WHAT THE SHOPS ARE SHOWING

The delicious Ferndell asparagus sold exclusively by the Studebaker Grocery store, Second street at the crossing of State, is offered in several varieties. To serve with butter dressing, the tender little tips are most palatable, while the selected green asparagus, with 35 spears to a can, is delicious with cream sauce. The colossal white asparagus makes a splendid salad, and is so large that only 18 or 23 spears are needed to fill a good-sized can, while the mammoth variety is still larger, the same size can containing from 12 to 15 spears. These figures give an idea of the huge size of this selected asparagus which is just as delicious in flavor as it is large in size.

The Right Beginning

The right beginning is important in everything, and especially when building a new house it is important to install at once a furnace that will give satisfaction not only when it is new, but in the years to come as well. It is always wisest to purchase a furnace of standard make, one that has been tried and found to be thoroughly good. Such are the Penn Comfort and Penn Perfect furnaces sold exclusively by the Hines Hardware Store, 10 North Market Square, and their reputation is so well known in Harrisburg as well as in other cities that one is sure of satisfaction. Prices, too are most reasonable.

AVOID ST. VITUS' DANCE

Physicians are baffled by St. Vitus' dance because it is a nervous disease in which they can find nothing actually wrong with the nervous system. Long before the child becomes awkward and begins dropping things there is a period in which the appetite is fickle and the patient is tired and listless. The jerking movements characteristic of the disease come much later.

In the early stages a good tonic for the blood and nerves will go far toward preventing the development of the disease. But the tonic must be free from alcohol and opiates for these make the nervous condition worse. When your child appears listless, prefers to sit and read rather than go out and play and requires entirely too much time to get his or her lessons, give a course of treatment with Dr. Williams' Pink Pills. They cannot do harm, the system is sure to be benefited and you may avoid serious trouble. These pills build up the blood, nourish the starved nerves and improve the general health.

Your own druggist sells Dr. Williams' Pink Pills or they will be sent by mail postpaid, on receipt of price, 50 cents per box, six boxes for \$2.50, by the Dr. Williams Medicine Co., Schenectady, N. Y. Write for free booklet on "Nervous Disorders."

Why Tolerate Catarrh?

You have noticed, no doubt, that any cold aggravates nasal catarrh, and the flow of mucous amazes you that such objectionable matter could find lodgment in your head. To ignore this catarrh when the cold subsides is wrong because it continues to slowly injure the delicate linings of the nasal passages and clog them up. To correct catarrh, cleanse the nostrils frequently with a solution of warm water and salt, insert vaseline on retiring, and take a spoonful of Scott's Emulsion after meals for one month. Scott's acts through the blood to feed the tissues, and contains soothing glycerine to check the inflammation and heal the sensitive membranes. Scott's is pleasant to take.
