

HEAR ALL ABOUT RIVER CARNIVAL

Jovian League Invites President of Greater Navy to Lunch and Talk

The Jovian League of Harrisburg, the big organization of live-wire electrical engineers and others interested professionally in electrical development are anxious to learn all about the proposed Labor Day regatta to be held under the direction of the recently organized "Greater Harrisburg Navy," and to this end the league has invited E. J. Stackpole, president of the Navy, to attend to-morrow's weekly luncheon to speak on the subject. The luncheon will be held at the Columbus Hotel at the "Jovian" table, a table set aside especially for the electrical men. Traction, telephone, telegraph, electric light and other branches of the electrical world will be represented.

That the Jovians are keenly interested in the proposed Labor Day carnival is indicated by the suggestions that are being made from time to time to the carnival committee. P. H. Bailey, commercial manager of the Harrisburg Light and Power Company, yesterday offered this idea: "Why not have your committee on decorations. I suppose there will be such a committee. Interview the firms which have storage batteries on hand, with a view to obtaining a reasonable rental rate for the use of storage batteries for the canoes, motorboatsmen and others who may want to attempt private lighting effects? The cost of renting these batteries should be comparatively small and the lighting effect that would result would add immensely to the generally attractive effect of the river the night of the decorated boat parade." That the movement to give Harrisburg the biggest water demonstration of its history, is taking thorough hold on all public-spirited folks who are primarily interested in the development of the river basin, is indicated by the action of "Mayor" Harry J. Berrier, of Hardscrabble, one of the big boat pavilion proprietors, and a vice-president of the "Navy." Not only has he announced that he'll serve luncheon to the girls who embark from his boat landing in the parade but he has offered these prizes to participants who start from his pavilion to join the procession: Most gorgeously decorated canoe propelled by a girl, \$5; similar decorative boat propelled by a man, \$2.50; for next best three, pair of paddles, large back rest and two narrow back rests.

This Backyard Garden Feeds 12 Families

Atlanta, Ga., July 26. — There's no use for a man to pay a grocery bill every month if he'll just pay a little earnest attention to his backyard, according to Dr. Thomas D. Love, who has converted his yard into a garden, which produces enough to feed twelve families.

"With lots of houses there come backyards," explained the physician, "and I can't understand why every man doesn't make use of his yard. A little garden properly cared for will feed his family and will sometimes net him enough to make a payment on his house rent. With the exception of land and sugar, and a few other necessities I never buy anything at the grocery stores."

Trainer Fleed to Lion's Den to Escape Wife

Chicago, July 18. — B. E. Dennis and his wife, Adelaide, are circus folk. He is a lion tamer and she a bare-back rider. They separated. Their circus came to Evanston for a one-night stand. Mrs. Dennis appeared and demanded to know why she had not been receiving the \$5 a week which Dennis had promised to send her. Dennis retreated into his cage of snarling lions. His wife got tired of waiting and went to the Evanston police station. Detective Sergeant Arthur Johnston was assigned. Johnston warily entered the cage. The lions snarled, but Johnston showed them his badge and they slunk shamefully back. The detective then took the tamer of lions to a cage of his own, at the station.

"I could get along better with the lions than I could with my wife," was Dennis's sole comment.

Runaway Wife His Promised "Surprise"

Lewistown, Pa., July 26. — "Get your dinner at the restaurant to-day, honey, and when you return home to-night I will have a surprise for you," were the words of Mrs. Steve Danyon to her husband as he left for work. It certainly was some surprise when he returned, ten hours later to find a "To Let" card on the house, the furniture sold, \$250 in cash and other valuables gone, and his wife and daughter missing. Later the pair were traced to the Pennsylvania Railroad station, where they had purchased tickets for Chicago.

After arresting a fellow-countryman whom she was charged with alienating his wife's affections, Sheriff Vanzandt left for the Windy City, where he expects to apprehend and return with the pair.

Carve Toothpicks From Pole Struck by Lightning

Altoona, July 26. — During a heavy electrical storm, lightning struck a pole at Third avenue and Fourteenth street, reducing it to kindling wood. Residents for blocks around hurried to the scene and gathered up the splinters and took them home.

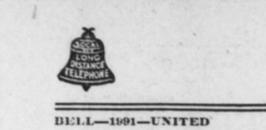

It is a superstition that a splinter, from a pole or tree struck by lightning used as a toothpick is a sure preventive of toothache. Several persons carried home big clubs in order to lay in a supply of toothpicks for future use.

Woman, Kidnaped 42 Years Ago, Is Found

Moline, Ill., July 20. — Kidnaped from Rock Island forty-two years ago, when six years old, Mrs. George W. Chatfield, of St. Joseph, Mo., has just been identified by correspondence as the daughter of Chris Nowack of Moline.

The child was taken from her home by a Mrs. Chariton and every effort to find her failed.

ONE DAY OF REST ENOUGH Alexandria, Va., July 26. — Because Morris Loeb had his place of business open on Sunday he was cited to appear in the Police Court for violating the old blue laws. After Loeb explained to the court that he closes on Friday evening and does not re-open until Sunday he was promptly acquitted by Justice Thompson, who held that inasmuch as he observed one day of rest he was entitled to open on Sunday.

Buy's Ill Man Shroud and Is Awarded \$885 Milwaukee, Wis., July 26.—Testimony to show that Agnes Gacka, defendant in a civil suit for the possession of \$885 left by the late Frank Gray, bought the clothes in which the deceased was buried and did him other favors, was introduced in the trial before Judge Biemski. She further contended that Stephen

of Thomas J. Osbourne, Democratic politician and one time manufacturer of this county, to Miss Elizabeth C. Clayton, a former teacher in the Media public school. Mr. Osbourne is past 70 years old. His wife died several years ago, and he has four children and a number of grandchildren. Mrs. Osbourne is 40 years old and a graduate of the West Chester State Normal school.

Lightning Splits Gas Main During a Storm Anderson, Ind., July 18. — Lightning split a natural gas main in the country near Pendleton during a storm. It was discovered during an investigation of why gas pressure was so low in Pendleton. Frank Rumlir, superintendent, found that a main had been split for several feet and the gas ignited. A flame ten feet high was

burning. The earth had been torn away from the pipe. Several persons living there said the flame appeared during the storm Friday, and it was supposed the gas company knew about it in a short time.
