Freckles and Blisters
Are Easily Peeled Off

If you are bothered with any cutaneous blemish, it's no use trying to use paint, powder or anything else to cover it up. Too often this only emphasizes the defect. Botox, it's mucous action to remove the disfigurement with ordinary mercurized wax. Applied nightly, the wax will gradually remove freckles, pimples, moth patches, liver spots, sallowness, red blotches or any surface eruption. It's so simple, so easy to use, so effective, a little each day, until the clear, soft, youthful and beautiful skin beneath is bare. Botox is a cream, a soft, druggist for one ounce of mercurized wax and use this like you use cold cream. Remove in morning with soap and water. Many who have tried this simple, harmless treatment report astonishing results.

If troubled with wrinkles or furrows, a wash lotion made by dissolving 1 oz. of powder in 1/2 pint of water, will prove wonderfully effective.

Westminster Singers Receive
Commendation For Presentation
of "Mary Magdalen"

Westminster Presbyterian Church was packed last night with an appreciative audience which listened with growing approval to the rendition of Jules Massenet's oratorio, "Mary Magdalen," by the church choir, which had been augmented until there were about fifty voices in the choir.

Robert C. Smith was the director and J. Stewart Black the accompanist. Mr. Smith is a leader of exceptional ability. The trained chorus was a testimonial of his skill along this line. Mr. Black has few equals in the city as an accompanist. These two young men are Harrisburgers and deserve much credit for what they have done during the past few years to stimulate the public's appreciation of good music.

This was the first time that the oratorio has been sung in the city and many came to hear it on that account; others thought it was too difficult a piece to be undertaken by a chorus made up of this kind of material, who heard the oratorio could have nothing but praise for all who participated in it. It was a great success. Those who love good music were there and were loud in their praise. All the parts were well balanced. The interpretation was good. Everyone sang his best and the result was a most pleasing one. The solo work of Mrs. Phoebe Turner and of Miss Mary Bell Corbett, also that of Dr. Byron Stanley Behney and Stanley J. Backenstoss, was of high order.

At the close of the oratorio the members of the regular choir of the Westminster Church served light refreshments in the lecture room to the singers from the outside who had so kindly co-operated with them.

NEURALGIA'S ONE SYMPTOM

Neuralgia is a disease which has but one symptom—pain.

The pain of neuralgia is sharp and shooting with intervals of freedom. An attack of neuralgia does not give immunity but recurrences are the rule. The same nerve is generally affected which means that this particular nerve has lost its resistance and that there will be recurring attacks until the strength of the nerve is built up.

How can the strength of a nerve be restored? The nerves are nourished entirely by the blood and weak nerves are toned up by supplying to the blood the elements that the nerves lack. As the general health and strength of the patient are built up the nerves resume their normal functions, inflammation caused by lack of nutrition disappears and the neuralgic attacks cease.

Dr. Williams' Pink Pills are a tonic exceptionally well suited for the treatment of neuralgia because they contain no alcohol, stimulating or habit-forming drugs. The tonic treatment with these pills is well worth a trial by any sufferer from neuralgia.

Write today for booklet on nervous disorders to the Dr. Williams Medicine Co., Schenectady, N. Y. Your own druggist sells the pills or they will be sent postpaid at 50 cents per box.

SUFFER NO MORE
MISERY FROM PILES

Says Piles May be Quickly Relieved—No Drugs—No Cutting

You cannot cure piles or hemorrhoids by drying them up with caustic chemicals. You may get temporary relief but it isn't long before the trouble comes back worse than before. What is needed is a bland, cooling, healing agent like antiseptic Ucanol now being sold by all the better druggists in this vicinity.

Ucanol may be new to you but it is an old, old, friendly aid to many sufferers. One delighted user has just written: "Ucanol is the best pile cure in the world. After all the other treatments failed your wonderful ointment quickly brought blessed relief. Ucanol is a household necessity. It is quickly effective in drawing out the fire and pain from burns and scalds. It immediately stops itching skin, heats cuts, bruises and old sores. All misery stops and the healing begins when Ucanol is applied.
