Popular Boys' Department

Capitol Hill Notes

Captain Clark Here.—Captain James M. Clark, of the Department of Health and former chief of statistics, was at the Capitol yesterday.

Well Known to Many.—Seth T. McCormick, who died yesterday at Williamsport, was a brother of H. C. McCormick, attorney general in the Hastings administration, and a frequent visitor to the Capitol. He was well known to many here.

Taking Vacation.—W. R. D. Hall, statistician of the State Highway Department, is taking his vacation at the seashore.

KENNEY TO LEAVE

Francis Kenney, who has been night manager at the Senate Hotel for nine years, has resigned and will go to New York where he has accepted a position with a large hotel. He started business with James Russ, and is well known throughout the State.

PARALYSIS CASE IMPROVES

Dr. J. M. J. Raunick, local health officer, reported Harrisburg's infantile paralysis case as improving. There has been no cause for any alarm in this case, according to Dr. Raunick. The latter with his forces will give the State Health Department every assistance possible to prevent the spread of the disease.

Doctor Says Nuxated Iron Will Increase Strength of Delicate People 200% in Ten Days

In many instances—Persons have suffered untold agony for years doctoring for nervous stomach, liver or kidney disease or some other ailment when their real trouble was lack of iron in the blood—How to tell. New York, N. Y.—In a recent discourse Dr. E. Sauer, a well-known specialist, who has studied widely both in this country and Europe, said: "If you were to make an actual blood test on all people who are ill you would probably be greatly astonished at the exceedingly large number who lack iron and who are ill for no other reason than the lack of iron. The moment iron is supplied all their multitude of dangerous symptoms disappear. Without iron the blood at once loses the power to change food into living tissue and therefore nothing you eat does you any good; you don't get the strength out of it. Your food merely passes through your system like corn through a mill with the rollers so wide apart that the mill can't grind. As a result of this continuous blood and nerve starvation, people become generally weakened, nervous and all run down and frequently develop all sorts of conditions. One is too thin; another is burdened with unhealthy fat; some are so weak they can hardly walk; some think they have dyspepsia, kidney or liver trouble; some can't sleep at night; others are sleepy and tired all day; some fussy and irritable; some skinny and bloodless, but all lack physical power and endurance. In such cases, it is worse than foolishness to take stimulating medicines or narcotic drugs, which only help up your flagging vital powers for the moment, maybe at the expense of your life later on. No matter what any one tells you, if you are not strong and well you owe it to yourself to make the following test. See how long you can work or how far you can walk without becoming tired. Next take two five-

grain tablets of ordinary nuxated iron three times per day after meals for two weeks. Then test your strength again and see for yourself how much you have gained. I have seen dozens of nervous run down people who were all the time double, and even triple their strength and endurance and enjoyed this, after they had in some cases been doctoring for months without obtaining any benefit. You can talk as you please about all the wonders wrought by new remedies, but when you come down to hard facts there is nothing like good old iron to put color in your cheeks and good sound, healthy flesh on your bones. It is also a great nerve and stomach strengthener and the best blood builder in the world. The only trouble was that the old forms of iron, iron acetate, etc., often ruined people's teeth, upset their stomachs and were not assimilated and for these reasons they frequently did more harm than good. But with the discovery of the newer forms of organic iron all this has been overcome. Nuxated iron, for example, is pleasant to take, does not injure the teeth and is almost immediately beneficial. NOTE.—The manufacturers of Nuxated Iron have such unbounded confidence in its potency that they will forfeit \$100.00 to any charitable institution if they cannot take any man or woman under sixty who lacks iron and increase their strength 200 per cent or over in four weeks' time, provided they have no serious organic trouble. Also they will refund your money in any case in which Nuxated Iron does not at least double your strength in ten days' time. It is dispensed in this city by Croll Keller, A. Gorgan, and all other druggists.—Adv.

MT. GRETNA CAMP TO BE BETTERED

Governor and Attorney General Will Insist Upon Improvements

Governor Brumbaugh will call the attention of the next Legislature to the necessity of making an appropriation to improve the State's permanent camp site at Mt. Gretna. While here a few days ago he gave considerable attention to the project and will endeavor to have the place put into some kind of shape which will avoid the conditions encountered when the men of Pennsylvania responded to the mobilization call in 1914. Governor Brumbaugh, Attorney General Brown and other State officials suffered on the rotten roads in the vicinity of the camp, which are all the worse because of the proximity to them of State highways, and they were thrown about in their automobiles on the trails through the camp site which are called roads by some deluded people. It is likely that adequate funds to improve the roads leading to the camp for a general clearing of rocks and trees from the brigade camp sites, for extension of the water service, for communication roads between the camp sites, for a sewerage system, which is certainly badly needed, and other things which Mt. Gretna lacks will be asked as specific items. "I feel that the Legislature should provide a position with a large hotel, which are badly needed," said the Governor. Attorney General Brown shares the same opinion.

Mr. Woods Here.—Secretary of the Commonwealth Woods, who has been spending a couple of weeks in the mountains, was here to-day to look after some matters.

Executive Session.—The Public Service Commission will have an executive session here to-morrow when some cases will be taken up. Four commissioners will be present.

County Officers Pay.—Payments of fees by county officers have been started at the State Treasury and the receipts have begun to pick up again. It is expected that the big corporation taxes will start next month.

Big Increase Filed.—The John Barun & Sons Company, now the Pennsylvania Lawn Mower Works, of Philadelphia, has filed notice of increase of stock from \$10,000 to \$500,000.

Reading Hearing To-morrow.—The hearing in the case of the alleged encroachment on the Schuylkill at Reading will be held by the Water Supply commission to-morrow.

Buller Advances Code.—Commissioner of Fisheries Buller has advanced the draft of the proposed fish code considerably. He expects to discuss it with the Commission of Fisheries shortly.

No Rifle Matches.—General orders issued to-day from the adjutant general's office announce that there will be no state rifle matches this year.

In view of the absence of organizations in the active service of the United States under the call of the President dated June 18, 1916, the annual state rifle matches for the year 1916 will be abandoned, says the order.

Organizations that won trophies at the annual state matches of 1915 will retain possession of same until the annual possession of same until the annual state matches are resumed. Orders were also issued to-day giving details of the organization of the veterinary and dental corps of the State.

Major Rausch Here.—Major L. V. Rausch, of the quartermaster corps at Mount Gretna, was here to-day to see Adjutant General Buller.

Complain of Rates.—Complaint was filed with the Public Service Commission to-day on the rates for hauling coal from Berne to Columbia. It involves several cases.

Port Sends More Men.—Fire Marshal Port to-day detailed additional men to go to Bristol to assist in the sanitary cleanup of the town. Some fire hazards are being inspected and orders will be issued for improvements.

Justices Named.—The following justices of the peace were appointed to-day: G. W. Bunnell, Auburn township, Susquehanna county; Fred W. McBride, North township, Butler county; Henry W. Trefington, Mahoning township, Armstrong county; C. D. Allison, Eau Claire, Butler county; W. H. Wylie, Jackson Center, Mercer county.

Candidates Withdraw.—Amos H. Schultz to-day filed a withdrawal as Washington party candidate for the Legislature in the Third Montgomery district. He is the Republican candidate. Charles R. Davis withdrew as Socialist candidate for the House in Lawrence county.

Major's Mother Dead.—Major Frank D. Beary, deputy adjutant general, who went to Washington to-day on business connected with the National Guard, received word just before leaving that his mother had died at Allentown. Major Beary was on urgent business and had to proceed to the national capital.

Hearing is Fixed.—The Public Service Commission to-day fixed September 21 as the date for the hearing in the complaint of the Automobile Clubs of Harrisburg and Palmyra against the Berks and Dauphin Turnpike company over the condition of the highway.

Northumberland Men Here.—Ex-Representatives G. W. Shultz and J. T. McMullen, of Northumberland county, were among Capitol visitors to-day.

York Increase.—The Pennsylvania Furniture Company, of York, filed notice of increase of stock from \$32,000 to \$40,000.

Made Domestic.—The Petroleum Telephone Company, of Oil City, which had a West Virginia charter, has been made a Pennsylvania corporation. It operates in Northwestern Pennsylvania.

Where It Helps.—The State Highway Department to-day received a practical offer of co-operative assistance in road building from a corporation engaged in business in this State. The Maintenance Division of the State Highway Department had ordered 750 tons of cinders at the market price of seven cents a ton from the New Jersey Zinc Company of Pennsylvania, located at Palmerton, Carbon county.

To-day a letter was received from the company sending back the requisitions and stating that they desired to have them re-issued inasmuch as the company would be glad to furnish the cinders free. The supply Agent for the company added that his company was greatly interested in improving roads and would be glad to be able to help the State Highway Department with this material.

Attended Committee.—Referee Saylor, of the Compensation Board, and Bart Weaver, of the Auditor General's department, took part in the annual meeting of the Lancaster county Republican Committee yesterday. Mr. Saylor was temporary chairman.

"The Live Store"

"Always Reliable"

Doutrichs MARK-DOWN SALE

Every Day Is a Busy Day Here

Better come to this "Live Store" and get your full share of the exceptional savings offered by this mid-summer clearance sale. There is no other sale just like "DOUTRICHS". This is the store where everything in the entire stock is marked down (except Arrow collars and Overalls.)

Although we fully agree with you that on all kinds of merchandise the wholesale price is higher to-day than ever before, yet we have maintained our usual low prices throughout the season. And now we're willing to share the fair profit we've made (with you) at this semi-annual event—our loyal customers wait for these sales and you will also if you buy here once.
