FACTS About Palm and Olive Oils

These wonderful oils have been famous for over 3,000 years as Nature's greatest cleansing agents. They were valued alike by the Royal Ladies of Ancient Egypt and the patrician women of the Roman Empire, and were equally well known to the Greeks, who made the care of the body a religion.

While these ancient people could obtain these favorite oils only in the crude natural state, the march of progress has taught us how to combine them for you in the most convenient and effective form—that of the **PALMOLIVE SOAP AND SHAMPOO**.

Palmolive Soap

is the purest, mildest soap that can be made. It has a creamy lather, soothing and abundant, whether the water is hard or soft, hot or cold. It is a great favorite for babies, naturally following their first bath of Olive oil. Very agreeably scented and economical in use.

Palmolive Vanishing Cream

Freshens and rests the skin, keeping it soft and smooth. Apply gently without massage. Just smooth in a generous supply which the skin will absorb. It will hold powder and protect the skin. It is a greaseless cream—a splendid protection against sun and wind. Doesn't show and won't rub off on gloves or veil.

Palmolive Shampoo

is made from the same Palm and Olive oils as Palmolive Soap and is just as thorough a cleanser. Makes the care of the hair easy, insures you against the injury which often follows carelessness in methods and means of shampooing.
