vice as an April Common Pleas talemansman. Noll, according to Assistant District Attorney Frank B. Wickersham, had been informed by his superior officer at the steel plant, that his services were needed at the works and that if he couldn't work, some one else would be selected in his place.

"The Law of the Land" significantly pointed out President Judge Kunkel, "it must be understood that it is a violation of the law of the land to persuade or to attempt to persuade any jurors from serving the public by attendance upon court."

Mr. Wickersham explained that he didn't think the company's officials meant to dissuade Noll from serving as a juror. "As I understand it, Noll was simply told that if he didn't report for duty, some one else would be selected in his place as the work in hand was such as had to be hustled. I understand that the carpenters are working on the blast furnaces. This, I believe, is not a violation of the law of the land, Your Honor."

Noll was excused with the understanding that if he be needed, he will answer to the call.

**Measles Here, Too!**  
Of the sixty traverse jurors called for duty at the opening of April Common Pleas court this morning, twelve were excused. Noll, because of his work at the steel plant, the Rev. A. E. Hanger, because his attendance at a funeral was required, Lester Youtz, because of deafness, and the others because of illness. Measles, it appeared was the direct or indirect cause of most of these excuses.

President Judge Kunkel announced that beginning to-morrow Judge Rush Gillan, Franklin county, will assist him in Common Pleas. Illness of Additional Law Judge S. M. McCarell has prevented his attendance at court, it is understood.

All druggists sell Resinol ointment and Resinol soap.

## How the Right Soap Can Help Your Skin
