not represent the sale. There are many more.

## What Other Furniture Sale Offers Advantages So Great; And Assortments So Different?

Advantages that make purchasing as profitable for folks living in Ohio as in Camp Hill?

Assortments that have not been equalled by any store within Central Pennsylvania?

This in substance is the whole story about our Substantial February Furniture Sale, and why it has grown constantly from the beginning.

But there is much more to know, which cannot be told in a few paragraphs—much more that deals with the success of these semi-annual furniture sales.

You are mostly interested in knowing how its growth becomes more beneficial to you, each year.

It is because we may purchase larger quantities—from larger houses; because we may place these larger orders so many months ahead when orders are less frequent, and therefore gain the advantage of lower prices, which are passed along to you.

There is still more of vital concern. The quality of woods, the seasoning, dovetails, interiors, whether dustproof, the character of men who work in the factories from which we buy, and of the factories themselves. Such you cannot fully appreciate unless the furniture is before you.

Now you'll understand why our invitation to spend some time here to-morrow, is so full of assurance that we can be of greater service.

Our entire salesforce is highly versed in furniture craft. Isn't that to be considered?

Free delivery on any purchase—anywhere. Convenient credit terms, if desired.

Roll Edge Felt Mattress—covered with art ticking; 50 lbs. weight; two parts; well filled. February Sale Price, \$7.95.

Overstuffed Fireside Rocker—upholstered in tapestry; very comfortable. February Sale Price, \$19.75.

### Plan to Defend Coast With an Aerial Fleet

By employing a comparatively small number of flying boats and creating a series of zones from Maine to Puget Sound, our entire coast could be adequately patrolled and surprise attacks by a hostile fleet thwarted, according to exponents of an aerial-defense plan which is being promoted. The initial move in carrying out this proposed undertaking is now being made on Casco Bay, near Portland, Me., by the establishment of an aerial

patrol base. This station has been promoted by Rear Admiral Robert E. Peary, who urges the co-operation of the various seaboard States of the country in building the complete system of bases advocated.

### TIPS FROM NEW YORK

Reports on the dyestuff situation in this country, laid before an association of clothing manufacturers several days ago, indicate that a crisis for the garment trade is already at hand, and that before long everybody will have to wear white clothes or none at all. Representatives of more than \$75-

000,000 of capital invested in the manufacture of men's garments heard the reports that attempts to relieve the situation by the importations of logwood dye had been a failure, as all the logwood dye in Jamaica, if available, would be inadequate. More than 1,000 textile mills, employing upward of 100,000 persons, are now either idle or running on part time because of the shortage of dyes. There is no immediate hope of relief from the creation of an American aniline dye industry. Capital cannot be interested in a project of this kind because it is regarded as temporary, and the belief is that American dye works would not withstand the renewed German competition after the war without a great measure of tariff protection.

The scarcity of servants in New York City because of the war is causing great concern among employment agents, and as a result of a recent meeting on the East Side, an organization may be formed to meet the situation. The employment agents at the meeting expressed alarm over the news that, after the war, laws would be enforced by the various countries restricting emigration, and plans were discussed for sending representatives abroad to stimulate the supply of girls to do housework. "Not alone in New York City, but the whole nation is feeling the effects of the curious situation," one who was present at the meeting said. "There never has been anything similar in the history of the country that I know of. It was suggested that men be sent to Germany, France, England, Russia and other countries to advise the women how to get to America, and the

advantages in the shape of employment to be obtained there." The demand for servants is pouring in from all over the United States, and at least 50,000 girls, it is estimated, could find places.

### Camp Hill Councilmen Fill Vacancy; Road to Be Repaired in Spring

Special to the Telegraph

Camp Hill, Pa., Feb. 11.—At a meeting of the Camp Hill borough council last evening John C. Orr, who was president of the body, resigned because he recently changed his place of residence to Harrisburg. Charles W. Hardt was elected to fill the va-

cancy and A. E. Stroud was elected president.

Council decided to make some repairs to Market street, the main thoroughfare through the town. At the opening of court in Carlisle on Monday morning Constable Sawyer reported that the road was in very poor condition and Judge Sadler took occasion to remark that he had heard many complaints about the condition of the stretch. The court has ordered the district attorney, George E. Lloyd, of Mechanicsburg, to notify council that the road must be put in passable condition before the next term of court. Mr. Lloyd explained that failure to comply with the notice would likely mean an indictment for the council. The body, however, began to work before the notice was received and it is expected that in the very early Spring

the much-needed repairs will be made to the road.

### An Unfailing Way To Banish Hairs

(Beauty Notes)

Ugly hairy growths can be removed in the privacy of your own home if you get a small original package of delatone and mix into a paste enough of the powder and water to cover the hairy surface. This should be left on the skin about 2 minutes, then removed and the skin washed and every trace of hair will have vanished. No harm or inconvenience can result from this treatment, but be sure you buy real delatone.—Advertisement
