

The Globe says.

The Influence of Women On the Styles of Men's Clothes

TIME was when a man about to buy a new suit of clothes, (which was usually an annual event) went to his Clothier or his Merchant-tailor, made a selection of cloth and then "left it to him." Things are different now-a-days—

The average woman of today is keenly alive to style conditions—not only for her own apparel, but also makes a study of clothes for men.

She is observing—she is style studious—she recognizes the virtues and character of good Clothes.

Let HER assist you in making your selection for Easter. THE GLOBE is the store where all women delight to shop.

Four Reasons Why Mothers Bring Their Boys to The Globe

- First—Our Boys' Department is a store in itself. A young store of never-failing courtesy. The greatest Boys' Department between Philadelphia and Pittsburgh.
Second—We are students of a live boy's needs and our Boys' Clothes are made according to our own ideas and specifications—that gives them an air of exclusiveness.
Third—This is a store where ideas are born and matured. We originate—but we cannot prevent imitation.
Fourth—And last but not least, we give an elegant WATCH FREE with every Boy's Suit from \$5.00 upward. BRING YOUR BOY HERE.

STEELTON NEWS

TO TEACH PEOPLE VALUE OF TREES

Council's Appropriation Permits Commission to Undertake Conservation Work

With the receipt of funds from council with which to carry on its work, the Shade Tree Commission of Steelton will immediately make plans for its summer work.

It is likely that Charles S. Davis, chairman of the commission, will call a meeting of the members next week, when plans for inaugurating a campaign of education will be formulated.

Before undertaking any planting or trimming the commission will have distributed a quantity of literature explaining the advantage of shade trees properly cared for in a borough and pointing out ways and means for obtaining well-shaded streets at a small expense.

Although the Shade Tree Commission has wide powers for directing what shall be done along the line of tree conservation, Steelton's commission plans to use little of its power except to educate the people to a greater love for trees.

The first card to be sent out by the commission will say: "YOU ARE INTERESTED: The borough of Steelton has upon its streets many shade trees; they are one of the chief attractions of the borough and a most valuable asset."

Do YOU realize the advantage of the trees as a means of beautifying our town and making it possible to use our streets and walks with comfort and pleasure during the extreme heat of summer?

We, the Shade Tree Commission, in whose care the trees in the streets of the town have been placed, desire your co-operation in our work; and we ask you to notify us either by telephone or letter of any evidence that the trees in front of your property are out of condition or damaged, or of any tree that may come to your attention that seems to need our care.

Look particularly for dead or broken limbs, holes, insect pests, rotten trunks, etc. With your aid, we shall be able to care for the trees promptly; for such notice will receive immediate attention.

McCaleb Comments on Seventieth Anniversary

Commenting on the seventieth anniversary of the Pennsylvania Railroad Company to-day, Superintendent William B. McCaleb of the Philadelphia division, said: "I think as employees we should consider ourselves fortunate in being connected with a company which occupies such a prominent position in the railroad world, and has been so successful in the conduct of its affairs for so many years past.

Our aim is to maintain the high standard of service and to endeavor to continue to merit the good will of our patrons. It is the duty of every employee in which we occupy our position to give the best possible service to the public, and in time hand the property down to our successors in a condition to carry on with as great a degree of success in the future, as in the past, the work for which the company was organized."

Girls With Beautiful Faces or Graceful Figures.

American girls have a world-wide reputation for beauty, but, at the same time, there are girls in Pennsylvania who possess neither beauty of face nor form because in these instances they suffer from nervousness, the result of disorders of the womanly organism. At regular intervals they suffer so much that their strength leaves them; they are so prostrated that it takes days for them to recover their strength. Of course, such periodic distress has its bad effect on the nervous system. The withered and drawn faces, the dark circles and crow's feet about the eyes, the straight figure without those curves which lend so much to feminine beauty are the unmistakable signs of womanly disorders.

Johnstown, Pa.—"I was always ailing and had severe headaches up to the time I used 'Favorite Prescription.' I used remedies from several doctors but none helped me much. I learned of 'Favorite Prescription' through a little book thrown in the door. I had also heard of Dr. Pierce's remedies through some friends, so I began using the 'Favorite Prescription.' I was glad to see that it helped me, so I kept on using it until 6 or 7 bottles had been used. I got all over my headaches and my health was improved—I was put on my feet. The awful headaches never came back and my general health has been better than in years. If I should again feel the need of a woman's medicine I would use 'Favorite Prescription' on account of what it did for me on the above mentioned occasion." —Mrs. LILA BUTLER, 307 Market St., Johnstown, Pa.

Dr. Pierce's Pleasant Pellets are the original little Liver Pills, first put up nearly 30 years ago. They regulate an inveterate stomach, liver and bowels. Much imitated but never equalled. Sugar-coated and easy to take as candy.
