

WOMAN AVOIDS OPERATION

Medicine Which Made Surgeon's Work Unnecessary.

Astoria, N. Y. — "For two years I was feeling ill and took all kinds of tonics. I was getting worse every day. I had chills, my head would ache, I was always tired. I could not walk straight because of the pain in my back and I had pains in my stomach. I went to a doctor and he said I must go under an operation, but I did not do so. I read in the paper about Lydia E. Pinkham's Vegetable Compound and told my husband about it. I said 'I know nothing will help me but I will try this.' I found myself improving from the very first bottle, and in two weeks time I was able to sit down and eat a hearty breakfast with my husband, which I had not done for two years. I am now in the best of health and did not have the operation." — Mrs. JOHN A. KOENIG, 502 Flushing Avenue, Astoria, N. Y.

Every one dreads the surgeon's knife and the operating table. Sometimes nothing else will do; but many times doctors say they are necessary when they are not. Letter after letter comes to the Pinkham Laboratory, telling how operations were advised and were not performed, or, if performed, did no good, but Lydia E. Pinkham's Vegetable Compound was used and good health followed.

If you want advice write to Lydia E. Pinkham Medicine Co. (confidential), Lynn, Mass.

Advise The Early Buying Of Anthracite

The following article by Richard T. Davis, General Coal Agent for the Lehigh Coal and Navigation Co., Philadelphia, Pa., is taken from a current month's magazine.

"We unhesitatingly advise the early purchase of Anthracite this year. There are many factors that will enter into the delayed purchase of coal that cause great dissatisfaction and possibly worse to the dealer; the car shortage, possibility of embargoes in certain sections of the country, and labor shortage for the handling of coal which is already apparent. If I were a dealer I would fill my bins to utmost capacity."

The present prices for Anthracite coal are 30c per ton lower than will be charged next winter.

Don't delay the buying of coal you may regret it.

PROGRESSIVES' ELECTORS WRITE

Declare That They Are For Hughes For the Presidency This Year

A letter, signed by twenty-seven of the Presidential electors who were elected by the Progressive Party in Pennsylvania four years ago, has been sent to Ex-Judge Charles E. Hughes, endorsing his candidacy for President of the United States.

Pennsylvania was the banner Progressive State in 1912, and cast all its thirty-eight electoral votes in favor of Theodore Roosevelt and Hiram W. Johnson. These electors have been chosen by popular vote of 444,894, as against 395,637 for Woodrow Wilson, and 273,360 for William H. Taft.

During the four years that have since elapsed, three of these Presidential electors—William C. Supple, of Philadelphia, Jacob B. Fricker, of Reading and Oscar Mitchell of Clearfield—have died. Twenty-seven of the remaining thirty-five electors, or three-fourths of the whole number, appear as signers of the letter endorsing Charles E. Hughes. The letter reads as follows:

Hon. Charles E. Hughes, Hotel Astor, New York City.

Dear Sir: Four years ago, the undersigned were elected in the State of Pennsylvania as Presidential electors, and cast our electoral votes for Theodore Roosevelt for President of the United States. At that time the people of this State cast approximately 444,000 votes for the Progressive candidates, 395,000 for the Democratic candidates and 273,000 for the Republican candidates.

We believe to-day the welfare of the Nation, in both its domestic and foreign relations, demands your election as President. We are convinced that the people of Pennsylvania are prepared to support your candidacy by an overwhelming popular majority.

While maintaining true our devotion to the Progressive principles so strongly endorsed in Pennsylvania four years ago, we are of the opinion that these principles may be safely entrusted in your hands.

It gives us pleasure, therefore, to assure you of our earnest support, and of our confidence in the success of your candidacy.

Harry A. Sherk, of Harrisburg, is one of the signers of this letter.

BILL RODGERS NOW FAMOUS

Bill Rodgers, formerly with the Indians, achieved undying fame on July 20 when he executed an unassisted triple play against Salt Lake while playing second base for the Portland club in the Pacific Coast League. Salt Lake had Orr on first and Ryan on second in the last half of the second, Guigni, the next man up, drove a vicious liner at Rodgers. He speared it, touched off Orr, who was racing for second, and then leaped to the second bag before Ryan could get back, thus completing one of the rarest plays in baseball.
