

# PARALYSIS IS STILL RAGING

### Infantile Epidemic Shows No Signs of Abatement; 22 Deaths; 87 New Cases

Special to the Telegraph  
New York, July 7. — With city, State and federal authorities fighting the disease, the epidemic of infantile paralysis showed little signs of abatement to-day. During the 24 hours ending at 10 o'clock this morning, 22 more children died. Nineteen of this number succumbed in Brooklyn. There were 87 new cases reported.

### ELEVEN CASES IN ILLINOIS

By Associated Press  
Springfield, Ill., July 7. — Two more cases of infantile paralysis were reported to the State Board of Health to-day, bringing the total number of cases in the State to eleven. One death has resulted.

### SPREADS TO BALTIMORE

By Associated Press  
Baltimore, Md., July 7. — A 2-year-old child of Lithuanian parents living near Annapolis Junction, Md., died of infantile paralysis at a hospital here to-day. So far as is known, this is the only case of the disease in Baltimore.

### Cargo of Nitrate on German Ship Interned at New York Increases \$875,000 in Value

By Associated Press  
New York, July 7. — The German sailing ship Indra began to discharge here to-day a cargo of nitrate from Chile valued at \$1,000,000. When she arrived here bringing the cargo in September, 1914, it was worth only \$125,000, but the demand for the chemical for the manufacture of explosives has greatly increased in price since then. The result is that while lying in this port for nearly two years the value of the cargo has increased by \$875,000.

The Indra was bound from a Chilean port to Dunkirk, France, when the European war began. The captain headed for New York on learning that war was declared. Consignees of the cargo began litigation to compel him to carry it to Dunkirk, but he declined to take his ship to sea where it might be captured by British or French warships.

### Believed New York Will Get \$4,000,000 of Hetty Green's \$100,000,000

Albany, N. Y., July 7. — The State will receive a tax fee of \$4,000,000 from the estate of Hetty Green, should it be proved that she was a bonafide resident of this State and that her property is valued at \$100,000,000, as now estimated. This will be the largest inheritance tax ever received by New York State. The largest inheritance tax to date is the \$3,150,000 from the estate of John Jacob Astor. The estate of Anthony N. Brady paid an inheritance tax of \$2,350,000. The present inheritance tax law exempts \$5,000 of an estate, but levies a tax of 1 per cent. upon the next \$25,000; a tax of 2 per cent. on the next \$75,000; a tax of 3 per cent. on the next \$100,000, and 4 per cent. on all over that. Under the law a tax of 4 per cent. would be levied on the bulk of Hetty Green's \$100,000,000.

### 77 of Every 100 Women at Krupps Claim Sick Benefits; Making Men

By Associated Press  
Vienna, July 7. — The annual report of the great Krupp works at Essen says that out of every 100 women employed there claimed relief from the Sick Fund during the year, as compared with 62 men out of every 100. The number of women employed by Krupps has raised more than tenfold.

In August, 1914, just before the war broke out, the company's pay roll included 36,880 men and only 1,214 women. At the end of April last these figures had risen to 55,949 men and 13,932 women.

### Old Track Athlete Catches Alleged Thief

Training which made Ralph J. Baker, a local attorney, champion runner at Swarthmore College, served a goodly purpose last night. Attorney Baker's ability to outstrip a suspected sneak thief, who furnished a clue to a gang supposed to be implicated in the many uptown robberies, brought valuable information to the police department.

Mr. Baker, who resides at 2011 North Second street and has offices in the Telegraph building, heard a noise on his back porch last night. Thinking someone was robbing his refrigerator, he made an investigation and discovered a gang of boys running away from the premises. He gave chase and captured one of the youngsters, believed to be the leader. The information given by the boy was turned over to the police who hope to round up the gang.

### DISCUSS IRISH SENTIMENT

By Associated Press  
London, July 7. — The meeting of Unionists to consider the terms of the proposed Irish settlement was held here to-day. A. Bonar Law, secretary for the colonies, presided. The meeting also was attended by the Marquis of Lansdowne, Lord Robert Cecil, who presented his resignation as a result of dissatisfaction with the government's attitude, but subsequently reconsidered his action; Sir Edward Carson and other leaders. The Exchange Telegraph Company says no resolution was submitted to the meeting but that the situation was discussed and it was decided to await developments before taking any decisive action.

### PAYS \$50,000 FOR PACER

By Associated Press  
New York, July 7. — Light Brigade, a famous English race horse, was aboard the Atlantic Transport Line steamship Minnehaha, which reached here to-day from London. It was said that noted American whose name could not be learned, purchased the celebrated pacer for \$50,000.

FOUNDED 1871

Early mornings are finding more and more shoppers upon the street and within our doors. It is a wholesome thing to be early these summer days. The store is always cool when hot without, but there is greater discomfort in walking the sun beaten streets at high noon or afterward. There's always music on the fifth floor for those who desire, and women find a period of rest in the third floor rest rooms
