NEWS OF STEELTON

PAVING PLANS NOW UNDER WAY

Prepare to Issue \$50,000 Worth of Bonds; to Introduce Ordinances Soon

Definite plans for starting Steelton's big paving program, for which the voters authorized a bond issue of \$50,000 at Tuesday's election, were started this morning.

Borough Solicitor Frank B. Wickham is busy drawing up the necessary legal papers to make the bonds available and E. C. Henderson, chairman of the highway committee of council, announced this morning that he will likely present an ordinance at the next meeting of council authorizing sale of the bonds by the proper borough officers.

Mr. Henderson also plans to introduce an ordinance authorizing the paving and grading of at least a few of the streets to be paved under the present program and will likely present his measure at the next meeting of council, June 5.

On account of the present scarcity of labor and the prevailing high prices of paving materials, it is likely that only a few of the streets will be paved this year.

It is rather late, Mr. Henderson explained, to start such a large paving program in the entire town this year and he will suggest that council clear up the necessary legal formalities and pass the required ordinances by the earliest date so that an early start may be made on a small part of the program this year.

Stole Revolver.—Detective Irvin N. Durnbaugh, ex-chief of the Steelton police, placed Brine Clark, Martinsburg, Va., under arrest at Manada Gap for stealing a revolver from Harry Hemperly, Myers street. He was arraigned before Squire Frank A. Stees Monday and committed. He will plead guilty.

Remove Much Sediment.—Superintendent O. P. Baskins, of the water department, had a large force of men at the pumping station this morning. About twenty-five tons of sand, coal dirt and other sediment was removed.

Attend Wedding.—Mr. and Mrs. S. Marcus and Jacob Levin will go to Baltimore to-morrow to attend the wedding of Meyer Marcus, Seventh and Maclay streets, Harrisburg, and Miss Rebecca Katz, of Baltimore.

Fight at Works.—Following a fight at the steel works, Johnson Gore was arrested and jailed and James Williams was admitted to the emergency hospital. Williams was struck over the head with a piece of pipe. Gore was arraigned before Squire Frank A. Stees and committed.

Bredy's Ill.—The body of Caldwell Bredy, who died Wednesday, was sent to his former home in Birmingham, Ala., last night by H. W. Little, undertaker.

Bury Samuel Vervalor.—Funeral services for Samuel Vervalor, who died Tuesday, was held this morning at the St. Nicholas Serbian Orthodox Church. Burial was made in Baldwin cemetery.

O. T. Davis, the Rev. W. H. Gaines, Mrs. Ella Pointdexter, Mrs. Sara J. Newton and Mrs. M. N. Howard.

ALL NEW BISHOPS ARE NOW ELECTED

Seven new bishops to-day on the roll of bishops. Four: Matt S. Hughes, of Pasadena, California; William H. Olden, of New York; Franklin Hamilton, of Washington, D. C.; and Charles B. Mitchell, of Chicago, were elected by the general conference late yesterday.

The others, Drs. Thomas Nicholson, of New York; Herbert Welch, of Delaware; and the Rev. W. C. Brown, of Seattle, Wash., were selected earlier in the balloting.

The severest and final ballot was taken at 10 o'clock last night and resulted in the election of Dr. Hamilton, who was the last bishop to be chosen. He obtained 514 votes, which was five more than the required number.

Acceptance of the Ritual by the Board of Bishops is binding on the General Conference under a ruling made by a conference after the Commission on Revision made its report. The Commission on Revision eliminated the Apostles' Creed from the baptismal service, but the Bishops decided to restore it. The paragraph beginning with the question "doest thou renounce the devil" was rewritten in modified form.

The new readings in the service of baptism for children were accepted as arranged by the Commission on Revision, it is said. An entirely new form for receiving children into the church also was adopted.

Change Marriage Ceremony.—The recommendation that the words "with me working goods and law" be dropped out of the marriage service was also accepted, according to the report. The decision for board of bishops will be announced to the General Conference by Bishop Luther B. Wilson, of New York City, the secretary of the Board of Bishops, at the first opportunity.

CHILD DIES.—Mary E. Corbin, two-year-old daughter of Mr. and Mrs. E. Corbin, 635 Calder street, died this morning.

How the Texas Tube test happened!

It nettled Bill Parr considerably! So many Motorists had carelessly stated that "all Tire Tubes are just Rubber." He determined to show some folks the difference, in a way they would never forget. There were four Cars at the door, and their Owners or Drivers at his elbow. To these he said,—"Boys,—how strong do you think this Goodrich Brown Tube actually is?" "Do you believe it is strong enough to tow Mr. Oden's five passenger Car, with four people in it, from here for 20 blocks?" "You don't, eh?" "Well now here's a bit of a Bet I want to make with any, or all, of you."

"I will bet you a Dinner that this little old regular Goodrich Tube (34x4) will not only tow Mr. Oden's Car, but will tow all three of your Cars,—fully passengered,—through the streets, for the full 21 blocks (more than a mile and a half)—starting and stopping as many times as the crowd makes it necessary. "I will,—if you Gentlemen are agreeable,—line up all four of your Cars, right here and now, take three regular Goodrich Tubes hap-hazard out of their boxes,—tie one tube between each two Cars, (which means hauling three Cars on the first Tube) and tote You-all that way to 'The Corners.' "Are you willing to bet a Dinner that any one of the three Tubes will 'go broke' on the way, or show a flaw which would leak Air, or prevent its being used for its original Tire purpose afterwards?" "You are, eh?" "Well,—the Bet's on!" "Come along, and you be the Judges."

THE Dinner was a very Cheerful Affair. As Oden said afterwards (when putting up his share of the Bet) "you could have bet me a Million on that, Parr, and I'd have taken you up,—even if I had to borrow the Million. "I don't see how the blamed Tubes ever did hold out,—especially going up Saco St. under such a strain. "With eight people in the last three Cars,—and a total load of over 8,800 pounds I sure thought to hear something snap before second block. "Whaddye put into that brown Goodrich Rubber anyhow, to make it hang together like that?"

Swiss Will Resist Any Invasion by Belligerents

Paris, May 20.—Switzerland is prepared to resist with all the forces at her command any invasion of her territory by troops of the belligerents, according to an interview with President Camille de Coppet sent to the Journal by its Bernese correspondent. President de Coppet was asked specifically what would be the action of Switzerland if troops of one of the warring powers should be sent across the Porrentruy salient. He replied: "The federal council would never tolerate such a proceeding. General Ulrich, the commander-in-chief of our army, would order the immediate mobilization of all our forces which would immediately be sent into action. The Swiss army is in splendid condition. It has reached a perfection of training which has been hitherto unknown and has just received a complete equipment of new heavy artillery which was manufactured in France and Germany by order of the Swiss government."
