## DRASTIC RULES FOR FRESHMEN

### Student Senate of Dickinson College Fixes Penalties For Violation of Regulations

Carlisle, Pa., April 10.—Claiming that the ancient traditions of the institution are not being observed, the Student Senate of Dickinson College has passed drastic rules regarding the violations laid down for the freshmen at the institution. One violation means disbarment from class elections, two from class office holding and three the losing of all privileges as a member of the college assembly for the entire four years.

The rules pertain to the wearing of green caps, respect to upper classmen, use of tobacco on the campus, appearance with the fair sex except at stated intervals and similar regulations. Since the abolishment of hazing at the local institution it is almost impossible to enforce the rules, the senate states, and the present freshmen class, which greatly outnumbers the sophomores, has sent discipline in defiance and broken all of the many rules.

## True Secret of Keeping Youthful Looking

(The Beauty Seeker.)

"The real secret of keeping young-looking and beautiful," says a well-known hygienist, "is to keep the liver and bowels normally active. Without these requisites, poisonous waste products remain in the system, polluting the blood and lodging in various organs, tissues, joints. One becomes flabby, obese, nervous, mentally sluggish, dull-eyed, wrinkled and sallow of face.

"But to get liver and bowels working as they ought, without producing evil after-effects has been the problem. Fortunately, there is a prescription of unquestioned merit, which may now be had in convenient tablet form. Its value is due largely to the ingredient derived from the humble May apple, or its root, which has been called 'vegetable calomel' because of its effectiveness. It is not to be confused with the real calomel of mercureous origin. There is no habit-forming constituent in 'Santonal' tablets—that's the name—and their use is not followed by weakness or exhaustion. On the contrary, these harmless vegetable tablets tend to impart tone and elasticity to the relaxed intestinal wall. Santonal tablets, which may be purchased in any drugstore—a dime's worth will do—will prove a revelation to any constipated, liver-troubled person."

## The Constipation Curse

Constipation - clogged bowels cause pain and sickness; 95 per cent of our ills, say the authorities. Santonal Laxatives bring quick relief. All vegetable—contain no calomel. Ten doses for a dime at any drugstore. Physician's sample free, upon request, if you mention this advertisement. The Santonal Remedies Co., Inc., 800 Madison Ave., Covington, Ky.

## Carlisle Industries Show Improvement by Reports of U. S. Census Bureau

Special to the Telegraph

Carlisle, Pa., April 10.—A statement of the general results of the census of manufactures for Carlisle has been issued by Director Sam L. Rogers, of the Bureau of the Census, Department of Commerce, at Washington, D. C.

The figures are preliminary and subject to such change and correction as may be found necessary from a further examination of the original reports. The reports were taken for the calendar year ending December 31, 1914, wherever the system of book-keeping permitted figures for that period to be secured.

The population of Carlisle at the census of 1910 was 10,303 and it is estimated that it was 11,000 on July 1, 1914.

Salaries and wages amounted to \$909,000 in 1914 and \$654,000 in 1909, the increase being \$255,000, or 39 per cent. The number of salaried employees was 107 in 1914, as compared with 103 in 1909, making a decrease of 4. The average number of wages earners was 603 in 1914 and 1,334 in 1909, the increase being 269, or 20.2 per cent.

## CHURCH OF GOD OFFICERS

Marysville, Pa., April 10.—Officers of the Church of God have been elected as follows: Superintendent, W. S. Fortenbaugh; assistant superintendent, Jere McCann; treasurer, Mrs. Alice Ensminger; secretaries, Miss Catherine Eppler, M. L. Bratton, Mrs. John King; organist, Miss Frances Fortenbaugh; assistant organist, W. F. Palmer; librarians, Miss Bernice Eittinger and Miss Janet Gosnell. Officers of the primary department: Superintendent, Mrs. Rebecca Kensler; assistant superintendent, Mrs. William Pease; organist, Miss Mary Keefer.

## PARTY FOR MISS HENRY

Special to the Telegraph

## MOLLY PITCHER PLANS APPROVED

### State Commission and Carlisle Committee Prepare For Monument Unveiling

Special to the Telegraph

Carlisle, Pa., April 10.—At a meeting between the State commission appointed by the Governor and the joint local committee for the Molly Pitcher memorial celebration the plans for the unveiling of the monument to the heroine of Monmouth were approved by the State body. The members of the commission are Roy L. Shuller, Lock Haven; H. A. Miller, Easton; W. S. Wacker, Philadelphia, and W. A. Rupp, Carlisle.

Another joint meeting will be held in June, when the monument will be formally approved by the commission. Invitations will be sent to all secret organizations in the State and all of the fire companies in this section. The unveiling proper will come on the afternoon of June 28, following the parade.

## Gratz Milk Dealer Hurt at Wiconisco Crossing

Special to the Telegraph

Wiconisco, Pa., April 18.—William Hoover, a well-known milk dealer of Gratz, met with a serious accident Saturday afternoon at the railroad crossing at the east end of town. The wagon was smashed to pieces and the pair of horses ran away. Mr. Hoover received several injuries about the head and face and is now in a critical condition.

## FORTY-ONE DEER IN HERD

Special to the Telegraph

Waynesboro, Pa., April 10.—One of the largest herds of deer ever seen in this section of the Blue Ridge mountains, was reported by Robert Harbaugh and Benjamin Sease, linemen employed by the Bell Telephone company. These men were engaged at work in the mountains near the White Pine Sanatorium at Mont Alto, on Friday, when they saw a herd of 41 deer. They were grazing in a bunch, and the men were permitted to get very close to them. There were a number of very large bucks.

## NEW SHIRT FACTORY

Special to the Telegraph

Waynesboro, Pa., April 10.—A new shirt factory will begin operation here next week. The factory will be operated by Frieden Brothers, and will be known as the Cumberland Valley Shirt Manufacturing Company.

## ADDITION TO HIGH SCHOOL

Special to the Telegraph

Waynesboro, Pa., April 10.—An addition to the new high school building here will be built. It has been found that the departments used for domestic science and manual training are too small.

## REQUEST FOR EGGS

Special to the Telegraph

Waynesboro, Pa., April 10.—Superintendent H. J. Kitzmiller, of the Quincey Orphanage, and the Old Folks Home, issued an appeal to United Brethren Church people for crates of eggs as an Easter donation.

## LIVESTOCK BURNED

Special to the Telegraph

Codorus, Pa., April 10.—A large barn was destroyed by fire Saturday night on the farm of Robert Fickes, entailing a loss of several thousand dollars. A cow, four pigs and many farming implements were lost in the flames, together with considerable feed and hay.

## NEW PASTOR IN CHARGE

Marietta, April 10.—The Rev. George A. Roseberg, the newly-elected pastor of the Airville United Brethren Church began his work yesterday. He will be installed to-morrow evening. He came from East Rochester, Ohio.

## Everyone Should Drink Hot Water in the Morning

Wash away all the stomach, liver, and bowel poisons before breakfast.

To feel your best day in and day out, to feel clean inside; no sour bile to coat your tongue and sicken your breath or dull your head; no constipation, bilious attacks, sick headache, colds, rheumatism or gassy, acid stomach, you must bathe on the inside like you bathe outside. This is vastly more important, because the skin pores do not absorb impurities into the blood, while the bowel pores do, says a well-known physician.

To keep these poisons and toxins well flushed from your stomach, liver, kidneys and bowels, drink before breakfast each day, a glass of hot water with a teaspoonful of limestone phosphate in it. This will cleanse, purify and freshen the entire alimentary tract, before putting more food into the stomach.

Get a quarter pound of limestone phosphate from your pharmacist. It is inexpensive and almost tasteless, except a sourish twinge which is not unpleasant. Drink phosphated hot water every morning to rid your system of these vile poisons and toxins; also to prevent their formation.

To feel like young folks feel; like you felt before your blood, nerves and muscles became saturated with an accumulation of body poisons, begin this treatment and above all, keep it up! As soap and hot water act on the skin, cleansing, sweetening and purifying, so limestone phosphate and hot water before breakfast, act on the stomach, liver, kidneys and bowels.—Advertisement.

## WHO REALLY DOES OWN THESE ACRES?

### Queer Predicament of Mifflin Township Assessor Before Commissioners

Dauphin county's board of commissioners will confer with the Mifflin township assessors in the near future over the question of whether George E. Koppenhaver or Jacob H. Lenker owns about nine acres of woodland in Mifflin county.

The problem grows out of the claim of some relatives of John S. Snyder who in 1908 sold the tract to Lenker. Koppenhaver, however, got possession of the land sometime before by purchasing it at a county treasurer's sale. Snyder's relatives contend that the land is still theirs, but as it is assessed in Koppenhaver's name, the assessor is all at sea as to whom he shall collect the taxes from. Both Lenker and Koppenhaver are willing and can't and say Snyder's relatives dare not.

**To-day's Petitions.**—Republican petitions for judge and inspector of elections for the second precinct of the Fourth ward, inadvertently filed to-day by George P. Hammond and George R. Windsor, Republicans, were refused by the county commissioners as no vacancies like this are to be filled for the spring primary. Other petitions include these Republicans who want to be city committee-men. Thomas B. Rockefeller and J. Herbert Thomas, second precinct, Fourth ward, and Charles J. Gohl, second of the Third ward, for county committee.

**Care Auditor.**—Attorney R. Sherman Care was appointed auditor to-day to distribute the balance of \$852 in the hands of Sarah A. Kennedy administrator for the estate of John M. Kennedy.

## STELTON MAN TO HEAD NEW SCHWAB DEPT.

[Continued From First Page.]

the executive force at South Bethlehem.

## In Line With Schwab Policy

The appointment of Mr. Rutherford to head this important department is hailed by the employees at Stelton and the other plants recently acquired by the Schwab interests, as showing that the new owners mean just what they said when President E. G. Grace announced in a recent interview that the present employees of the plants purchased would be given every opportunity to go up the line in the Bethlehem Steel Company.

In that interview, Mr. Grace declared that competent men would be recognized and that any employee who has the ability will be shoved up the line into higher positions than he ever could have held under the old regime.

## With Company 26 Years

Appointment of Mr. Rutherford is a recognition of years of faithful service. He entered the employ of the Pennsylvania Steel Company as office boy April 7, 1890. His rise to the position of a clerk and on up through the various clerkships until he obtained his present place, was rapid.

Mr. Rutherford is a graduate of the Harrisburg High School and resides at 1924 North Second street.

## MORE STRINGENT RULES TO CHECK MEASLES

[Continued From First Page.]

main at home or are sent to the home of relatives.

High school students in such families will not be included in this ruling if a physician's certificate is furnished showing that they have had the disease.

"Too many parents in the city, when one of their children has measles, send their other little ones to some relative where the children stay until the quarantine is removed. This will not be permitted and the sanitary officers will be so instructed," Dr. Raunick said in explaining his action.

Over the week-end 82 more cases were reported, making the total 230 for the first nine days of the month. Dr. Raunick said this morning that he appreciated the co-operation of city ministers and managers of all public institutions. He believes that the number of cases will decrease within a week.

More than 5,000 pupils in the four lower grades in the city schools returned to-day when the schools reopened. Owners of motion picture theaters will be allowed to admit children this week, but probably next week the four first grades in the schools will be closed again, and children barred from theaters.

## Preliminary Report on Rise of Gasoline Draws No Conclusions as to Increase

By Associated Press

Washington, April 10.—The Federal Trade commission to-day presented to Congress a preliminary report on its investigation of the rise in the price in gasoline. The report carries a mass of statistics on production and prices but draws no conclusions as to the cause of the increase of the latter.

Of alleged price discriminations, which the commission is charged with investigating under a Senate resolution, the report says:

"If prices are found to have been raised to higher levels in some sections than in others, making due allowance for quality of product, freight and marketing conditions it may be inferred that an element of artificial manipulation has entered into the advance."

## Will Ask Congress to Help Maintain Training Camps

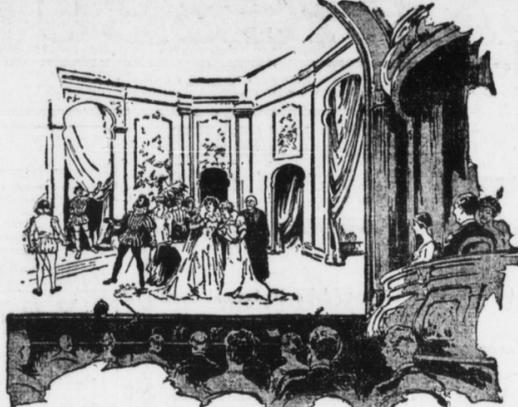

By Associated Press

Washington, April 10.—Secretary Baker of the War Department to-day asked Congress to appropriate money to maintain citizen-soldier summer training camps.

## BRANDEIS ACTION DEFERRED

By Associated Press

Washington, April 10.—Action on the nomination of Louis D. Brandeis for justice of the Supreme court to-day was deferred for a week at a brief session of the Senate Judiciary committee. Delay was agreed upon because of the desire of Senators to hear the debate on the free sugar repeal resolution which the Senate votes to to-morrow. The committee is said to be closely divided, with Republicans against confirmation and some Democrats doubtful.

\$15.00 .50 \$14.50 profit

Did you ever stop to consider how much money you've got laying loose around the house? No, I don't mean so much in actual currency, but in inactive furniture, carpets, stoves, dishes, and the like. Too good to throw away, and for which you have no further use except to shift from one corner to another each housecleaning time. Sell it! That's the answer.

Take that old stove, for instance. That's good for \$5 to \$15 if you knew who needed a stove like it. I'll tell you—just insert an ad like this in the TELEGRAPH:

FOR SALE—Large stove; good as new. Double heater; burns coal or wood. Reason for selling, owner has no further use for it. Call 1087 Hill street.

An ad like that will cost you 25c for one time, or three times for 50c, and there's mighty little doubt about your selling it. Among the twenty-one thousand readers of the TELEGRAPH there are plenty of folks who are looking for just those articles for which you have no further use.

Better try it out and give us a chance to prove our assertion that there's a buyer for anything under the sun among the TELEGRAPH'S readers. Just call Bell 4100 and a courteous clerk will help you word your ad.
