

Don't Walk Home Lunch With Us

Instead of the foot-weary journey homeward for a noonday lunch—whether you've been a-shopping or whether you're a downtown worker—drop into Davenport's Lunch where there's plenty of tidy tables for ladies, bright shining silver, sparkling glassware, snowy white napkins and—lots and lots of wholesome, tasty luncheon goodies, prepared and served to a nicety. Such a Lunch Place minimizes the inconvenience of the trolleyman's strike—and you'll be tempted to lunch there always.

Suggestions for warm-weather luncheons are here a-plenty. These hot days a heavy noontime lunch plays havoc with one's business energy, but can't you just taste the tastiness of a delicious red, ripe Tomato and Green Pepper Salad—with rich, golden Mayonnaise or a spicy French Dressing? A portion of well-browned, crispy toast, a cooling glass of Iced Tea, Iced Cocoa or pure sweet Milk?

Or, perhaps a dish of big, luscious, meaty berries, a float in rich pure cream! A tastily prepared Chicken Salad, Potato Salad; Chicken Croquettes, Cold Tongue and seasonable fruits and vegetables galore. Iced cantaloupe; sweet, ripe and delightfully cool. Watermelon, red and tempting. Oh, there's a host of good things to eat and best of all, popular prices prevail. You'll be astonished how reasonably one can lunch well at Davenport's.

COMPENSATION PLAN OUTLINED

State Board Not in Favor of
Commutation Except in Cases
of Unusual Merit

Policy of the State Workmen's Compensation Board is granting commutation to a lump sum of compensation for death or injuries of a relative is outlined in an opinion filed to-day by Chairman Harry A. Mackey in the case of Mary Sture, of McKees Rocks, against the Standard Steel Car Co., of Pittsburgh. The board will grant commutation only in "exceptionally meritorious cases," says Mr. Mackey. The petitioner has been paid compensation at the rate of \$6.915 covering a period of fifteen years, the benefits being for herself and three small children and the decision says that the widow desires to have one sum paid to her instead of substantial semi-monthly payments. "It seems to the board that it will be well to protect her as against herself by refusing her petition," says the decision. "It will only be in rare cases that we can wisely exercise this discretion by granting such petitions. It is a great temptation to a widow or any beneficiary under this law to ask that the compensation payments be commuted to present value and paid in a lump sum. We think, however, in a great majority of these cases these petitions are advised and a real wrong would be done to the petitioners if we granted their prayers."

NEW NAVY LOOKS TO HARDCRABBLE

Permanent Organization of
River Enthusiasts Awaiting
Court Decision

Organization Monday evening of the city's big "navy" of canoeists, motorboat men and other river enthusiasts has revived with a vengeance the general demand among water sportsmen for municipal boathouses and bathing beaches. "Our numbers are growing daily and the needs in the way of boathouse and bathroom facilities are growing proportionately," as one river enthusiast put it, "and I believe the City Councilmen are beginning to appreciate this. Certainly they must think of some way of providing suitable quarters for housing our boats after 'Hardcrabble' is eliminated. Recognition in Budget "From what I can gather from their statements yesterday in the 'Telegraph' a majority of them favor permanent recognition of the river 'basin' possibilities via the annual budget. "Furthermore, the 'Hardcrabble' problem is nearing solution. The Dauphin county courts are considering the legal phases now and of course everybody realizes that the decision can be expected most any day. Certainly none is awaiting the court's opinion more eagerly than the river sportsmen, unless, of course, it be the resident of 'Hardcrabble' who is wondering what he shall do—whether he shall look about for another residence or whether he shall take a chance and wait. "That the 'Hardcrabble' site is the logical place for the location of a municipal boathouse or boathouses is the opinion of many river sportsmen. "When the Cars Are Running" "The site," said one canoeist last evening, "is pretty nearly central, if one considers the growth of the suburbs. It can readily be reached by trolley—when the cars are running, that is—and the water, I think, is just right in that vicinity for the launching of the boats. "At the gathering of the water enthusiasts Monday evening the question of municipal boat and bathing facilities were subjects for many an informal discussion before and after the business meeting. Incidentally some ideas as to type and location were exchanged. One expressed the opinion that there should be several municipal boathouses, located for the most part in the "Hardcrabble" district if possible, constructed in such a way that the roofs would project above the level of the park in order that the view from the street be not obstructed. "The Municipal Boathouse "Erection of several boathouses, in his opinion, would provide a chance to organize boat clubs for the houses and thus increase the spirit of rivalry. "Another enthusiast suggested that one of the larger dwellings within the condemned 'Hardcrabble' section might be renovated by the city in such a way as to offer ample facilities at comparatively little expense and without loss of much time. Still another opinion advanced was for the construction of a spacious municipal boathouse with ample runways, plenty of lockers and boat racks, a big room or hall for boat club meetings, and so on, and with ample space on the roof for observation and recreation. "The City is Ready "That the city will proceed with the filing of bonds against the condemned properties just as soon as the Dauphin county courts hand down the 'Hardcrabble' opinion is generally understood in municipal circles. "That will mean, of course, that razing of the buildings will be started as soon as the bonds are approved and City Commissioner W. H. Lynch, it is understood, is to go ahead with the removal of the buildings. The city, however, has planned to turn over all the material from the buildings, including lumber, bricks, stone, etc., to the owners who want it, with the understanding that they move it away.

ROLAND C. WALLOWER
He is the junior member of the firm of Williams & Wallower, artists, with offices in the Telegraph building. Mr. Wallower is a native of Harrisburg and is numbered with the city's enterprising business men.

HAY CROP GOES TO HIGHEST FIGURES

Immense Yield Is Reported
From All Sections of the Key-
stone Commonwealth

One of the finest hay crops that has ever been harvested in Pennsylvania is now being placed away by the State's farmers, and from figures collected by the Bureau of Statistics of the Department of Agriculture, it is estimated that 4,703,400 tons. Last year the estimated hay crop in Pennsylvania was 3,558,000 tons at an average of 1.18 tons to an acre but the conditions during the past winter and this Spring have been so favorable to the growing of clover and timothy that this average per acre has increased to 1.56 tons to an acre which is decidedly above the ten year average mark. The hay crop in all sections of the State is a big one, only six counties reporting below the average of 100 per cent. These counties are Grege, Juniata, Montour, Northampton, Northumberland and Snyder and the margin below the average crop is very low. The expected large increase in the acreage planted to potatoes on Keystone State farms this season has not materialized according to figures gathered throughout the State. Instead of an increase there has been noted a decrease of about three per cent. or \$800 acres. The condition of potatoes on July 1 was about 90 per cent. of the average and this indicates a total production in the State of about 18,030,812 bushels this year as compared with 20,302,000 bushels a year ago. Last year the average production per acre was 75 bushels, but this year, according to present conditions, this average will be reduced to about 68 bushels an acre. These figures may be increased with the August reports when more detailed figures upon actual crops can be secured. Owing to the high price obtained for potatoes last Fall and winter it was expected that the acreage would be largely increased, but the wet weather and condition of the ground at planting time made conditions so unfavorable that the results expected were not obtained. The large crop of fruit during June reduced the prospects of the apple and peach crops in the State considerably, but from present indications there will be an ample apple crop while the peach crop while only a trifle more than half of last year should produce some exceptional fruit. According to figures gathered by the department the peach crop will be about fifty-five per cent. of a normal yield throughout the State. There are some counties where very few peaches will be picked from the trees and others where the production is almost up to the normal.

POLAND THRIVING UNDER GERMANS

Secretary of Interior Says
Fields of Standing Grain and
Herds of Cows Are Seen

By Associated Press
Berlin, July 19. — By Wireless — Warm commendation of the work done in Russian Poland by the Germans during the period of occupation was given by Dr. Karl Helffrich, secretary of the Interior, and the Imperial Vice Chancellor to-day on his return from a visit to that country. Dr. Helffrich, who recounted the impressions his visit to a member of the Overseas News Agency staff, contrasted the condition of the country under Russian rule with the state of affairs there to-day. In the time of peace, before the outbreak of the war, the Russians had neglected the country, and under these conditions the Germans took up their work, which the Vice Chancellor insisted has been accomplished with a few parallels in history. Regiment Gives Horses "Dr. Helffrich pointed out, had burned villages and towns and destroyed the harvests. The Germans first built roads through the devastated territory and supplied cattle and seeds to the inhabitants, with the result that now one frequently could see herds of a hundred or more cattle, while fields of standing grain were on all sides. He cited an instance of aid given the inhabitants by the Germans, the farmers of one district being left the horses of two regiments for field work on orders given by General Ludendorff. Dr. Helffrich said he found schools everywhere, now even at places where none were maintained when the Russians ruled the country. The University of Warsaw, where lectures were given in the Polish tongue, had a large number of students. Jews Well Treated "All nationalities, Dr. Helffrich said, were given equal recognition with the white Russians and Lithuanians. Terrible suffering existed among the Jews when the Germans arrived. The Vice Chancellor declared, and in most towns they had been excluded from the schools by the Russians. The Germans, he added, introduced self-government in the country for the first time, and admitted Jewish representatives to the governmental bodies. Dies After Year's Illness "Mechanicusburg, Pa., July 19. — Elmo Goodhart, son of Mr. and Mrs. M. A. Goodhart, died at his home in Churchtown after a year's illness, aged 24 years. The funeral service will be held to-morrow morning at 10 o'clock conducted by the Rev. J. K. Robb, of Mechanicusburg. Burial will be made in Mount Zion Cemetery, near Churchtown.

Daring Bathing Suits Would Give Trees Reason For Sighs

Williamsport, Pa., July 19. — The one-piece bathing suit has caused a furore in Cammal, a small summer resort along Pine creek. The apparel is worn by women campers. An edict by the villagers declares that future displays of such garments will be followed by arrests. A self-appointed committee of Cammal residents has issued this statement: "The costumes were very unbecoming and should only have been used in the most secluded wilderness where there would have been no one to watch but the tall timbers, and then it is safe to say that the pine and hemlock would have had ample reason for their sighs."

When You Ache, Itch, Smart or Burn Anywhere Use WONDEROIL To Bring Quick Relief

Apply Antiseptic Wonderoil directly to the spot that hurts and blessed relief will come in a jiffy. Nothing else so perfectly combines such soothing, healing antiseptic powers to prevent infection and draw all the pain, soreness, heat and inflammation from a wound, cut, bruise, burn, scald, frostbite, chapped hand or chilblains as Wonderoil. Dr. Gorgas will say "No home should be without its box of antiseptic Wonderoil." It is a quick, safe, pleasant and efficient First Aid to injury in more than a score of ways, and it is always ready. Made from a physician's prescription and standard for over 50 years. So pure you can eat it. So sure you can bank on it. Sold locally in 25 and 50 cent boxes by Geo. A. Gorgas and by reliable druggists everywhere. For generous free sample send to M. E. Raymond, Inc., Ballston Spa, N. Y. — Adv.

Treasure Hunting Fleet
Puts in For Alterations
By Associated Press
Newport News, Va., July 19. — The fleet of deep sea treasure-hunting ships which will seek to recover the million dollars worth of silver bullion aboard the sunken Spanish steamer Merida put into Newport News to-day for repairs and alterations. The treasure hunters will start operations within a week, it was said. The Merida lies in 200 feet of water 55 miles off the Virginia capes.

Penrose Wants Armor Plate Advertisements on Record

Washington, D. C., July 19. — Senator Penrose attempted to have printed as a Congressional document, at public expense, the series of advertisements which the Bethlehem Steel Company has printed in opposition to the Government Armor Plate bill. "They're instructive," argued Senator Penrose. "Let the Steel Company pay for the printing from the profits they've made from government armor contracts for two decades," objected Senator Reed, of Missouri. "They are so enlightening that I shall read them into the Congressional Record," said Senator Penrose, after Senator Reed had formally invoked Senate rules to prevent the printing of the advertisements as a separate document. Senator Penrose pointed to a pile of the ads on his desk. He will read them into the record as part of a speech against the bill. Senator Taggart, of Indiana, broke the apparently solid Democratic ranks for the bill. He asked Senator Swanson, in charge of the bill, if it had been proved the government could manufacture more cheaply than the private firms. If not, he said, he opposed the proposed \$11,000,000 appropriation. Senator Swanson said naval experts favored the government plant. On a later order discussion was postponed after Senator Oliver had given notice of an amendment to strike the armor plant from the bill.

Expect Early Settlement of Pittsburgh Coal Strike

Pittsburgh, July 19. — Settlement of the strike of six thousand bituminous coal miners in the Allegheny and Kiskiminitas valleys is expected late to-day when representatives of the United Mine Workers of America confer with members of the Pittsburgh Coal Operators' Association. Other scattering strikes but of smaller proportions in district No. 5 are expected to be ended as soon as John L. Lewis, chairman of the International Board Committee returns to Pittsburgh within a day or two. Before starting for Kentucky last night Mr. Lewis said he did not expect any more trouble in the Pittsburgh territory because of the acceptance by the miners of the New York scale.

Two Amendments Likely to Cause Trouble in Naval Bill

Washington, July 16. — The hardest fought provisions of the naval bill had been approved when the Senate took up the measure again to-day. Adoption of the increased building program, left two amendments thought likely to bring determined opposition. One would have the Federal Trade Commission investigate the armor plate situation, before the government builds a plant and the other would prohibit use of a United States warship in Latin-American waters from collecting money due a private individual. ROTARIANS FORGET BUSINESS "By Associated Press
Cincinnati, July 18. — Only a short business session was held this morning by the delegates attending the seventh annual convention of the International Rotary Clubs in session here. During this session only general discussion occurred. The rest of the day was taken up with an outing.

Greatest enemies of your TEETH

—are Pyorrhea and decay. Both usually develop only in the mouth where germ-laden tartar is present. "But I brush my teeth," you say. Yes, you brush them, but do you REALLY CLEAN them? Tonight, after brushing your teeth, go to the mirror and examine them. In all probability you will find an accumulation of tartar on the enamel and bits of food deposit hiding in the crevices. Senreco, the formula of a dental specialist, REALLY CLEANS. It embodies specially prepared, soluble granules unusually effective in cleaning away food deposits. Moreover, it is particularly destructive to the germ of Pyorrhea. Go to your dealer today and get a tube of Senreco—keep your teeth REALLY CLEAN and protect yourself against Pyorrhea and decay. Send 4c to Senreco, 304 Walnut Street, Cincinnati, Ohio, for trial package. "PREPAREDNESS" See your dentist twice yearly Use Senreco twice daily The tooth paste that REALLY CLEANS

USING UP VITALITY

The struggle for success uses up vitality in America at a greater rate than any other thing. Fighting to keep away from the poor-house we shorten the distance to the grave. Especially in middle age, at forty or thereabouts, do we become impressed with the necessity of laying up a competence and with that feeling in time comes worry, nervous breakdown, neurasthenia. The entire system feels the result of the nervous strain. The digestion resents things that it accepted before, the heart palpitates on slight exertion, the muscles of the back ache after a day's work. Your blood is thinner and not so bright a red. When these things occur, whether you are forty or forty, you need a tonic. Dr. Williams' Pink Pills suit most people's need because they are non-alcoholic and they really build up the blood and strengthen the nerves. They are useful for growing children and for men and women whose nervous energy has been overtaxed. Your druggist sells Dr. Williams' Pink Pills or they will be sent by mail, postpaid, on receipt of price, 50 cents per box, six boxes \$2.50 by the Dr. Williams Medicine Co., Schenectady, N. Y. Write today for free booklets on the blood and nerves.
