YOU CAN HAVE PINK CHEEKS

What causes the color to fade from pink cheeks and red lips? In a word it is thin blood...

When the fading color in cheeks and lips is accompanied by a loss of brightness in the eyes and an increasing heaviness in the step, the cause is to be sought in the state of the blood...

A hundred causes may contribute to the condition of thin blood that is known as anemia. Overwork, lack of outdoor exercise, insufficient rest and sleep, improper diet, these are a few of them...

Dr. Williams' Pink Pills are the great blood builder and invigorator. They begin at once to increase the red corpuscles in the blood and the new blood carries strength and health to every part of the body...

A booklet, "Building Up the Blood," will be sent free on request by the Dr. Williams' Medicine Co., Schenectady, N. Y. If you mention this paper, your own druggist sells Dr. Williams' Pink Pills or they will be sent by mail on receipt of price, 50 cents per box, six boxes \$2.50.
