

HARRISBURGER IS STATE DELEGATE

Dr. Baugher Will Attend Convention of Osteopaths at Kansas City

Dr. L. G. Baugher, of this city, has been chosen State delegate to the twentieth annual convention of the American Osteopathic Association, to be held in Kansas City the first week in August.

One of the most interesting events will be the appearance of Dr. R. H. Dunnington, of Philadelphia, who will for the first time announce the details of his new discovery of an osteopathic method of curing cataract, obviating the necessity of surgery.

National attention has been attracted to the recent complete cure, by this method of George H. Earle, one of the most eminent financiers of Philadelphia.

Pressure on the retina, or "zone therapy," the much-discussed new method by which osteopaths stop pain and sensation by finger pressure, will be demonstrated in a clinic by Dr. Reid Kellogg, of Providence.

Patients suffering from so-called incurable chronic cataract deafness will be received in large special clinics for treatment by the new method which the osteopaths claim has already cured hundreds of cases.

Acute diseases are now being treated by osteopathic physicians generally, and will receive much attention at this convention. Dr. W. A. Sherwood, of Lancaster, will speak on the osteopathy as the family physician and Dr. G. W. Bumpus, of Denver, will discuss osteopathic methods of diagnosis of acute diseases.

Dr. Orrin Smith, of Indianapolis, will speak on the reaction to osteopathic treatment in acute diseases. Dr. A. D. Becker, of Minneapolis, will speak on preparation for acute practice. Pneumonia will be considered by Dr. C. V. Fulham, of Frankfort, Ind., and by Dr. H. C. Montague, of Muskogee, Oklahoma.

Women are conspicuous in organized osteopathy. The women's department of the bureau of public health of the national organization has organized a formidable campaign for the prevention of disease and for reducing infant mortality.

Dr. Josephine L. Peirce, of Lima, Ohio, is chairman. Although hay fever is still one of the unconquered problems in the medical world, the osteopaths claim several hundred complete cures by their newly-discovered method, and Dr. James D. Edwards, of St. Louis will hold a clinic for the demonstration of the technique of this procedure.

"Twilight Sleep" can be induced by osteopathic treatment without the danger associated with the much-discussed drug method according to the osteopaths. The latest discoveries in this line will be announced in the obstetrical section, of which Dr. D. V. Moore, of Iowa Falls, Iowa, is chairman.

AMUSEMENTS PLAYS AND PLAYERS Bertha Mann, to play the leading roles with Howard Kyle and his Shakespearean company this summer, and in the early fall is to be the exclusive feminine complete cures, which is to be presented in New York for a continuation of its New York run, and later in other cities, is promised to be an extended engagement.

Ralph Herz, stage comedian, has just finished his first motion picture. It is a photoplay version of Sydney Rosenfeld's play, "The Purple Heart," and is produced by Rolfe Photoplays, Inc., of the Metro program. In it Mr. Herz has the congenial role of the president of the Uplift Society.

Gallant Captain Rupert Hughes, author of the "Gloria's Romance" picture novel, "Gloria's Romance," is now on the way to the front with his regiment, the Fighting Sixty-ninth.

LOCAL THEATERS If you have not already taken a trip out to Paxtang Park, this week, to see the play, "The Purple Heart," and the James E. Hardy man who performed on a tightrope over the Whirlpool Rapids at Niagara, the management of the park advises you to do so before the week is over. The play is performed on the highwire seem almost impossible until you have been one of the throng that gathers twice daily to see Hardy's performance.

While out at the park another treat in the amusement line awaits you. The vaudeville bill at the park theater this week furnishes an entertainment of rare quality and of the highest caliber, unquestionably the coolest place to spend an evening that the town affords. There is always a breeze from the big, open-air pavilion. The park bill for this week is headed by the Kanazawa Japs, who are well supported by four other excellent acts.

COLUMBIA LIKELY TO DROP ROWING

Expect Announcement in a Few Days; Lack of Candidates Responsible

Special to the Telegraph New York, July 14.—Rowing as an intercollegiate sport probably will be abandoned at Columbia University in the near future. Official announcement to that effect is expected within the next few days and the resignation of the university from the Intercollegiate Rowing Association probably will follow.

This action on the part of one of the three institutions which became charter members of the Intercollegiate Rowing Association in 1895 has been expected by close followers of rowing at Columbia since the poor showing of the local university crews at Poughkeepsie on June 17.

No formal decision has as yet been rendered by the university committee on athletics but it is understood that a majority of the members are in favor of such a step. Coach Jim Rice and the members of the rowing committee have had great difficulty in recruiting in the country. He has repeatedly stated that it was impossible for him to develop representative eight. Rice is known to have been in communication with Cornell rowing men recently with a view to succeeding Charles Courtney as coach at the Ithaca university.

Columbia crews have competed in every intercollegiate regatta since 1895 and won twice.

State Y. M. C. A. Sends Workers to Border Troops

J. B. Carruthers, State secretary of the State Y. M. C. A. committee, announced to-day that the committee has accepted the responsibility of raising men and money to conduct association work at the Mexican border, as planned by the international committee. The association work will be conducted similar to the system used in the Spanish-American War. Field buildings will cost about \$2000 with furnishings and one will probably be provided for each camp of 5000 soldiers. The State committee has appealed to the associations in the centers from which the soldiers come, for monthly pledges to carry on the work.

Special to the Telegraph Blain, Pa., July 14.—Forty guests were entertained yesterday at the annual picnic held in Sherman's Park here by the Perry County Medical Association. Ten physicians were in attendance, namely: Dr. Frank A. Gutshall, Dr. E. C. Kistler and Dr. H. W. Woods, of Blain; Dr. H. O. Orris, Dr. Lewis Clark and Dr. W. H. Hooper, of Newport; Dr. W. T. Morrow, of Lewisville; Dr. E. A. Moore and Dr. R. W. Johnston, of New Bloomfield; and Kenneth Wolfe, of Ickesburg.
