Featuring \$20, \$22.50 and \$25 Spring Suits for Women and Misses
That are the equal of suits twice their price. Not because we say so, but because scores of women who have been accustomed to paying \$35.00 to \$40.00 for their suits say that the garments we sell at \$20.00 to \$25.00 have the same style tendencies, the same high-class tailoring and the same fine fabrics only found in suits at from \$35.00 to \$40.00. That's the reason we sold so many \$20.00 to \$25.00 suits during the past season and the reason we are bound to double our sales during the coming season, for we are ready to-morrow with a splendid collection of these New Spring Suits at from \$20.00 to \$25.00 in sizes to fit every woman, be she tall, short, stout or "stubby stout." Stylish stouts a feature. Smart styles for the stoutest figures. Extra sizes for the big woman and half sizes for the big woman of unusual proportions. No matter how hard you are to fit, come to us, it's unusual for a woman to leave here without being fitted perfectly.
