

DR. KILMER'S SWAMP-ROOT PROVES ITS GREAT VALUE IN THE MOST DISTRESSING CASES

Kidney Trouble Wears You Out Unable to Work

I had Kidney and Stomach trouble for several years and lost over 40 pounds in weight; tried every remedy that I could and got no relief until I took Swamp-Root. It gave me quicker relief than anything that I ever used. I now weigh 155 pounds and am singing the praises of Dr. Kilmer's Swamp-Root and recommending its use to all who have stomach and kidney troubles.

This is to certify that I, Jerome H. McCormack, of 317 Ivy Street, Johnson City, Tenn., suffered from Congestion of the Kidneys, so that at times I was obliged to move about the house with the aid of a chair and unable to work until I used three bottles of your Swamp-Root in my house at all times, as I know from experience that it is the best Kidney medicine I can use.

Respectfully yours, E. C. MENDENHALL, McNeill, Arkansas. Subscribed and sworn to before me, a Notary Public, this 27th day of March, 1915. J. W. RHEA, Notary Public.

Very truly yours, J. H. MCCORMACK, Johnson City, Tenn. Sworn and subscribed to before me, a Notary Public, this March 31st, 1914. SAM T. MILLARD.

ROBERT E. SMITH J. STUART BLACK.

—The Roshon Studio.

Masanet's beautiful sacred cantata, "Mary Magdalen," will be presented for the first time in this city, to-morrow evening at 8 o'clock in the Westminster Presbyterian Church, by an augmented choir under the direction of Robert C. Smith, J. Stewart Black, organist. The soloists are Mrs. Phoebe Turner, who will sing the role of the Magdalen, Miss Mary Bell Corbett, that of Martha; Dr. Byron Stanley Behney, that of the Christ, and Stanley G. Backenstoss that of Judas. Each one of these soloists needs no introduction to Harrisburg.

A silver offering will be collected for the benefit of the music committee of the church. Massenet is one of the modern composers. His "Mary Magdalen" was written in 1871-2 and was with great difficulty placed before the public, only succeeding through his friendship with Pauline Viardot-Garciu, the greatest operatic contralto of her time. During April, 1872, the first performance was given and at once established a new era in sacred oratorios, without figures or contrapuntal ensembles, but full of life, love and melody.

The critic Camille Saint-Saens wrote, "Massenet's music is original without being odd, and entertaining without being trivial. On examination one discovers, not without surprise, that it proceeds from the heart of the Gounod, of which it nowhere gives the impression. Massenet is to Gounod what Schumann is to Mendelssohn." It remained, however, for Russia's greatest composer to pay this work its greatest tribute.

Tchaikowsky in writing to his brother, states, "when he began to play the score he was soon convinced it was not commonplace. The duet between the Christ and the Magdalen is a masterpiece."

Henry Fink and John Shopp, students at the Mercersburg Academy, Mercersburg, Pa., have resumed their studies after spending the week-end at their homes.

Palmer, director of the Africa Inland Mission for North America, who has been conducting the Twentieth International Bible Conference in the First Baptist Church, Second and Pine streets, left to-day for Carlsle where he will teach in a conference held there this week.

Beauty-destroying hairs are soon banished from the skin with the aid of a delicate paste, made by mixing some water with a little plain powdered delatone. This is spread upon the hairy surface for 2 or 3 minutes, then rubbed off and the skin washed to remove the remaining delatone. This simple treatment banishes every trace of hair and leaves the skin without a blemish. Caution should be used to be certain that it is delatone you buy.

Teeth Now Beautified Almost Like Magic Why is it that men and women of refinement go to their dentists two, three or four times a year to have their teeth scraped? Because such persons, though ardent devotees of the tooth brush, and that the usual dentifrices do not suffice to keep their teeth free from stains and tartar. If more people only knew it, there is a perfectly harmless substance, to be found in any drug store, which acts almost like magic when used on unclean and discolored teeth.
