HEAVY STORM AT STOVERDALE CAMP

Children's Day Services Interrupted and Visitors Have Trouble Getting Home

Special to the Telegraph
Stoverdale, Pa., June 12.—Children's day services drew a large crowd to Stoverdale United Brethren Church last evening. An endless variety of cut flowers and ferns was prettily arranged on the sides and in rear of the platform. An intruder in the shape of a red squirrel entered one of the doors, sauntered up the aisle and caused some commotion before the exercises of the evening began.

The program was opened with an organ selection by J. Jamieson Gibson, of Lancaster, who led the Sunday school and congregation in the singing. The Rev. J. E. Weirich, pastor, offered prayer; responsive reading by the superintendent, Edward Stover, and school, followed with recitations, dialogues, vocal solos and duets by members of the school; "Good-bye, Mistah Saloon, Good-bye," was sung by Professor Gibson, Edward Stover and Edward Habbyshaw, Sr. Addresses were delivered by the Rev. J. E. Weirich and George H. Selzer, of Swatara Station.

A cloudburst, accompanied with thunder and vivid lightning, interrupted the program of the evening during which a woman fainted. Great difficulty was experienced by persons getting to their homes on account of the deep running water on the roads. Mrs. P. Marion Sourbeer, Sr., and her mother, Mrs. L. C. Graffius, Mr. and Mrs. Philip Reed and others of Harrisburg who attended the services were compelled to return to the campgrounds with vehicles.

ED. H. WEIGEL, President

Preparedness generally, and the summer military training camp, particularly were heartily endorsed Saturday at Halifax by the convention of the Patriotic Order Sons of America of Dauphin county.

Resolutions were adopted commending the efforts of the country's statesmen to increase the strength of the army and navy, the earnest efforts of Major General Leonard Wood and other "apostles of preparedness" to develop the military and naval resources of the nation, and the summer training camp plan. Employers are urged to enable the young men in their employ to attend the camps and to co-operate in every way to obtain a big attendance.

"All employers of labor should embrace this opportunity," states the resolution, "by granting leave of absence and to continue where possible the usual wage to those who take advantage of camp life and thus the employer will give a practical illustration of patriotism and love of country."

A new Victor Record by Melba is a new chapter in the musical history of the world. "Sweet as the voice of Nellie Melba" is a musical proverb. The capture of her matchlessly pure notes in a fresh flow of beauty is an event of genuine importance to those who cherish genius. "Songs My Mother Taught Me," an exquisite gypsy lyric by the Bohemian Dvořák, is worthy a place among the "Melba classics" to be found only on Victor Records. In this cameo of a song Melba's art shines in all its crystal purity and tenderness and freshness. It is a song which every true appreciator of beauty will surely wish to add to his library of Victor Records.

NEW LEGISLATION FOR PHARMACISTS

Proposed new drug legislation which will be discussed at the coming meeting of the Pennsylvania Pharmaceutical Association, June 20, 21, 22, at Reading, Pa., with headquarters in the Berkshire Hotel.

The attendance will run well into the hundreds, composed of representative pharmacists from all sections of the State, and the discussion of legislative matters will occupy several sessions.

An Itinerant Vendors bill will be up for consideration and as a similar bill only failed to pass by a few votes at the last session of the Legislature it is very likely that a strong bill will be favored that will control the manufacture and sale of patent medicines in this State, as many harmful nostrums are now made by ignorant and unscrupulous persons and peddled from door to door in rural districts.

It is not commonly known to the public that Pennsylvania drug laws are paradoxical, compelling druggists with a fixed place of business and great financial responsibility to be graduates of pharmacy and to have had four years of training before they are eligible to legally conduct a drug business, while any person, even one mentally deficient, or a moral pervert can compound patent medicines containing arsenic, strychnine, corrosive sublimate, or other dangerous drugs, and offer the poisonous mixtures for sale and the only redress the public would have would be a civil suit for damages after taking.

Another bill on the same lines for the protection of the public is the formula disclosure bill, requiring manufacturers of all secret remedies, to either publish the formula upon the label, or file a copy of the same with a commission provided for that purpose, and if the law recently enacted in New York city is not declared unconstitutional, it is probable that the Pennsylvania Legislature will be asked to pass a law giving the public this additional protection.

A proposed amendment to the present pharmacy act will be discussed, providing for the recognition and registration of those having experience in hospital pharmacies and who are otherwise qualified and can pass the examination of the State Pharmaceutical Examining Board, and also providing for compelling hospitals where prescriptions are compounded to have a registered pharmacist in charge.

As the Pennsylvania pharmacy law is now framed it only applies to the registration of pharmacists who are engaged in the retail drug business, and it is believed to be in the interest of the public that the preparation of all medicines be carried on under the supervision of skilled registered pharmacists.

Other legislation to be discussed will be coupon and trading stamp bills, and the Stevens-Ashurst Price Maintain-
