## Mt. Union Wins Debate With Huntingdon Team

Special to the Telegraph  
Mt. Union, Pa., April 3.—Saturday night Mt. Union high school came to the front when it won the county championship over Huntingdon high school in debate. Although it was Mt. Union's first year to enter interscholastic debate it won its first contest with a unanimous decision from the judges, who were Dr. J. I. Woodruff of Susquehanna University, Prof. Homer Gage of Lock Haven and Prof. Edgar E. Stauffer of Albright college. The question was "Resolved, That international peace could be best promoted by extensive warlike preparations on the part of all great Powers." Mt. Union with Miss Thelma Wilson, Clyde Huber, Avlene Light and Robert Bell, captain, defended the affirmative side. Huntingdon was represented by Chalmers English, Marcus Womer, Carl Miller and Edw. Green. Mt. Union will now debate Juniata and Lewistown for the championship of Mifflin, Juniata and Huntingdon counties the last week of April.

## ANNVILLE BUSY LEBANON TOWN

Stone Quarries and Shoe Factories Give Hundreds Employment

Special to the Telegraph  
Annullville, Pa., April 3.—Annullville, the home of the Lebanon Valley college, is one of the picturesque towns of Central Pennsylvania and incidentally is a very busy industrial community at the present time. Although there are but three industries within the border of the town, quite a few men are employed in the stone quarries in the territory round about, and each day thousands of tons of crushed stone are shipped away from this district. There is a great formation of limestone in this part of Lebanon county and quarry work can be continued for many years to come. But stone work is not all there is in this vicinity. The first shoe factory of the A. S. Kreider Manufacturing company is located here and in addition there is a hosiery mill and an embroidery factory. Mr. Kreider began the shoe business here in 1894 in a building less than one-tenth the size of the present factory. During the first six months the plant was in operation 18,000 pairs of shoes were made. At the present time more than that number are manufactured in a week. The average output for the local factory just now is about 3,400 pairs daily. Between July 1, 1915, and January 1, 1916, a period of six months, the factories' output totaled 385,900 pairs. And this is only the output of one of the Kreider factories. Other plants are located in Middletown, Elizabethtown and Palmyra and a fifth is now in the course of construction in Lebanon.

## Nearby Mines Are Working Regardless of Lapse

By Associated Press  
Pottsville, Pa., April 3.—All the mines in the Schuylkill and Northumberland districts are working full handed to-day as usual, the leaders of the United Mine Workers having succeeded during the past three days in inducing this action in the face of agitation in favor of a refusal to work until an agreement is signed.

## YOUR SICK CHILD IS CONSTIPATED! LOOK AT TONGUE

Hurry, Mother! Remove poisons from little stomach liver, bowels.

Give "California Syrup of Figs" if cross, bilious or feverish

No matter what ails your child, a gentle, thorough laxative should always be the first treatment given.

If your little one is out-of-sorts, half-sick, isn't resting, eating and acting naturally—look, Mother! see if tongue is coated. This is a sure sign that the little stomach, liver and bowels are clogged with waste. When cross, irritable, feverish, stomach sour, breath bad or has stomach-ache, diarrhoea, sore throat, full of cold, give a teaspoonful of California Syrup of Figs, and in a few hours all the constipated poison, undigested food and sour bile gently moves out of the little bowels without gripping, and you have a well, playful child again.

Mothers can rest easy after giving this harmless "fruit laxative," because it never fails to cleanse the little one's liver and bowels and sweeten the stomach and they dearly love its pleasant taste. Full directions for babies, children of all ages and for grown-ups printed on each bottle. Beware of counterfeit fig syrups. Ask your druggist for a 50-cent bottle of "California Syrup of Figs"; then see that it is made by the "California Fig Syrup Company."

## ENDORSEMENTS ARE COMING IN

A number of letters of endorsement for Governor Brumbaugh, made public to-day by his campaign committee for a reunited Republican party are held to "give evidence of a general tendency on the part of earnest progressive Republicans to return to the party fold in support of Governor Brumbaugh's candidacy for the Republican nomination for president. Sentiment appears undivided on the Governor's proposition for party harmony. Numerous ones among the writers of these commendatory declarations which, by the way, are pouring in from influential men of every county, see in Governor Brumbaugh assurances of an "old-time Republican victory" next November. And they praise him in warmest terms for his firm stand in the matter of bringing the party together."

"Forest county is with the Governor," wrote A. M. Deutt, of Tionesta. "Penrose is very sick in Forest county. I was a Progressive Republican in 1912, but now I am friendly to Governor Brumbaugh and his policies. I shall be most pleased to be of any assistance I can be to the Governor in his campaign and in promoting the principles he advocated, and especially his local option stand."

H. C. Wright, a Wyoming county committeeman of Skinners Eddy: "As a member of the Republican county committee it gives me great pleasure to state that I will support Governor Brumbaugh in his fight for local option and a reunited party."

"I am a great admirer of Governor Brumbaugh and heartily commend the stand he takes for clean politics," wrote A. T. Brown, of Cochranton, Crawford county. "I have no political axe to grind and wish to see a reunited Republican party and against Penroseism."

A. M. Whipple, lumber merchant of Laceyville, Wyoming county, "I am greatly pleased to see the platform that Governor Brumbaugh has declared himself for. I will use my influence toward making his election a success."

C. E. Tyler, of Meshoppen, in the coal and grain business in Wyoming county: "I heartily endorse the stand taken by Governor Brumbaugh for a reunited Republican party and I will give the same my support."

Horace Tugler, stone dealer of Laceyville: "I am glad of the opportunity to stand back of Governor Brumbaugh and his policy for a united Republican party. He has my hearty endorsement and co-operation for an old-time Republican victory at the primaries which will pave the way for the election of a Republican President."

H. E. Hugh, attorney of Clarion: "I am in very hearty accord with the Governor, particularly on the firm stand he has taken on the local option question. I will be glad to cooperate to do anything in my power in support of his policies."

## Tells Her Experience To Benefit Others

### Mrs. Dunlap Sends a Letter Addressed to the Readers of the Paper

A sense of duty to others who might suffer as she had impelled Mrs. R. C. Dunlap, of Dekalb, Mo., to send the following signed statement to the St. Joseph, Mo., News Press:

"The readers of the News-Press, especially those suffering from gallstones, stomach trouble and appendicitis, will find in Fruitola and Traxo a permanent cure. After suffering for three years the most excruciating pain from gallstones I found this wonderful remedy and am now in perfect health and have been for almost four years. Never have any symptoms of the old trouble. I had been told by three doctors that nothing but an operation would save me. I know several who have undergone an operation but still have gallstones. This medicine is an oil which softens the stones and cures the liver. It can be bought at any drug store."

Fruitola is an intestinal lubricant that softens the congested masses, disintegrates the hardened particles that cause so much suffering, and expels the accumulation to the patient's great relief. Traxo is a tonic-alternative that acts on the liver and kidneys, stimulates the flow of gastric juices to aid digestion, and removes bile from the general circulation.

Fruitola and Traxo are prepared in the Pinus Laboratories at Monticello, Ill., and arrangements have been made to supply them through representative druggists. In Harrisburg they can be obtained at Gorgas, the Druggist, 16 North Third street and P. R. R. Station.

## WARNING

A temporary agreement has been arranged whereby the miners will continue to work until a new agreement is reached or it is found impossible to reach a settlement.

Just how long mining operations may continue under this arrangement is uncertain.

The prices of coal during this interval will continue the same as have been in effect this past Winter. Cheaper coal is not probable this Spring.

The future is uncertain and we urge our customers to look to their coal needs now while there is an ample supply.
