

STATE LEAGUE READY FOR BUSINESS--BASKETBALL PLANS--BIG LEAGUE DOINGS

STATE LEAGUE IS STILL ON DECK

Will Continue Business Until June 1 on Special Schedule

The Pennsylvania State League is still in business. It is up to Jupiter Pluvius whether the new organization will get a chance to play to-day.

The above information came last night after a lengthy meeting at Hotel Plaza. Five cities were represented. The question of merging with the Atlantic League was not taken up officially.

Mount Carmel Team Quits
The Mount Carmel team is extinct, as far as Hugh McKinnon and Arthur Devlin are concerned.

The league last night decided to put a team in the field for Mount Carmel. The wires were kept busy and ten players are here ready for business.

The Shamokin troubles will be adjusted, according to reports made last night. The players came to this city and left last night for York, where two games are scheduled.

Financier Not Discussed
Everything was discussed last night but finances. Leo Groom, the "angel," said the money matters would be taken up later.

It was decided to play out a special schedule until June 1, when new plans will be announced.

Wednesday and Thursday—Mount Carmel at Harrisburg, Shamokin at York, Lancaster at Reading.

Friday and Saturday—Reading at York, Mount Carmel at Lancaster, Shamokin at Harrisburg.

Sunday—Shamokin at Mount Carmel.

Monday—York at Harrisburg, Lancaster at Reading, Mount Carmel at Shamokin.

Tuesday morning—York at Harrisburg, Reading at Lancaster, Shamokin at Mount Carmel; afternoon, Harrisburg at York, Reading at Lancaster, Mount Carmel at Shamokin.

Issue Statement
The following statement was authorized by the league representatives: "The Pennsylvania State League is in the game to stay. The league must go through now. There is too much money tied up to quit the game at this stage."

LAWYERS TOLD TO ADHERE TO TIME

State Pardon Board Lays Down a Few Rules For Guidance of Attorneys

Lawyers in Philadelphia and other places who do not take trains to get them to Harrisburg in time to argue their cases before the State Board of Pardoners according to the calendar will have their cases put at the foot of the list and take their chances for remaining in Harrisburg the rest of the day.

There was an exceptionally long list, twenty-nine cases being listed for argument, and a couple of Philadelphia cases were passed because attorneys were not present.

The plant incidentally is turning out the surfacing material by the truckload and an additional supply of 400 tons of asphaltic cement has to be contracted for by Mr. Lynch.

To date Mr. Lynch has repaired Third, Mackay and Sixth streets, and to-morrow work will be started on the patching of Market street.

The board will decline to take up cases out of order because men are not here on time. They must make their arrangements accordingly.

Mr. McClain also gave notice that fifteen minutes would be all the time allowed to present ordinary cases, but that more time would be given in murder cases.

The board has the longest list in months and will be busy all day long. One murder case was presented.

In four different languages, including Italian, Polish and Yiddish. This guide is a sort of United States almanac, giving the laws and institutions of the country; the value of lands available for settlement; the locations of foreign settlements in various States; the approximate cost of leasing land claims and the buying or leasing of farms; naturalization laws, marriage laws and all other laws likely to affect the immigrant, and also the addresses of the consuls representing each nation in America.

The American College for Immigrants at Springfield, Mass., is also under the patronage of the D. A. R. chapters of that State. Seventeen different nationalities attend this college, which gives academic and literary courses and a special course in American citizenship.

In helping the mountain schools of the Southern States, the organization spends annually fifty thousand dollars. Last year the Arkansas chapters of the organization gave nine scholarships in the Helen Dunlap School of Winslow, Ark., and a little over two hundred dollars for clothing. In this school the cost of nine months of board and instruction is only fifty dollars, so that many girls are able to work their way through. The members of the Missouri chapters pay ten cents per capita toward the maintenance of scholarships in the Mountain School of the Ozarks in Southern Missouri; in North Carolina the daughters built and maintain a mountain school, and the South Carolina members have an industrial school for mountain pupils. The New York chapters last year contributed over twenty thousand dollars for educational and philanthropic work.

FALL SCHEDULE FOR BASKETBALL

Central Pennsylvania League May Add Williamsport to Circuit

At the recent meeting of the representatives of the Central Pennsylvania Basketball League held in this city a schedule of games was adopted. The question of having the president of the league appoint a staff of referees was given serious consideration.

While the latter proposition would add much expense to each team in the league, it was the consensus of opinion that much better sport would result from having neutral officials in charge of each game played.

It was also decided that the timekeepers for each contest should be governed by the time of one watch that would be held in front of them. In several cases last year two watches were used, and often a difference would arise in regard to the end of the half. The cup now held by Central will have to be won three times in order to become the permanent possession of the local school.

Additional Trophies
Local newspapers are advocating a proposition to have cups contested for during the next three years. It was decided to hold the next meeting in the forepart of November to perfect plans for the opening of the season the latter part of that month.

The representatives at the meeting included Professor B. W. Saul, secretary of the league, representing Central; Professor P. L. Grubb, Technical High School; Clayton E. Bilheimer, of York, vice-president of the league; Roger Saylor, Reading High School; Fred L. Frost, Lebanon High School; Professor Paul Miller, Steelton, High School.

Lancaster High School failed to send a representative. The advisability of admitting Williamsport High School was also discussed and the secretary was instructed to invite that high school to become a member of the league.

Old Bill Clay Quits York; More Money in Fish Sales

Bill Clay, the veteran player and York's only representative in the State league, quit the team yesterday, stating that he would resume his fish business. Kline will take Clay's place in the team. Poole will go to third while Fox will cover second. Baxter, the new player from Elmira, will play short.

York has one of the best, if not the fastest teams in the Pennsylvania State League. They have been handicapped ever since the season started.

After the opening game York took a trip in which they won a pair out of seven games. When they returned they took a doubleheader from Lancaster.

LETTER CARRIERS' MEMORIAL
Branch 599, National Association of Letter Carriers, will hold their annual memorial services on Sunday, at 10 o'clock in the East Harrisburg Cemetery.

The program will consist of hymns, Washington, D. C., May 24. — The 116 members of the Texas National Guard, who failed to answer the summons for duty on the border, will be given another opportunity. Because the new army reorganization bill, now awaiting signature by the President, repeals certain provisions of the existing militia law under which the men could be court-martialed, Secretary Baker has determined to delay action until the new measure becomes a law.

TO RESURFACE CITY'S STREETS

Commissioner Lynch May Urge This Plan Instead of Patching System

Resurfacing of whole sections of highway instead of extensive "patching" will likely be urged for Harrisburg's street repair program next year by City Commissioner W. H. Lynch, superintendent of streets and public improvements.

The new departure will be made with the idea of obtaining more permanent and efficient results at less expense and with the further object of, in time, giving Harrisburg miles and miles of practically newly paved highways. Ample facilities for this purpose are possible as the city's asphalt plant can readily turn out all the material that may be needed.

The plant incidentally is turning out the surfacing material by the truckload and an additional supply of 400 tons of asphaltic cement has to be contracted for by Mr. Lynch.

To date Mr. Lynch has repaired Third, Mackay and Sixth streets, and to-morrow work will be started on the patching of Market street.

To Give Delinquent Members of Militia Another Chance

Washington, D. C., May 24. — The 116 members of the Texas National Guard, who failed to answer the summons for duty on the border, will be given another opportunity. WELLY'S CORNER

Boys in the city's public schools have succeeded in breaking practically every record of the ancient Greek athletes but one—the broad jump with weights. They never have attempted to break that one, because of the fact that it is not a logical feature of modern sports. A combination of modern thought and principles of the early Grecians probably is the cause of the efficiency of these boys.

There is absolutely no question of their supremacy over the ancients. Dr. Charles Ward Crampton, physical director of the New York public schools.

The above interesting statement will be a surprise to many who think that the strength and virility of our boys is not what it used to be "in the old days." Why not discard the old Greek statues and foster a few American sculptors who will model the American schoolboy to be an athletic standard for the posterity of foreign nations?

Records of attendance at the games in the Pennsylvania State League, show few guarantees paid. This was not due to lack of funds. According to reports last night the league was run on a co-operative plan in order to keep the teams going until warm weather made larger crowds possible. This, in the opinion of several of the league representatives last night is a bad policy.

The Atlantic League is boasting of the fact that there have been no troubles, notwithstanding that rain and cold weather was experienced by that organization, and there is a big list of postponed games. It should also be added that one man is not financing the Atlantic League and that the salary limit on the Lawson circuit is only \$1,000 per month.

"Dutch" Shaffer, the Waynesboro boy who put up a great fight in Harrisburg several weeks ago, has accepted a challenge from Paul Smith of Columbia and will box ten rounds at Columbia on the night of May 31. Many Harrisburgers who are interested in Shaffer will attend.

Final matches in the Evangelical Duckpin League were rolled last night on the Holtzman and Taylor alleys. The "When" team won from the "Who" bowlers, scores 106-4 to 98-9; and the "What" five won from "Who," scores 10-0 to 9-5. The "Where" team leads with a percentage of .566; second, "When," .528; "What," .500, and "Who," fourth, .472.

Reports from the International League, New York State League and several minor organizations show a falling off in gate receipts. The season has been bad for the national sport. Until there is a general warming up profits will not be in evidence.

R. A. Bowman of Millersburg was elected last night to manage the Millersburg team of the Dauphin-Perry League. He succeeds Paul M. High, who was recently appointed to a position in the post office at Millersburg and was compelled to resign.

prayer, music by double quartet, and address by the president of the local branch, Harry C. Winger. After the close of the program flowers will be strewn on the graves of the departed members of the association.

Add New Features to Poultry Field Meeting

Two new features have been added to the program for the agricultural field meeting to be held at Beaufort farm next Tuesday afternoon, May 30. In addition to enpointing demonstration, and a lecture by W. Theo. Wittman, poultry adviser of the Department of Agriculture, there will be a demonstration of a Mogul tractor and another demonstration of an automatic hog feeder. The International Harvester will operate the big tractor in a field near the poultry plant.

The Beaumont poultry farm employs the Cornell method of feeding poultry. The formula for the grain, and mash mixtures will be given. Rockville cars will be met at the Linglestown road and so far as possible visitors will be conveyed from the trolley to the farm and the service will be free.
