

Dreaded an Operation More Than Anything

Tried Fruitola and Traxo and Has
Never Since Been Troubled
With Gall-stones.

Mrs. Mary E. Franse, whose address is West Point, Nebr., Box 411, has written to the Pinus laboratories a very strong endorsement of Fruitola and Traxo. In her letter, Mrs. Franse says: "About ten years ago I was about to undergo an operation for gall-stones when I heard of your medicine. Dreading an operation above everything I determined to try Fruitola and Traxo and have never been sorry I did so, as I have never been troubled with gall-stones since."

Fruitola is a powerful lubricant for the intestinal organs, and one dose is usually sufficient to give ample evidence of its efficacy. It softens the congested masses, disintegrates the hardened particles that occasion so much suffering, and expels the accumulated waste to the great relief of the patient. Following a dose of Fruitola, Traxo should be taken three or four times a day in order to rebuild and restore the system that has been weakened and run down by constant suffering. It is a splendid tonic, acting on the liver and stomach most beneficially.

Fruitola and Traxo are prepared in the Pinus laboratories at Monticello, Ill., and arrangements have been made to supply them through representative druggists. In Harrisburg they can be obtained at Gorgas, the Druggist, 16 N. Third St., and P. R. R. Station.

A Little Talk On Two Piece Prices

Here and there in the various departments of this store will be found articles of merchandise on which prices higher than 25 cents are quoted. These articles are known as "Two Piece Price" merchandise on which the higher price applies by reason of the fact that they cannot be produced within the price range of 1 to 25 cents. It was the intention of this store when it first opened to confine its wares to the thousands of articles shown here at 1c to 25 cents. But as our values became known hundreds of women grew to depend upon this store for economy in the purchase of their every day household and personal wear needs. And almost daily we were met with requests to increase the distinct service we were rendering by adding higher-priced merchandise that would set the same high standard of value for the price as that which we offered at 25c and less. So we have met those requests by adding here and there a few articles that come under the head of daily needs. These articles, which are in the minority, represent the highest value that can be produced at the price, just as the thousands of articles at less than 25c represent the greatest standard of value at their respective prices. It is but a step in making an important store still more important to you—to give you the best in quality at the minimum in price.

PIMPLES COVERED FACE AND NECK

Formed Scales. Were Very Sore and Itchy. Hard and Red. Very Much Disfigured. In One Month

HEALED BY CUTICURA SOAP AND OINTMENT

"My face and neck were covered with pimples, being bothered for years, but exposure to cold weather and using cheap soap made them much worse, so much so they formed scales which were very sore and itchy and caused a lot of embarrassment. The pimples were rather small, hard and red and would fester and come to a head, but would not heal. My face was very much disfigured for the time being.

"I heard of Cuticura Soap and Ointment. I began using them and in one month my face was free from any disfigurement. It was healed." (Signed) F. E. Johns, 542 6th St., Pittsboro, Pa., July 15, 1915.
