That's the point—"What d'ye KNOW?" To-day it's a battle of wits—and brains win. Muscle and brawn don't count so much as they used to. In the fight for good jobs and big salaries it's brains—not brawn—that win. "What d'ye KNOW?" is the one great question that draws the line between defeat and victory—between "wages" and "salary"—between you and the Boss.

What do YOU know? Are YOU so expert in some line of work that you can "make good" as a foreman, superintendent, or manager? If not, why don't you mark and mail the attached coupon and permit the International Correspondence Schools to show you how you CAN "make good" on a big job?

For 23 years the I. C. S. have been showing men how to do better work and earn bigger salaries. Every month over 400 students write of promotions or salary increases through I. C. S. training. What the I. C. S. are doing for these men they can do for YOU.

No matter where you live, how old you are, what hours you work, or how limited your education—if you can read and write and are ambitious to learn the I. C. S. can train you in your own home, during your spare time, for a more important and better-paying position.

Mark and mail the attached coupon—it won't obligate you in the least—and the I. C. S. will show you how you can acquire this salary-raising ability by their simple and easy methods.

It will cost you nothing to investigate—it may cost a lifetime of remorse if you don't. Mark and Mail the Coupon NOW.

Backache Just Like a Toothache!

Dear Mr. Editor—Sometime ago I had backache very bad; it would ache just like a toothache. I tried a new discovery of Doctor Pierce's, called "Anuric." The job Editor told me backache had no more pain, and I hope others troubled in the same way will try this wonderful new remedy.
Yours, Mrs. LINCOLN STREMY,
Route 1, Meadville, Pa.

NOTE: It is now asserted with confidence that these painful effects due to uric acid in the system are entirely eradicated. A new remedy, called "Anuric," has been discovered by Dr. Pierce, and is the cause of a drainage outward of the uric acid with which it comes in contact within the body. It will ward off backache, headache, and the darting pains and aches of articular or muscular rheumatism—of those diseases which are caused by too much uric acid, such as gout, asthma, sciatica, renal calculus. "Anuric" prolongs life because old people usually have a tendency to retain uric acid in the walls of the arteries due to the excess of uric acid in the blood and tissues. Dr. Pierce, who is director and chief physician at the Invalids' Hotel and Surgical Institute, Buffalo, N. Y., has been testing this wonderful medicine for the relief of over-worked and weakened kidneys. The relief obtained by sufferers has been so satisfactory that he determined to place "Anuric" with the principal druggists in town where people could get this ready-to-use medicine. "Anuric" is not harmful or poisonous, but aids nature in throwing off those poisons within the body which cause so much suffering, pain and misery. Scientists assert this remedy is 37 times more potent than any other. For Diabetes and Bright's Disease this remedy is building up a reputation as good as Dr. Pierce's other well-known medicines which have been proven reliable during nearly fifty years, such as Doctor Pierce's Favorite Prescription for the ills of women, Doctor Pierce's Pleasant Pellets, the Liver regulator, and Doctor Pierce's Golden Medical Discovery for red blood.
